INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-805]

Certain Devices for Improving Uniformity Used in a Backlight Module and Components Thereof and Products Containing Same

Commission Decision to Review in Part a Final Initial Determination on Remand Finding No Violation of Section 337 and on Review to Affirm with Modification; Termination of Investigation with a Finding of No Violation

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review-in-part the presiding administrative law judge's (“ALJ”) final initial determination on remand (“Remand ID”) issued on February 28, 2013, finding no violation of section 337 of the Tariff Act of 1930, (as amended), 19 U.S.C. § 1337 (“section 337”), in the above-captioned investigation, and on review, to affirm the Remand ID’s finding of no violation of section 337 with modification. The investigation is terminated.

FOR FURTHER INFORMATION CONTACT: Megan M. Valentine, Office of the General Counsel, U.S. International Trade Commission, 500 E Street, S.W., Washington, D.C. 20436, telephone (202) 708-2301. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, S.W., Washington, D.C. 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at http://www.usitc.gov. The public record for this investigation may be viewed on the Commission’s electronic docket (EDIS) at http://edis.usitc.gov. Hearing-impaired persons are advised that information on this matter can
be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on September 14, 2011, based on a complaint filed by Industrial Technology Research Institute of Hsinchu, Taiwan and ITRI International Inc. of San Jose, California (collectively “ITRI”). 76 Fed. Reg. 56796-97 (Sept. 14, 2011). The complaint alleges violations of section 337 in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain devices for improving uniformity used in a backlight module and components thereof and products containing same by reason of infringement of certain claims of U.S. Patent No. 6,883,932 (“the ’932 patent”). The complaint further alleges the existence of a domestic industry. The Commission’s notice of investigation named as respondents LG Corporation of Seoul, Republic of Korea; LG Electronics, Inc. of Seoul, Republic of Korea; and LG Electronics, U.S.A., Inc. of Englewood Cliffs, New Jersey. The Office of Unfair Import Investigations was named as a participating party. The complaint was later amended to add respondents LG Display Co., Ltd. of Seoul, Republic of Korea and LG Display America, Inc. of San Jose, California to the investigation. Notice (Feb. 2, 2012); Order No. 11 (Jan. 19, 2012). The Commission later terminated LG Corporation from the investigation. Notice (July 13, 2012); Order No. 18 (June 22, 2012).

On October 22, 2012, the ALJ issued his final initial determination (“Final ID”), finding no violation of section 337 as to the ’932 patent. The ID included the ALJ’s recommended determination (“RD”) on remedy and bonding. In particular, the ALJ found that claims 6, 9 and 10 of the ’932 patent are not infringed literally or under the Doctrine of Equivalents by the accused products under his construction of the claim limitation “structured arc sheet” found in
claim 6. The ALJ also found that ITRI’s domestic industry product does not satisfy the technical prong of the domestic industry requirement. The ALJ did find, however, that ITRI has satisfied the economic prong of the domestic industry requirement under 19 U.S.C. § 1337(a)(3)(A) and (B). Because he found no infringement and no domestic industry, the ALJ did not reach the issues of patent validity or enforceability. In the event the Commission found a violation of section 337, the ALJ recommended that the appropriate remedy is a limited exclusion order barring entry of LG’s infringing products. The ALJ also recommended issuance of cease and desist orders against LG Electronics USA and LG Display America. The ALJ further recommended that LG be required to post a bond of one percent of the entered value of each infringing product during the period of Presidential review.

On December 21, 2012, the Commission determined to review the Final ID in its entirety and to remand-in-part to the ALJ to consider the issues of invalidity and patent unenforceability. 77 Fed. Reg. 77092-7093 (Dec. 31, 2012). On January 29, 2013, the Commission determined not to review an ID (Order No. 22) extending the target date for completion of the investigation by four months to June 28, 2013. See Notice (Jan. 29, 2013); Order No. 22 (Jan. 9, 2013).
On February 28, 2013, the ALJ issued his Remand ID, finding no violation of section 337. In particular, the ALJ found that the asserted claims of the ‘932 patent are invalid as anticipated under 35 U.S.C. § 102. He further found that the asserted claims of the ‘932 patent are not invalid as obvious under 35 U.S.C. § 103. The ALJ also found that the asserted claims of the ‘932 patent are not invalid for failure to satisfy the written description requirement under 35 U.S.C. § 112, or for failure to satisfy the definiteness requirement under 35 U.S.C. § 112. He further found that the asserted claims are not unenforceable due to inequitable conduct before the U.S. Patent and Trademark Office.

Having examined the record of this investigation, including the ALJ’s Final ID, the petitions for review, and the responses thereto, the Commission has determined to review the
Remand ID in part. In particular, the Commission has determined to review the Remand ID’s finding that Yao ‘892 anticipates claims 6, 9, and 10 of the ‘932 patent, and on review, finds that Yao ‘892 anticipates the asserted claims based on modified reasoning. The Commission has also determined to review the Remand ID’s finding that LG has not shown by clear and convincing evidence that Katoh ‘331 does not anticipate claims 6 and 10 of the ‘932 patent, and on review, finds that Katoh ’331 does not anticipate the asserted claims based on modified reasoning. The Commission has determined not to review the remaining issues decided in the Remand ID.

With respect to other issues the Commission determined to review in the Final ID, the Commission affirms the Final ID’s construction of the limitation “structured arc sheet” of claim 6 of the ‘932 patent. The Commission also finds that the accused products do not infringe the asserted claims of the ‘932 patent based on slightly modified reasoning. The Commission further finds that ITRI has failed to satisfy the technical prong of the domestic industry requirement based on slightly modified reasoning. The Commission affirms the Final ID’s finding that ITRI has satisfied the economic prong of the domestic industry requirement.

The investigation is terminated. A Commission opinion will issue shortly.

By order of the Commission.

Lisa R. Barton
Acting Secretary to the Commission

Issued: April 29, 2013
