Magnuson-Stevens Act Provisions; Implementation of the Shark Conservation Act of 2010;
Extension of Comment Period

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; extension of comment period.

SUMMARY: NMFS published a proposed rule on May 2, 2013, to implement provisions of the Shark Conservation Act of 2010 (SCA) that prohibit any person from removing any of the fins of a shark at sea, possessing shark fins on board a fishing vessel unless they are naturally attached to the corresponding carcass, transferring or receiving fins from one vessel to another at sea unless the fins are naturally attached to the corresponding carcass, landing shark fins unless they are naturally attached to the corresponding carcass, or landing shark carcasses without their fins naturally attached. NMFS proposes this action to amend existing regulations and make them consistent with the SCA. The public comment period for the proposed rule was previously extended, and ends on July 8, 2013. NMFS has decided to further extend the public comment period for 23 days, until July 31, 2013 to provide additional time for stakeholders and other members of the public to submit comments.

DATES: The public comment period for the proposed rule published at 78 FR 25685, May 2, 2013, is extended from July 8, 2013, until July 31, 2013. Comments must be received no later than July 31, 2013.

SUPPLEMENTARY INFORMATION: On May 2, 2013, NMFS published a proposed rule in the Federal Register (78 FR 25685) to implement provisions of the SCA that prohibit any person from removing any of the fins of a shark at sea, possessing shark fins on board a fishing vessel unless they are naturally attached to the corresponding carcass, transferring or receiving fins from one vessel to another at sea unless the fins are naturally attached to the corresponding carcass, landing shark fins unless they are naturally attached to the corresponding carcass, or landing shark carcasses without their fins naturally attached. Public Comment Extension

The public comment period for the proposed rule ends on July 8, 2013. NMFS is extending the public comment period for an additional 23 days until July 31, 2013.
