It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Abstract:* The Department of Education is requesting a revision of the current burden hours in 1845-0022 which is expiring. Sections of the regulations in 34 CFR 668 Student Assistance General Provisions establish the standards to participate in the student financial aid assistance programs authorized by Title IV of the Higher Education Act of 1965, as amended. Other sections of the regulations also establishes required information that must be provided to students, the financial responsibility requirements of the institution, and the cohort default rates that apply to institutions. These regulations help to assure the Secretary that the integrity of the programs is protected from fraud and misuse of program funds. ED is administratively transferring a small amount of burden from sections 34 CFR 668.23 and 668.24 that previously were included in OMB Collection Number 1845-0038 to correct an error that was made in the transfer of this information collection from the Office of Postsecondary Education (1840) to Federal Student Aid (1845). There have been no changes to the statutory or regulatory language since the prior information collection filing.

Dated: October 22, 2013.
