SUPPLEMENTARY INFORMATION:

The Paperwork Reduction Act of 1995 (PRA), Pub. L. No. 104-13, § 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR Part 1320, require Federal agencies to provide 60-days notice to the public for comment on information collection activities before seeking approval for reinstatement or renewal by OMB. 44 U.S.C. 3506(c)(2)(A); 5 CFR §§ 1320.8(d)(1), 1320.10(e)(1), 1320.12(a). Specifically, FRA invites interested respondents to comment on the following summary of proposed information collection activities regarding (i) whether the information collection activities are necessary for FRA to properly execute its functions, including whether the activities will have practical utility; (ii) the accuracy of FRA's estimates of the burden of the information collection activities, including the validity of the methodology and assumptions used to determine the estimates; (iii) ways for FRA to enhance the quality, utility, and clarity of the information being collected; and (iv) ways for FRA to minimize the burden of information collection activities on the public by automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses). See 44 U.S.C. 3506(c)(2)(A)(i)-(iv); 5 CFR § 1320.8(d)(1)(i)-(iv). FRA believes that soliciting public comment will promote its efforts to reduce the administrative and paperwork burdens associated with the

collection of information mandated by Federal regulations. FRA reasons that comments received will advance three objectives: (i) reduce reporting burdens; (ii) ensure that it organizes information collection requirements in a “user friendly” format to improve the use of such information; and (iii) accurately assess the resources expended to retrieve and produce information requested. See 44 U.S.C. 3501.

Below is a brief summary of currently approved information collection activities that FRA will submit for clearance by OMB as required under the PRA:

Title: Notice of Funding Availability and Solicitations of Applications for Grants under the Railroad Rehabilitation and Repair Grant Program

OMB Control Number: 2130-0580

Abstract: The Consolidated Security, Disaster Assistance, and Continuing Appropriations Act, 2009 (Pub. L. 110-329; September 30, 2008), established the Railroad Rehabilitation and Repair Program, making Federal funds available directly to States. This Program allowed grants to fund up to 80 percent of the cost of rehabilitation and repairs to Class II and Class III railroad infrastructure damaged by hurricanes, floods, and other natural disasters in areas that are located in counties that have been identified in a Disaster Declaration for Public Assistance by the President under title IV of the Robert T. Stafford Disaster Relief and Emergency Assistance Act of 1974. Funding was made available on a reimbursement basis for costs incurred after a major disaster declaration that was made between January 1, 2008 and the date of the publication of the notice of funding availability in the counties covered by such a declaration. Rehabilitation and repairs include rights-of-way, bridges, signals, and other infrastructure which is part of the general railroad system of transportation and primarily used by railroads to move freight traffic.

FRA recently revised this Information Collection Request (ICR) to allow for the submission of additional grants under this program based on the Notice of Funding Availability

published by FRA on 10/13/2013 and the emergency clearance request approved by OMB on 11/05/2013. Any grants submitted as part of this previous ICR were due by December 9, 2013. Therefore, this revision no longer includes any burden hours for the application process, as no new applications are being accepted at this time.

Due to the nature of these disaster assistance funds, current economic conditions, and the various States need for immediate assistance to vital freight transportation pathways and the important role these sectors of transportation play in the overall national economy, FRA is requesting OMB to extend this ICR in order to manage the current grants obligated under this program until the remaining grants have properly closed-out and are completed.
