BACKGROUND

On October 22, 2013, a petition was filed with the Commission and Commerce by Mexichem Fluor Inc., St. Gabriel, LA, alleging that an industry in the United States is materially injured or threatened with material injury by reason of LTFV and subsidized imports of 1,1,1,2-Tetrafluoroethane from China. Accordingly, effective October 22, 2013, the Commission instituted countervailing duty investigation No. 701-TA-509 and antidumping duty investigation No. 731-TA-1244 (Preliminary).

Notice of the institution of the Commission's investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the *Federal Register* of October 28, 2013 (78 FR 64243). The conference was held in Washington, DC, on November 12, 2013, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on December 13, 2013. The views of the Commission are contained in USITC Publication 4444 (December 2013), entitled *1,1,1,2-Tetrafluoroethane from China, Investigation Nos. 701-TA-509 and 731-TA-1244 (Preliminary)*.

By order of the Commission.
