ENVIRONMENTAL PROTECTION AGENCY

[FRL- 9812-7]

Notification of a Public Teleconference of the Chartered Science Advisory Board

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA Science Advisory Board (SAB) Staff Office announces a public teleconference of the Chartered Science Advisory Board Panel to discuss three planned actions identified in the agency's regulatory agenda and their supporting science.

DATES: The public teleconference will be held on Wednesday, June 5, 2013 from 1:00 pm to 3:00 pm (Eastern Time).

LOCATION: The public teleconference will be conducted by telephone only.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing to obtain information concerning the public meeting may contact Dr. Angela Nugent, Designated Federal Officer (DFO), EPA Science Advisory Board Staff Office (1400R), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW, Washington,

DC 20460; by telephone/voice mail at (202) 564-2218 or at nugent.angela@epa.gov.

General information about the SAB as well as any updates concerning the meeting announced in this notice may be found on the EPA website at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION:

The SAB was established pursuant to the Environmental Research, Development, and Demonstration Authorization Act (ERDDAA), codified at 42 U.S.C. 4365, to provide independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies. Pursuant to FACA and EPA policy, notice is hereby given that the SAB will hold a public meeting to discuss and deliberate on the topics below.

As noted in the Federal Register Notice announcing a meeting of the chartered SAB on March 7-8, 2013 (78 FR 9689-9690), the EPA has recently underscored the need to routinely inform the SAB about proposed and planned agency actions that have a scientific or technical basis. Accordingly, the agency provided notice to the SAB that the Office of Management and Budget published the “Unified (Regulatory) Agenda” on the Web on December 21, 2012 (<http://www.reginfo.gov/public>). On March 7-8, 2013, the chartered SAB discussed whether it should provide advice and comment on the adequacy of the scientific and technical basis for EPA actions included in the Unified (Regulatory) Agenda. The chartered SAB identified three planned actions for additional fact-finding

[Effluent Guidelines and Standards for Unconventional Oil and Gas Extraction Including Coalbed Methane and Shale Gas Extraction (2040 AF35); Revised Regulations for Environmental Radiation Protection Standards for Nuclear Power Plant Operations (2060 AR12), and Petroleum Refinery Sector Risk and Technology Review (RTR) and New Source Performance Standards (2060 AQ75), which EPA plans to jointly propose with Petroleum Refinery Sector for Flares (2060-AR69)]. The chartered SAB will discuss information gathered relating to these planned actions and determine whether it should provide advice and comment on the adequacy of the scientific and technical basis for those actions.

Availability of Meeting Materials: Agendas and materials in support of this meeting will be placed on the EPA website at <http://www.epa.gov/sab> in advance of the meeting.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a federal advisory committee to consider as it develops advice for EPA. Input from the public to the SAB will have the most impact if it provides specific scientific or technical

information or analysis for SAB panels to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should contact the Designated Federal Officer directly. Oral Statements: In general, individuals or groups requesting an oral presentation at a teleconference will be limited to three minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Interested parties should contact Dr. Angela Nugent, DFO, in writing (preferably via e-mail) at the contact information noted above by May 29, 2013 for the teleconference, to be placed on the list of public speakers.

Written Statements: Written statements should be supplied to the DFO via email at the contact information noted above by May 29, 2013 for the teleconference so that the information may be made available to the Panel members for their consideration. Written statements should be supplied in one of the following electronic formats: Adobe Acrobat PDF, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format. It is the SAB Staff Office general policy to post written comments on the web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its websites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB website. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Angela Nugent at (202) 564-2218 or nugent.angela@epa.gov. To request accommodation of a disability, please contact Dr. Nugent preferably at least ten days prior to the teleconference to give EPA as much time as possible to process your request.

Dated: May 6, 2013.

Thomas H. Brennan,

Deputy Director,

EPA Science Advisory Staff Office.
