OMB Control Number: 1652-0055

Abstract: OMB Control Number 1652-0055; Pipeline Operator Security Information. Under the Aviation and Transportation Security Act (ATSA) (Pub. L. 107-71, 115 Stat. 597 (November 19, 2001)) and delegated authority from the Secretary of Homeland Security, TSA has broad responsibility and authority for “security in all modes of transportation * * * including security responsibilities * * * over modes of transportation that are exercised by the Department of Transportation.” As the lead Federal agency for pipeline security, it is important for TSA to have contact information for company security managers and knowledge of security incidents and suspicious activity within the mode. This issue was addressed in the TSA Pipeline Security Guidelines developed in consultation with TSA’s Federal partners and relevant industry stakeholders. Additionally, to facilitate the exchange of security information in a timely fashion, contact data is necessary for pipeline operators’ security operations or control centers.

Estimated Annual Burden Hours: An estimated 845 hours annually.

Dated: December 17, 2013.

Joanna Johnson,

TSA Paperwork Reduction Act Officer,
