Correction

In the Federal Register (62 FR 49993, September 24, 1997), paragraph three is corrected by substituting the following paragraph:

In 1971, human remains representing a minimum of two individuals were removed from site 34JN30, Lake Texoma, in Johnston County, OK. The human remains were excavated by the Oklahoma Archaeological Society and were originally curated at the Oklahoma Museum of Natural History (OMNH). After transfer to the U. S. Army Corps of Engineers, Tulsa District, in 1995, the human remains were inventoried for NAGPRA. At that time, no associated objects were

located. In 2003, the collection was re-inventoried at LopezGarcia Group, Dallas, TX, and then transferred to OMNH, under the control of the U.S. Army Corps of Engineers, Tulsa District. In addition to human remains, associated funerary objects were located during the 2003 inventory. No known individuals were identified. The 228 associated funerary objects are 7 metal tools, 5 metal buttons, 15 metal fragments, 14 red glass beads, 16 glass bottle fragments, 29 historic ceramic sherds, 1 prehistoric ceramic sherd, 128 unmodified faunal bone fragments, 1 modified deer rib, 3 bone buttons, 4 chipped stone flakes, 2 wooden buttons, 1 historic clay pipe bowl fragment, 1 bark sample, and 1 unmodified mussel shell fragment.

In the Federal Register (62 FR 49992, September 24, 1997) paragraph seven, sentence two is corrected by substituting the following paragraph:

Officials of the U.S. Army Corps of Engineers, Tulsa District, have also determined that, pursuant to 25 U.S.C. 3001 (3)(A), the 239 objects listed above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.

Additional Requestors and Disposition

Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to Ms. Michelle Horn, U.S. Army Corps of Engineers, 1645 S. 101st E. Ave, Tulsa, OK 74128, telephone (918) 669-7642, by [INSERT DATE 30 DAYS AFTER PUBLICATION IN **THE FEDERAL REGISTER**]. After that date, if no additional requestors have come forward, transfer of control of the human remains and associated funerary objects to the Chickasaw Nation may proceed.

The U.S. Army Corps of Engineers, Tulsa District is responsible for notifying the Chickasaw Nation that this notice has been published.
