SUPPLEMENTARY INFORMATION:

I. Background

FDA is announcing the availability of a draft guidance for industry entitled "Circumstances that Constitute Delaying, Denying, Limiting, or Refusing a Drug Inspection." On July 9, 2012, FDASIA (Public Law 112-144) was signed into law. Section 707 of FDASIA adds 501(j) to the FD&C Act (21 U.S.C. 351(j) to make a drug adulterated that "has been manufactured, processed, packed, or held in any factory, warehouse, or establishment and the owner, operator, or agent of such factory, warehouse, or establishment delays, denies, or limits an inspection, or refuses to permit entry or inspection." As required by section 707, FDA is issuing this guidance to define the types of action, inaction, and circumstances that FDA considers to constitute delaying, denying, or limiting inspection, or refusing to permit entry or inspection for the purposes of section 501(j) of the FD&C Act.

This draft guidance is being issued consistent with FDA's good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the Agency's current thinking on "Circumstances that Constitute Delaying, Denying, Limiting, or Refusing a

Drug Inspection." It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statutes and regulations.
