Self-Regulatory Organizations; C2 Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to the Options Regulatory Fee

September 3, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”)\(^1\) and Rule 19b-4 thereunder,\(^2\) notice is hereby given that on August 21, 2013, C2 Options Exchange, Incorporated filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

C2 Options Exchange, Incorporated (the “Exchange” or “C2”) proposes to amend the Options Regulatory Fee. The text of the proposed rule change is available on the Exchange’s website (http://www.c2exchange.com/Legal/), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in

---

Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. **Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

1. **Purpose**

The Exchange has reevaluated the current amount of the Options Regulatory Fee (“ORF”) in light of better than expected trading volume so far in 2013 among other factors. In order to try to ensure that revenue collected from the ORF, in combination with other regulatory fees and fines, does not exceed the Exchange's total regulatory costs, the Exchange proposes to reduce the ORF from $.002 per contract to zero. The proposed fee change would be operative on September 1, 2013. The Exchange intends to reevaluate the amount of the ORF again in connection with its annual budget review.

The ORF is assessed by the Exchange to each Permit Holder for all options transactions executed or cleared by the Permit Holder that are cleared by The Options Clearing Corporation (“OCC”) in the customer range (i.e., transactions that clear in a customer account at OCC) regardless of the marketplace of execution. In other words, the Exchange imposes the ORF on all customer-range transactions executed by a Permit Holder, even if the transactions do not take place on the Exchange. The ORF also is charged for transactions that are not executed by a Permit Holder but are ultimately cleared by a Permit Holder. In the case where a Permit Holder executes a transaction and a different Permit Holder clears the transaction, the ORF is assessed to

3 Exchange rules require each Permit Holder to record the appropriate account origin code on all orders at the time of entry in order to allow the Exchange to properly prioritize and route orders and assess transaction fees pursuant to the rules of the Exchange and report resulting transactions to the OCC. C2 order origin codes are defined in C2 Regulatory Circular RG13-015. The Exchange represents that it has surveillances in place to verify that Trading Permit Holders mark orders with the correct account origin code.
the Permit Holder who executed the transaction. In the case where a non-Permit Holder executes a transaction and a Permit Holder clears the transaction, the ORF is assessed to the Permit Holder who clears the transaction. The ORF is collected indirectly from Permit Holders through their clearing firms by OCC on behalf of the Exchange.

The ORF is designed to recover a material portion of the costs to the Exchange of the supervision and regulation of Permit Holder customer options business, including performing routine surveillances, investigations, examinations, financial monitoring, as well as policy, rulemaking, interpretive and enforcement activities. The Exchange believes that revenue generated from the ORF, when combined with all of the Exchange's other regulatory fees and fines, will cover a material portion, but not all, of the Exchange's regulatory costs. The Exchange notes that its regulatory responsibilities with respect to Permit Holder compliance with options sales practice rules have largely been allocated to FINRA under a 17d-2 agreement. The ORF is not designed to cover the cost of that options sales practice regulation.

The Exchange will continue to monitor the amount of revenue collected from regulatory fees and fines to ensure that it does not exceed the Exchange's total regulatory costs and to ensure the Exchange is meeting its revenue benchmarks. The Exchange may make other adjustments to the ORF in the future as necessary. The Exchange notifies Permit Holders of adjustments to the ORF via regulatory circular.

2. **Statutory Basis**

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.\(^4\) Specifically, the

Exchange believes the proposed rule change is consistent with Section 6(b)(4) of the Act\(^5\), which provides that Exchange rules may provide for the equitable allocation of reasonable dues, fees, and other charges among its Permit Holders and other persons using its facilities. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)\(^6\) requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes the proposed ORF reduction is reasonable in that it would help the Exchange try to ensure that revenue collected from the ORF, in combination with other regulatory fees and fines, does not exceed the Exchange's total regulatory costs in light of better than expected trading volume so far in 2013 and other factors.

The Exchange believes the ORF is equitable and not unfairly discriminatory in that it is charged to all Permit Holders on all their transactions that clear in the customer range at the OCC. Moreover, the Exchange believes the ORF ensures fairness by assessing higher fees to those Permit Holders that require more Exchange regulatory services based on the amount of customer options business they conduct. Regulating customer trading activity is much more labor intensive and requires greater expenditure of human and technical resources than regulating non-customer trading activity, which tends to be more automated and less labor-intensive. As a result, the costs associated with administering the customer component of the Exchange's overall regulatory program are materially higher than the costs associated with administering the non-customer component (e.g., Permit Holder proprietary transactions) of its regulatory program.\(^7\)

\(^7\) If the Exchange changes its method of funding regulation or if circumstances otherwise change in the future, the Exchange may decide to modify the ORF or assess a separate
B. **Self-Regulatory Organization’s Statement on Burden on Competition**

C2 does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any competitive issues. Rather, the proposed rule change is designed to help the Exchange to adequately fund its regulatory activities while seeking to ensure that total regulatory revenues do not exceed total regulatory costs.

C. **Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

The Exchange neither solicited nor received comments on the proposed rule change.

III. **Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act\(^8\) and paragraph (f) of Rule 19b-4\(^9\) thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. **Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
