Submission for OMB review; 30-day Comment Request: National Cancer Institute (NCI)

Cancer Nanotechnology Platform Partnership Scientific Progress Reports

SUMMARY: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH), has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information collection was previously published in the Federal Register on May 13, Vol. 78, p. 27974 and allowed 60-days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The National Cancer Institute (NCI), National Institutes of Health, may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

DIRECT COMMENTS TO OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, OIRA_submission@omb.eop.gov or by fax to 202-395-

6974, Attention: NIH Desk Officer.

COMMENT DUE DATE: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

FOR FURTHER INFORMATION: To obtain a copy of the data collection plans and instruments or request more information on the proposed project contact: Dorothy Farrell, Center for Strategic Scientific Initiatives, Office of Cancer Nanotechnology Research, National Cancer Institute, 31 Center Drive, Bldg. 31 A, Rm. 10A52, Bethesda, MD 20892 or call non-toll-free number 301-496-5652 or E-mail your request, including your address to: farrelld@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

PROPOSED COLLECTION: National Cancer Institute (NCI) Alliance for Nanotechnology in Cancer Platform Partnership Scientific Progress Reports, 0925-NEW, National Cancer Institute (NCI), National Institutes of Health (NIH).

Need and Use of Information Collection: National Institutes of Health grantees are required to submit interim and final progress reports and other post-award documents associated with the monitoring, oversight, and closeout of an award. This submission represents a request for OMB to approve new program specific progress report guidelines for Cancer Nanotechnology Platform Partnerships (CNPP) awarded by the National Cancer Institute (NCI). The CNPPs are part of the Alliance for Nanotechnology in

Cancer, a network of awards funded by NCI to promote the application of nanotechnology to cancer research and care. The proposed guidelines request information about award performance related to trans-Alliance collaboration, scientific milestones, progress towards clinical translation and technology commercialization, and education and outreach efforts. The report also gathers information on leveraged funding, patents and publications. The information is gathered every six months. This information is needed to monitor the performance of this special program within NCI, funded through Requests for Applications (RFA CA-09-013, released May 29, 2009) using the cooperative agreement mechanism (U01). The information will be used to monitor individual award performance and the effectiveness of the program as a whole. The respondents are the Principal Investigators of the awards, along with their institutional business officials. The awards are administered by and the reports reviewed by the Office of Cancer Nanotechnology Research (OCNR), part of the Center for Strategic Scientific Initiatives within NCI.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The estimated annualized burden hours are 72.

Estimated Annualized Burden Hours

Type of Respondent	Number of Respondents	Number of Responses Per Respondent	Average Burden per Response (in hours)	Total Annual Burden Hour
Principal Investigators	12	2	3	72

Dated: July 15, 2013
