50 CFR Part 622

[Docket No. 120403249-2492-02]

RIN 0648-XC626

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic;
2013 Commercial Accountability Measure and Closure for South
Atlantic Golden Tilefish

AGENCY: National Marine Fisheries Service (NMFS), National
Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS implements accountability measures for the
commercial sector for golden tilefish in the exclusive economic
zone (EEZ) of the South Atlantic. Commercial landings for
golden tilefish, as estimated by the Science and Research
Director (SRD), are projected to reach the commercial annual
catch limit (ACL) for golden tilefish on May 5, 2013.

Therefore, NMFS closes the commercial sector for golden tilefish
in the South Atlantic EEZ on May 5, 2013, and it will remain
closed until the start of the next fishing season, January 1,
2014. This closure is necessary to protect the golden tilefish
resource.

DATES: This rule is effective 12:01 a.m., local time, May 5, 2013, until 12:01 a.m., local time, January 1, 2014.

FOR FURTHER INFORMATION CONTACT: Catherine Hayslip, telephone: 727-824-5305, e-mail: Catherine.Hayslip@noaa.gov.

SUPPLEMENTARY INFORMATION: The snapper-grouper fishery of the South Atlantic includes golden tilefish and is managed under the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP). The FMP was prepared by the South Atlantic Fishery Management Council and is implemented under the authority of the Magnuson-Stevens Fishery Conservation and Management Act by regulations at 50 CFR part 622.

The commercial ACL (commercial quota) for golden tilefish in the South Atlantic is 541,295 lb (245,527 kg), gutted weight, for the current fishing year, January 1 through December 31, 2013, as specified in 50 CFR 622.190(a)(2).

Under 50 CFR 622.193(a)(1), NMFS is required to close the commercial sector for golden tilefish when the commercial ACL has been reached, or is projected to be reached, by filing a notification to that effect with the Office of the Federal Register. NMFS has determined that the commercial ACL for South Atlantic golden tilefish will have been reached by May 5, 2013. Accordingly, the commercial sector for South Atlantic golden tilefish is closed effective 12:01 a.m., local time, May 5,

2013, until 12:01 a.m., local time, January 1, 2014.

The operator of a vessel with a valid commercial vessel permit for South Atlantic snapper-grouper having golden tilefish onboard must have landed and bartered, traded, or sold such golden tilefish prior to 12:01 a.m., local time, May 5, 2013. During the closure, the bag limit specified in 50 CFR 622.187(b)(2), applies to all harvest or possession of golden tilefish in or from the South Atlantic EEZ, including the bag limit that may be retained by the captain or crew of a vessel operating as a charter vessel or headboat. The bag limit for such captain and crew is zero. During the closure, the possession limits specified in 50 CFR 622.187(c), apply to all harvest or possession of golden tilefish in or from the South Atlantic EEZ. During the closure, the sale or purchase of golden tilefish taken from the EEZ is prohibited. The prohibition on sale or purchase does not apply to the sale or purchase of golden tilefish that were harvested, landed ashore, and sold prior to 12:01 a.m., local time, May 5, 2013, and were held in cold storage by a dealer or processor. For a person on board a vessel for which a Federal commercial or charter vessel/headboat permit for the South Atlantic snapper-grouper fishery has been issued, the sale and purchase provisions of the commercial closure for golden tilefish would apply regardless of

whether the fish are harvested in state or Federal waters, as specified in 50 CFR 622.190(c)(1)(ii).

Classification

The Regional Administrator, Southeast Region, NMFS, has determined this temporary rule is necessary for the conservation and management of the South Atlantic snapper-grouper fishery and is consistent with the Magnuson-Stevens Act, the FMP, and other applicable laws.

This action is taken under 50 CFR 622.193(a)(1) and is exempt from review under Executive Order 12866.

These measures are exempt from the procedures of the Regulatory Flexibility Act because the temporary rule is issued without opportunity for prior notice and comment.

This action responds to the best available scientific information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA), finds that the need to immediately implement this action to close the commercial sector for golden tilefish constitutes good cause to waive the requirements to provide prior notice and opportunity for public comment pursuant to the authority set forth in 5 U.S.C. 553(b)(B), as such procedures would be unnecessary and contrary to the public interest. Such procedures would be unnecessary because the rule itself has been subject to notice and comment,

and all that remains is to notify the public of the closure.

Allowing prior notice and opportunity for public comment is contrary to the public interest because of the need to immediately implement this action to protect golden tilefish since the capacity of the fishing fleet allows for rapid harvest of the ACL (quota). Prior notice and opportunity for public comment would require time and would potentially result in a harvest well in excess of the established commercial ACL (commercial quota).

For the aforementioned reasons, the AA also finds good cause to waive the 30-day delay in the effectiveness of this action under 5 U.S.C. 553(d)(3).

Authority: 16 U.S.C. 1801 et seq.

Dated: April 29, 2013.

James P. Burgess,
Acting Deputy Director, Office of Sustainable Fisheries,
National Marine Fisheries Service.
