BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Project No. 2310-000

Pacific Gas and Electric Company

Notice of Authorization for Continued Project Operation

On April 12, 2011, the Pacific Gas and Electric Company, licensee for the Drum-Spaulding Hydroelectric Project, filed an Application for a New License pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. The Drum-Spaulding Hydroelectric Project is located on South Yuba River, Bear River, North Fork of the North Fork American River, and tributaries of the Sacramento River watershed in Nevada and Placer counties, California.

The license for Project No. 2310 was issued for a period ending April 30, 2013. Section 15(a)(1) of the FPA, 16 USC 808(a)(1), requires the Commission, at the

expiration of a license term, to issue from year-to-year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 USC 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2310 is issued to the licensee for a period effective May 1, 2013 through April 30, 2014 or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before April 30, 2014, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that the licensee, Pacific Gas and Electric Company, is authorized to continue operation of the Drum-Spaulding Hydroelectric Project, until such time as the Commission acts on its application for a subsequent license.

Dated: May 13, 2013.
