[CMS-1590-CN]

RIN 0938-AR11

Medicare Program; Revisions to Payment Policies Under the Physician Fee Schedule, DME Face-to-Face Encounters, Elimination of the Requirement for Termination of Non-Random Prepayment Complex Medical Review and Other Revisions to Part B for CY 2013.

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Correction of final rule with comment period.

SUMMARY: This document corrects technical errors that appeared in the final rule with comment period published in the **Federal Register** on November 16, 2012, entitled “Medicare Program; Revisions to Payment Policies Under the Physician Fee Schedule, DME Face-to-Face Encounters, Elimination of the Requirement for Termination of Non-Random Prepayment Complex Medical Review and Other Revisions to Part B for CY 2013.”

DATES: The correcting document is effective [insert date of publication in the Federal Register] and is applicable beginning January 1, 2013.

FOR FURTHER INFORMATION CONTACT:

Elliott Isaac, (410) 786-4735.

SUPPLEMENTARY INFORMATION:

I. Background

In FR Doc. 2012-26900 of November 16, 2012 (77 FR 68892 through 69373), there were a number of technical errors that are identified and corrected in the Correction of Errors section below. These corrections are effective January 1, 2013. We note that the Addenda A through H

for the CY 2013 PFS final rule with comment period as corrected in this correction notice are available on the CMS website at www.cms.gov/PhysicianFeeSched/.

II. Summary of Errors

A. Summary of Errors in the Preamble

On pages 68904 through 68906, in Table 3: Calculation of PE RVUs under Methodology for Selected Codes, the PE RVUs listed in the table are incorrect.

On page 68907, in our discussion of the changes to direct PE inputs for specific services, we made a typographical error in identifying the calendar years.

On page 68957, in our discussion of Medicare telehealth services, we inadvertently omitted a discussion of psychotherapy services.

On page 68958, in our discussion of therapy services, we inadvertently omitted language regarding the claims-based data collection strategy for therapy services.

On page 68965, we inadvertently omitted language in our discussion on non-payable G-codes on beneficiary functional status.

On page 68966, we inadvertently included language.

On pages 68967 and 68968, we inadvertently made errors in the descriptors for G-codes in Table 21: G-Codes for Claims-Based Functional Reporting for CY 2013.

On page 69033, we inadvertently omitted a code-specific direct PE input.

On pages 69042 and 69043, in our discussion of the global period for CPT code 22586, we made a typographical error in the code descriptor.

On page 69051,

a. We inadvertently used the wrong descriptor for CPT 36221.

b. We inadvertently omitted two paragraphs regarding our treatment of CPT codes 37197 and 37214.

On pages 69071 through 69073, we made clerical errors in table references.

On page 69074, in our discussion of pricing supply and equipment items, we inadvertently omitted a paragraph detailing the items for which we did not receive adequate information and therefore could not price them for the interim final values in the CY 2013 rule.

On pages 69077 through 69128, we made numerous typographical errors and technical errors in Table 74: CPT Codes with Refined direct PE Recommendations for CY 2013 Interim Codes and therefore are correcting the table.

On page 69138, we made typographical errors in the CY 2013 PFS conversion factor (CF).

On page 69138, we made typographical errors in the CY 2013 PFS CF in Table 87: Calculation of the CY 2013 PFS CF.

On page 69139, in Table 88: Calculation of the CY 2013 Anesthesia CF, we inadvertently listed the incorrect anesthesia CF.

On page 69145, we inadvertently referred to “physician’s order” instead of “valid prescription.”

On page 69212, due to a typographical error, the title of PQRS Measure 190 referred to in the comment bullet was not correct.

On pages 69215 through 69267, the notes after Table 95: Individual Quality Measures for the Physician Quality Reporting System Proposed to be Available for Reporting via Claims, Registry, EHR, or GRPO Web Interface Beginning in 2013 or 2014* were inadvertently omitted.

On page 69237, in Table 95: Individual Quality Measures for the Physician Quality Reporting System Proposed to be Available for Reporting via Claims, Registry, EHR, or GRPO

Web Interface Beginning in 2013 or 2014*, due to a typographical error, Measures #189 and 190 were incorrectly listed as available for reporting under PQRS.

On page 69269, in Table 96: PQRS Quality Measures Available for Reporting for Group Practices Using the GPRO Web Interface for 2013 and Beyond, due to a typographical error, the description of the measure “Medication Reconciliation” is incorrect.

On page 69277, in Table 108: HIV/AIDS Measures Group, due to a clerical error, there are measures listed that have lost their NQF endorsement and are therefore no longer being maintained by the respective measure owner.

On page 69300, due to a clerical error, we stated the deadlines for requesting an informal review for the 2012 and 2013 eRx incentives incorrectly. The regulation at §414.92(g) correctly states that eligible professionals and group practices must submit an informal review request for the 2012 and 2013 incentives within 90 days of the release of the feedback reports. The preamble does not reflect this same regulation text. Therefore, we are revising the preamble to reflect the regulation text at §414.92(g).

On pages 69344 through 69345, in Table 134: CY 2013 PFS Final Rule with Comment Period Estimated Impact on Total Allowed Charges by Specialty, due to technical errors in the calculations of the impacts, there were errors in the total estimated impacts and the estimated impacts for the following specialties: 01-ALLERGY/IMMUNOLOGY, 02-ANESTHESIOLOGY, 10-FAMILY PRACTICE, 13-GENERAL SURGERY, 18-INTERNAL MEDICINE, 19-INTERVENTIONAL PAIN MANAGEMENT, 21-MULTISPECIALTY CLINIC/OTHER PHY, 34-PLASTIC SURGERY, 41-UROLOGY, 49-NURSE ANES/ANES ASST.

On page 69345, at the end of Table 134: CY 2013 PFS Final Rule with Comment Period Estimated Impact on Total Allowed Charges by Specialty, we made clerical errors in the first footnote.

On pages 69347 through 69348, in Table 135: CY 2013 PFS Final Rule with Comment Period Estimated Impact on Total Allowed Charges by Specialty by Selected Policy, due to technical errors in calculations of the impacts, there were errors in the estimates of the total impact and on the impact for the following specialties: 01-ALLERGY/IMMUNOLOGY, 02-ANESTHESIOLOGY, 13-GENERAL SURGERY, 18-INTERNAL MEDICINE, 19-INTERVENTIONAL PAIN MANAGEMENT, 21-MULTISPECIALTY CLINIC/OTHER PHY, 41-UROLOGY, 49-NURSE ANES/ANES ASST.

On page 69348, at the end of Table 135: CY 2013 PFS Final Rule with Comment Period Estimated Impact on Total Allowed Charges by Specialty by Selected Policy, we made a clerical error in the first footnote.

On page 69350 through 69351, in Table 136: Impact of Final Rule with Comment Period on CY 2013 Payment for Selected Procedures, we made technical errors in the calculation of the impacts.

On page 69351, in footnotes 3 and 4 at the end of Table 136: Impact of Final Rule with Comment Period on CY 2013 Payment for Selected Procedures, we inadvertently listed the incorrect 2012 conversion factor

B. Summary and Correction of Errors in the Addenda on the CMS Website

Technical errors in the creation of the direct practice expense database resulted in incorrect direct PE inputs for CPT codes: 11307, 11313, 13100, 13101, 13102, 13120, 13121, 13122, 13131, 13132, 13133, 13150, 13151, 13152, 31231, 32554, 32555, 32556, 32557, 35475, 35476, 36221, 36222, 36223, 36224, 36225, 36226, 37197, 52224, 64612, 65800, 72040, 72050,

72052, 72069, 72193, 72194, 74160, 74170, 74177, 74178, 76872, 77301, 92081, 92082, 92083, 92235, 92286, 93925, 93970, 95010, 95015, 95017, 95018, 95782, 95783, and 97150. As a result of these errors, the budget neutrality adjustment used in calculating PE RVUs was incorrect, resulting in incorrect values for other PE RVUs in Addenda B and C. These errors are corrected in the revised Direct PE Input Database available on the CMS website at www.cms.gov/PhysicianFeeSched/. Resulting changes to PE RVUs are reflected in the corrected Addenda B and C posted on the CMS website at www.cms.gov/PhysicianFeeSched/.

Due to a technical error, although the physician time records for CPT codes 22841, 51798, 95990, 96913, and 97602 were properly removed from the physician time file per final policy discussed in the CY 2013 final rule with comment period (77 FR 68926), these time records were inadvertently used in the creation of the PE RVUs. This technical error is corrected in the revised CY 2013 Addendum B posted to the CMS website at www.cms.gov/PhysicianFeeSched/.

Due a technical error in applying a change made in the final rule in calculating the impact of the ophthalmology MPPR used in the PE methodology, as described on page 68901, the “CY 2012 Utilization data Crosswalk to CY 2013” file posted on the CMS website contained errors. This also resulted in errors in Addenda B and C files posted on the CMS website. These addenda have been corrected as a result of the changes made in this correction notice and the corrected Addenda B and C files are posted on the CMS website. www.cms.gov/PhysicianFeeSched/.

Due to a technical error in calculating the anesthesia inputs, the PE RVUs for all services reflected in Addenda B and C posted on the CMS website were inaccurate. Resulting changes to the PE RVUs are reflected in the corrected Addenda B and C.

Due to a technical error, in Addendum B, row 8744 containing CPT/HCPC 92287 did not list RVUs for use with both the TC and 26 modifiers. The corrected Addendum B, which is posted on the CMS website at www.cms.gov/PhysicianFeeSched/, includes these services and related information.

Due to a technical error in Addendum B, row 9180 containing CPT/HCPC 93657 did not list a PE RVU. The corrected Addendum B, which is posted on the CMS website at www.cms.gov/PhysicianFeeSched/ reflects this change.

Due to a technical error in the posting of Addendum C, the “NA” flags did not display for services when either the facility or nonfacility setting did not contain a value. The corrected Addendum C, which is posted on the CMS website at www.cms.gov/PhysicianFeeSched/, reflects the “NA” flags for services that are not valued in the indicated setting.

III. Waiver of Proposed Rulemaking

We ordinarily publish a notice of proposed rulemaking in the **Federal Register** to provide a period for public comment before the provisions of a rule take effect in accordance with section 553(b) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). However, we can waive this notice and comment procedure if the Secretary finds, for good cause, that the notice and comment process is impracticable, unnecessary, or contrary to the public interest, and incorporates a statement of the finding and the reasons therefore in the notice.

Section 553(d) of the APA ordinarily requires a 30-day delay in the effective date of final rules after the date of their publication in the **Federal Register**. This 30-day delay in effective date can be waived, however, if an agency finds for good cause that the delay is impracticable, unnecessary, or contrary to the public interest, and the agency incorporates a statement of the findings and its reasons in the rule issued.

This document merely corrects typographical and technical errors in the preamble and addenda of the CY 2013 Physician Fee Schedule final rule with comment period. The provisions of that final rule with comment period have been subjected to notice and comment procedures. The corrections contained in this document are consistent with, and do not make substantive changes to, the policies and payment methodologies that were adopted in the CY 2013 PFS final rule with comment period. As a result, the corrections made through this correcting document are intended to ensure that the CY 2013 PFS final rule with comment period accurately reflects the policies adopted in that rule. Therefore, we find for good cause that it is unnecessary and would be contrary to the public interest to undertake further notice and comment procedures to incorporate the corrections in this document into the CY 2013 PFS final rule with comment period. For the same reasons, we find that there is good cause to waive the 30-day delay in the effective date for these corrections.

Further, we believe that it is in the public interest to ensure that the CY 2013 PFS final rule with comment period accurately reflects our policies as of the date they take effect. Therefore, we find that delaying the effective date of these corrections beyond the effective date of the final rule with comment period would be contrary to the public interest. In so doing, we find good cause to waive the 30-day delay in effective date.

IV. Correction of Errors

In FR Doc. 2012-26900 of November 16, 2012 (77 FR 68892), make the following corrections:

A. Correction of Errors in the Preamble

1. On pages 68904 through 68906, in Table 3: Calculation of PE RVUs Under Methodology for Selected Codes, the table is corrected to read as follows:

TABLE 3 - CALCULATION OF PE RVUS UNDER METHODOLOGY FOR SELECTED CODES

[illegible]

	Step	Source	Formula	99213 Office visit, est Nonfacility	33533 CABG, arterial, single Facility	71020 Chest x-ray Nonfacility	71020-TC Chest x-ray Nonfacility	71020-26 Chest x-ray Nonfacility	93000 ECG, complete Nonfacility	93005 ECG, tracing Nonfacility	93010 ECG, report Nonfacility

2. On page 68907, first column, first paragraph,
 - a. Line 6, the phrase “CY 2012” is corrected to read “CY 2013.”
 - b. Line 8, the phrase “CY 2012” is corrected to read “CY 2013.”
3. On page 68957, second column, following Table 18 is corrected by adding the following:

“6. Psychiatry Services

For CY 2013, the CPT Editorial Panel replaced the current psychiatry/psychotherapy CPT codes with a new structure that allows for the separate reporting of E/M codes, eliminates codes based upon the site-of-service, establishes CPT codes for crisis, and creates a series of psychotherapy add-on CPT codes to describe interactive complexity and medication management. Many of these services are included in the list of Medicare telehealth services. For CY 2013, we did not propose any changes in Medicare telehealth payment policies related to the existing services described by these new codes. Therefore, the new codes describing services currently included on the CY 2012 list of Medicare telehealth services will be included on the CY 2013 list of Medicare telehealth services.

In the case of pharmacologic management services, currently on the CY 2012 list of Medicare telehealth services, we note that the CPT Editorial Panel deleted CPT code 90862 (Pharmacologic management, including prescription, use, and review of medication with no more than minimal medical psychotherapy), and that for CY 2013, psychiatrists will bill the appropriate E/M code when furnishing pharmacologic management services. In order to maintain current telehealth policy for these services when furnished to inpatients, we are establishing a new HCPCS G-code, G0459 (Inpatient telehealth, pharmacologic management, including prescription use and review

of medication with no more than minimal medical psychotherapy), on an interim basis for CY 2013 that will describe the pharmacologic management service when furnished via telehealth to inpatients.

We will address any other change in telehealth policy regarding psychiatry services in future rulemaking.”.

4. On page 68959, first column, partial line 5, before the phrase “Between 1998-2008,” is corrected to read as follows: “We note that this number does not represent a discrete number of beneficiaries; rather, it represents the total number of beneficiaries receiving therapy services under plans of care from different disciplines and different providers.”.
5. On page 68965, third column, third paragraph, lines 4 and 5, the phrase “a composite score” is corrected to read “an overall composite score.”
6. On page 68966, third column, second full paragraph, lines 19 through 21, the phrase “...functional measures, such as is done with the FOTO Patient tool, for example.” is corrected to read “functional measures.”
7. On page 68967 and 68968, in Table 21: G-Codes for Claims-Based Functional Reporting for CY 2013, the listed entries are corrected to read as follows:

Other PT/OT Primary Functional Limitation	
G8990	Other physical or occupational therapy primary functional limitation, current status, at therapy episode outset and at reporting intervals
G8991	Other physical or occupational therapy primary functional limitation, projected goal status, at therapy episode outset, at reporting intervals, and at discharge or to end reporting
G8992	Other physical or occupational therapy primary functional limitation, discharge status, at discharge from therapy or to end reporting
Other PT/OT Primary Functional Limitation	
G8993	Other physical or occupational therapy subsequent functional limitation, current status, at therapy episode outset and at reporting intervals
G8994	Other physical or occupational therapy subsequent functional limitation, projected goal status, at therapy episode outset, at reporting intervals, and at discharge or to end reporting
G8995	Other physical or occupational therapy subsequent functional limitation, discharge status, at discharge from therapy or to end reporting

Swallowing	
G8996	Swallowing functional limitation, current status at therapy episode outset and at reporting intervals
G8997	Swallowing functional limitation, projected goal status, at therapy episode outset, at reporting intervals, and at discharge or to end reporting
G8998	Swallowing functional limitation, discharge status, at discharge from therapy or to end reporting
Motor Speech	
G8999	Motor speech functional limitation, current status at therapy episode outset and at reporting intervals
G9186	Motor speech functional limitation, projected goal status at therapy episode outset, at reporting intervals, and at discharge from or to end reporting
Spoken Language Comprehension	
G9159	Spoken language comprehension functional limitation, current status at therapy episode outset and at reporting intervals
G9160	Spoken language comprehension functional limitation, projected goal status at therapy episode outset, at reporting intervals, and at discharge from or to end reporting
G9161	Spoken language comprehension functional limitation, discharge status at discharge from therapy or to end reporting
Spoken Language Expression	
G9162	Spoken language expression functional limitation, current status at therapy episode outset and at reporting intervals
G9163	Spoken language expression functional limitation, projected goal status at therapy episode outset, at reporting intervals, and at discharge from or to end reporting
G9164	Spoken language expression functional limitation, discharge status at discharge from therapy or to end reporting
Attention	
G9165	Attention functional limitation, current status at therapy episode outset and at reporting intervals
G9166	Attention functional limitation, projected goal status at therapy episode outset, at reporting intervals, and at discharge from or to end reporting
G9167	Attention functional limitation, discharge status at discharge from therapy or to end reporting
Memory	
G9168	Memory functional limitation, current status at therapy episode outset and at reporting intervals
G9169	Memory functional limitation, projected goal status at therapy episode outset, at reporting intervals, and at discharge from or to end reporting
G9170	Memory functional limitation, discharge status at discharge from therapy or to end reporting
Voice	
G9171	Voice functional limitation, current status at therapy episode outset and at reporting intervals
G9172	Voice functional limitation, projected goal status at therapy episode outset, at reporting intervals, and at discharge from or to end reporting

G9173	Voice functional limitation, discharge status at discharge from therapy or to end reporting
Other SLP Functional Limitation	
G9174	Other speech language pathology functional limitation, current status at therapy episode outset and at reporting intervals
G9175	Other speech language pathology functional limitation, projected goal status at therapy episode outset, at reporting intervals, and at discharge from or to end reporting
G9176	Other speech language pathology functional limitation, discharge status at discharge from therapy or to end reporting

8. On page 69033, in the third column, after second full paragraph, is corrected by adding the following:

“(14) Needle EMG: Electromyography (CPT Codes 95886, 95887)

In establishing interim final direct PE inputs for 2012, CMS refined the AMA RUC’s recommendation for CPT codes 95886 (Needle electromyography, each extremity, with related paraspinal areas, when performed, done with nerve conduction, amplitude and latency/velocity study; complete, five or more muscles studied, innervated by three or more nerves or four or more spinal levels (list separately in addition to code for primary procedure)) and 95887 (Needle electromyography, non-extremity (cranial nerve supplied or axial) muscle(s) done with nerve conduction, amplitude and latency/velocity study (list separately in addition to code for primary procedure)) by reducing the number of service period clinical labor minutes to account for preparatory clinical labor tasks associated with both the base and add-on codes. CMS also refined the corresponding equipment minutes.

Comment: Several commenters explained that clinical labor typically requires additional time to prepare the distinct equipment used in furnishing the services described by the add-on codes.

Response: After reviewing the information provided by the commenters, we

agree that it would be appropriate to incorporate additional minutes for these codes.

Therefore, we are finalizing the direct PE inputs for CPT codes 95886 and 95887 with the additional refinement of adding two minutes to both the service period clinical labor time and the corresponding equipment time. The direct PE inputs are displayed in the final CY 2013 direct PE input database, available on the CMS website under downloads for the CY 2013 PFS final rule at www.cms.gov/PhysicianFeeSched/.”.

9. On page 69042, bottom half of the page, last paragraph, last line, the phrase CPT code 99231 visits is corrected to read “99231 (subsequent hospital care, per day, for the evaluation and management of a patient, which requires at least 2 of these 3 key components: a problem focused interval history; a problem focused examination; medical decision making that is straightforward or of low complexity) visits,”.
10. On page 69043, top of page, first column, first partial paragraph, lines 1 and 2, the phrase 99323 visit is corrected to read “99232 (subsequent hospital care, per day, for the evaluation and management of a patient, which requires at least 2 of these 3 key components: an expanded problem focused interval history; an expanded problem focused examination; medical decision making of moderate complexity) visit, 1 CPT code 99238 (hospital discharge day management; 30 minutes or less) visit, and 4 CPT code 99213 (office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of these 3 key components: an expanded problem focused history; an expanded problem focused examination; medical decision making of low complexity) visits.”.
11. On page 69051,
 - a. First column, first full paragraph, lines 2 through 10, the parenthetical ((Non-selective catheter placement, thoracic aorta, with angiography of the extracranial carotid, vertebral, and/or intracranial vessels, unilateral or bilateral, and all associated radiological

supervision and interpretation, includes angiography of the cervicocerebral arch, when performed).), is corrected to read: “((Selective catheter placement, common carotid or innominate artery, unilateral, any approach, with angiography of the ipsilateral extracranial carotid circulation and all associated radiological supervision and interpretation, includes angiography of the cervicocerebral arch, when performed).)”).

b. Third column, after last full paragraph, is corrected by adding the following:

“CPT codes 37620, 75940, and 36010 were identified as potentially misvalued through the Codes Reported Together 75 percent or More screen. In response, the CPT Editorial Panel created CPT codes 37191 through 37193 and 37197 to bundle the services together. After clinical review of CPT code 37197 (Transcatheter retrieval, percutaneous, of intravascular foreign body (for example, fractured venous or arterial catheter), includes radiological supervision and interpretation, and imaging guidance (ultrasound or fluoroscopy), when performed), along with the other related bundled services, we believe a work RVU of 6.29 accurately reflects the work involved in furnishing this service. We believe CPT code 37197 involves similar work as CPT code 36247 (Selective catheter placement, arterial system; initial third order or more selective abdominal, pelvic, or lower extremity artery branch, within a vascular family) and should be valued the same. Furthermore, we believe a work RVU of 6.29 appropriately reflects the relative difference in work between this service and related CPT codes 37191, 37192, and 37193. The AMA RUC recommended a work RVU of 6.72 for CPT code 37197, a direct crosswalk to CPT code 36475 (Endovenous ablation therapy of incompetent vein, extremity, inclusive of all imaging guidance and monitoring, percutaneous, radiofrequency; first vein treated). On an interim final basis for CY 2013, we are assigning a work RVU of 6.29 to CPT code 37197.”.

12. On page 69071, lower half of the page, third column,

- a. Lines 3 and 4, the phrase “Table KK6 is corrected to read “Table 73.”.
 - b. Line 10, the phrase “Table KK7” is corrected to read “Table 74.”.
13. On page 69072,
- a. First column, first full paragraph, line 1, the phrase “Table KK7” is corrected to read “Table 74.”
 - b. Second column,
 - (1) First full paragraph, last line, the phrase “Table 73” is corrected to read “Table 74.”.
 - (2) Second full paragraph, last line, the phrase “Table 73” is corrected to read “Table 74.”.
 - c. Third column,
 - (1) First paragraph, last line, the phrase “Table 73” is corrected to read “Table 74.”.
 - (2) Second paragraph, lines 23 and 24, the phrase “Table 73” is corrected to read “Table 74.”
14. On page 69073, second column, second full paragraph, last line, the phrase “Table 73” is corrected to read, “Table 74.”
15. On page 69074, first column, following first partial paragraph, is corrected to read as follows:

“We note that we did not receive adequate information for pricing the following new supply and equipment items included in the AMA RUC’s CY 2013 direct PE input recommendations: SD276 (Indicator powder), SK115 (Reproduced patient worksheet), SL464 (Atomizer tips, disposable), and ER088 (Infrared illuminator). Therefore, for CY 2013, these supply and equipment items have no price inputs associated with them in the direct PE database.

We will consider any newly submitted information regarding appropriate pricing for these supply items as part of our annual supply and equipment price update process.”

16. On pages 69077 through 69128, in Table 74: CPT Codes with Refined Direct PE Recommendations for CY 2013 Interim Codes is corrected to read as follows:

**TABLE 74: CPT Codes with Refined Direct PE Recommendations for CY 2013
Interim Codes**

CPT Code	CPT Code Description	CMS Code	CMS Code Description	NonFac/ Fac	Labor Activity (if applicable)	RUC Recommendation or Current Value (min or qty)	CMS Refinement (min or qty)	Comment
11300	Shave skin lesion 0.5 cm/<	ED004	camera, digital (6 megapixel)	NF		29	14	Refined equipment time to reflect typical use exclusive to patient
		EF014	light, surgical	NF		29	14	Refined equipment time to reflect typical use exclusive to patient

17. On page 69138,

a. Top two thirds of the page, first column, first full paragraph, line 1, the phrase “The CY 2013 PFS CF is \$25.0008” is corrected to read “The CY 2013 PFS CF is \$25.0070.”

b. Third column, first full paragraph, line 19, the phrase CF to be \$25.0008” is corrected to read “CF to be \$25.0070.”

c. Lower half of the page, in Table 87: Calculation of the CY 2013 PFS CF, the list entry

CY 2013 Conversion Factor		\$25.0008
----------------------------------	--	------------------

is corrected to read as follows:

CY 2013 Conversion Factor		\$25.0070
----------------------------------	--	------------------

18. On page 69139, top quarter of the page, in Table 88: Calculation of the CY 2013 Anesthesia CF, the list entry

CY 2013 Anesthesia Factor		\$15.93
----------------------------------	--	----------------

is corrected to read as follows:

CY 2013 Anesthesia Factor		\$16.1236
----------------------------------	--	------------------

19. On page 69145, second column, first partial paragraph, lines 20 and 21, the phrase that reads “pharmacy for use upon a physician’s order” is corrected to read “pharmacy for use upon a valid prescription.”

20. On page 69212, second column, first full paragraph, lines 5-8, the phrase “Measure 190: Referral for Otologic Evaluation for Patients with Acute or Chronic Dizziness” is corrected to read “Measure 190: Referral for Otologic Evaluation for Patients with a History of Sudden or Rapidly Progressive Hearing Loss.”

21. On page 69237, in Table 95: Individual Quality Measures for the Physician Quality Reporting

System Proposed to be Available for Reporting via Claims, Registry, EHR, or GRPO Web Interface Beginning in 2013 or 2014*, Measures #189 and #190 are deleted.

22. On page 69267, after Table 95: Individual Quality Measures for the Physician Quality Reporting System Proposed to be Available for Reporting via Claims, Registry, EHR, or GRPO Web Interface Beginning in 2013 or 2014*, the following note is added:

*Measures that can be reported using the GPRO web interface.

†These measures can only be reported by participants using the GPRO. They are not available for reporting for individual Eligible Professionals using this reporting method.

¥ Titles and descriptions in this table are aligned with 2013 Physician Quality Reporting System Claims and Qualified Registry measure titles and descriptions, and may differ from existing measures in other programs. Please reference the National Quality Forum (NQF) and Physician Quality Reporting System numbers for clarification.

◇Measures to be deleted in 2014.

‡Measures to be added in 2013.

○Measures to be added in 2014.

23. On page 69269, in Table 96: PQRS Quality Measures Available for Reporting for Group Practices Using the GPRO Web Interface for 2013 and Beyond, in the Measure and Title description for NQF/PQRS 0097/46 the phrase that reads “**seen within 60 days following discharge**” is corrected to read “**seen within 30 days following discharge**.”

24. On page 69277, in Table 108: HIV/AIDS Measures Group, the following measures: HIV/AIDS Measures Group: PQRS Measure #206 (“HIV/AIDS: Screening for High Risk Sexual Behaviors”) and #207 (“HIV/AIDS: Screening for Injection Drug Use”) are deleted.

25. On page 69300,

a. Third column, line 22-23, the phrase “a deadline of February 28, 2013 to request an informal

review” is corrected to read “a deadline of 90 days following the receipt of the feedback reports to request an informal review.”

b. Lines 27-28, the phrase “a deadline of February 28, 2014 to request an informal review” is corrected to read “a deadline of 90 days following the receipt of the feedback reports to request an informal review.”

26. On pages 69344 through 69345, we are correcting Table 134: CY 2013 PFS Final Rule with Comment Period Estimated Impact on Total Allowed Charges by Specialty* and the first footnote (*) that reads: *Table 83 shows only the final payment policy impact on PFS services. We note that these impacts do not include the effects of the negative January 2013 conversion factor change under current law.” to read as follows:
