[Release No. 34-71404; File No. SR-CHX-2014-01]

Self-Regulatory Organizations; Chicago Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend the Order Cancellation Fee

January 27, 2014.

Pursuant to Section 19(b)(1)<sup>1</sup> of the Securities Exchange Act of 1934 (“Act”)<sup>2</sup> and Rule 19b-4 thereunder,<sup>3</sup> notice is hereby given that on January 15, 2014, the Chicago Stock Exchange, Inc. (“CHX” or “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

CHX proposes to amend Section E.8 of its Schedule of Fees and Assessments (the “Fee Schedule”) to amend the Order Cancellation Fee. The text of this proposed rule change is available on the Exchange’s website at [http://www.chx.com/rules/proposed\\_rules.htm](http://www.chx.com/rules/proposed_rules.htm), at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the

places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Section E.8 of the Fee Schedule to amend the Order Cancellation Fee. Specifically, the Exchange proposes to adopt proposed Section E.8(c) to provide an exemption from Order Cancellation Fees for a given month if an Account Symbol<sup>4</sup> meets an Average Daily Volume (“ADV”) requirement for that month. The Exchange does not propose to substantively amend the Order Cancellation Fee in any other way.

Current Order Cancellation Fee

Under SR-CHX-2012-15,<sup>5</sup> the Exchange adopted the current formula-based Order Cancellation Fee detailed under Section E.8 of the Fee Schedule, amended under SR-CHX-2013-11<sup>6</sup> and SR-CHX-2013-12,<sup>7</sup> which assesses a daily cancellation fee per Account Symbol and security, if the order cancellation ratio exceeds a designated threshold. In sum, the formula

subtracts from the total daily number of “Wide” or “W” orders<sup>8</sup> in a given security the product of “Near” or “N” orders<sup>9</sup> in the same security submitted by the Participant in the Regular Trading Session in a given day and its corresponding “N” order multiplier or “Nmult.”<sup>10</sup> The difference is then divided by “E,” which is defined as the greater of the number one (1) or the sum of all Wide and Near orders in a given security that are submitted and executed (in whole or in part) in the Regular Trading Session (excluding cross transactions) on a given day.

If the resulting value is equal to or greater than the corresponding “Cancellation Ratio” for that security, found under paragraph (b), a corresponding Order Cancellation Fee would apply to the Participant for that day’s activity in that security. If, however, the value is less than

---

<sup>8</sup> Section E.8(a) of the Fee Schedule provides that “‘W’ equals the number of Wide orders in a security priced at \$1.00/share or more, that is submitted during the Regular Trading Session, through an Account Symbol, on a given day. An order shall be considered Wide if any one of the following conditions are met:

The order price of the security is inferior to the National Best Bid (“NBB”) for a buy order or National Best Offer (“NBO”) for a sell order at the time the order is received by the Matching System and the difference between the order price and the NBB or NBO is equal to or greater than the corresponding Threshold Away Amount of the particular security; or

The order is voluntarily cancelled by the order sender prior to the expiration of its corresponding Minimum Duration (expressed in milliseconds) after acceptance by the Matching System, without any executions; or

An order marked “Do Not Display,” pursuant to Article 1, Rule 2(c)(2).”

<sup>9</sup> Section E.8(a) of the Fee Schedule provides that “‘N’ equals the number of Near orders (which must be display eligible) in a security priced at \$1.00/share or more submitted in the Regular Trading Session, through an Account Symbol, on a given day. A Near order is:

An order where the difference between the order price and the NBB or NBO is less than the corresponding Threshold Away Amount of the particular security; and

Where the order is not voluntarily cancelled by the order sender prior to either (1) the expiration of the Minimum Duration of the particular security or (2) a partial execution of the order, whichever is earlier.”

<sup>10</sup> Section E.8(a) of the Fee Schedule provides that “‘Nmult’ is the corresponding multiplier value to be applied against ‘N’.”

the corresponding Cancellation Ratio, the Participant would not be assessed a fee. Currently, the Cancellation Ratio and other values listed under paragraph (b) are consistent for Tape A, B, and C securities. Although the fee is assessed daily, Account Symbols are only billed after the end of the month.

The purpose of the Order Cancellation Fee is to recoup some of the costs associated with administering and processing large numbers of cancelled orders and to incent Participants to post marketable orders and, thereby, promote liquidity and single-sided order executions on the Exchange.<sup>11</sup>

#### Proposed ADV Exemption

Since the Order Cancellation Fee became operative on November 1, 2012, the Exchange has observed that some Account Symbols have been billed Order Cancellation Fees notwithstanding exceptionally high ADV in securities subject to the Order Cancellation Fee. That is, despite consistent order sending and cancellation activity throughout the course of the month, some high ADV Trading Accounts exhibited unusually low ADV on one or two trading days and were consequently billed Order Cancellation Fees for the month because the Order Cancellation Fee is assessed daily. The Exchange submits that the need for an Order Cancellation Fee for a Trading Account is obviated if it provides valuable single-sided order executions and revenue to the Exchange. This is because such exceptionally high ADV Trading Accounts support the purpose of the Order Cancellation Fee (e.g., to promote single-sided order executions), regardless of order cancellation activity.

The current Order Cancellation Fee does not permit Trading Accounts to leverage exceptionally high ADV attained over the course of a month to eliminate the Order Cancellation

<sup>11</sup> See supra note 5.

Fee assessed due to unusually weak trading days. Thus, in order to more equitably apply the current Order Cancellation Fee, the Exchange now proposes to adopt proposed Section E.8(c), which provides that all Order Cancellation Fees assessed to an Account Symbol in a given month shall be waived if the ADV attributable to the Account Symbol for the month is equal to or greater than 100,000 shares from single-sided orders executed at or greater than \$1.00/share.<sup>12</sup> Trades resulting from cross orders and single-sided orders executed below \$1.00/share shall not be included in the ADV calculation because such orders are not subject to the Order Cancellation Fee.<sup>13</sup> Moreover, the proposed exemption will be applied at the Account Symbol level and not at a security-specific level. That is, if a Trading Account meets the 100,000 shares ADV requirement for a given month, all Order Cancellation Fees assessed under the Account Symbol for the month will be waived. Correspondingly, the Exchange proposes to amend the first paragraph of current Section E.8(a) to provide that the Order Cancellation Fee is subject to the proposed exemption as stated under proposed paragraph (c). The following example illustrates this exemption.

Example. Assume that a Participant Trading Permit<sup>14</sup> holder has two Trading Accounts with Account Symbols “A” and “B.” For the month of December 2013, the Participant was billed \$3,000 in Order Cancellation Fees. Specifically, Account Symbol A was assessed \$1,000 in Order Cancellation Fees for activity in five different securities and had an ADV of 90,000 shares from qualified orders, whereas Account Symbol B was assessed \$2,000 in Order

---

<sup>12</sup> The 100,000 shares value was determined based on historical trading activity on the Exchange and shall only be modified by a proposed rule filing pursuant to Rule 19b-4 under the Act.

<sup>13</sup> Section E.8(a) provides, in pertinent part, that “a cancellation fee shall apply for all cancellation messages relating to orders in each security priced at \$1.00/share or more.”

<sup>14</sup> See Article 1, Rule 1(aa).

Cancellation Fees for activity in three different securities and had an ADV of 110,000 shares from qualified orders.

Given that Account Symbol B had an ADV of 110,000 shares from qualified orders in December 2013, the entire \$2,000 in Order Cancellation Fees assessed to Account Symbol B would be waived pursuant to proposed Section E.8(c). However, given that Account Symbol A had an ADV of 90,000 shares from qualified orders, the Trading Account would not qualify for the proposed exemption and would be billed \$1,000 in Order Cancellation Fees. For the purposes of the proposed ADV exemption, the Order Cancellation Fee assessed to specific securities and ADV in specific securities is irrelevant.

The Exchange proposes to make these amendments to Section E.8 operative February 3, 2014. The Order Cancellation Fee shall continue to be calculated daily and billed after the end of the month. If an Account Symbol meets the requirements of proposed paragraph (c), the Account Symbol will not be billed an Order Cancellation Fee for that month.

## 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act<sup>15</sup> in general, and furthers the objectives of Section 6(b)(4) of the Act<sup>16</sup> in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using its facilities. The Exchange believes that the proposed ADV exemption from the Order Cancellation Fee described herein promotes the equitable allocation of the Order Cancellation Fee as it will more fairly allocate costs among Participants according to their respective trading activity. A Participant with a Trading Account that has exceptionally

<sup>16</sup> 15 U.S.C. 78f(b)(4).

high ADV provides additional revenue to the Exchange (e.g., Liquidity Removing Fee under Section E.1 of the Fee Schedule and market data revenue), which may be used to recoup some of the costs of administering and processing cancelled orders. Thus, Participants with Trading Accounts that meet the proposed ADV threshold for a given month should not be billed Order Cancellation Fees assessed to such Trading Accounts for that month.

In addition, these changes to the Fee Schedule would equitably allocate reasonable fees among Participants in a non-discriminatory manner by assessing cancellation fees on all Trading Accounts that exceed a fixed Cancellation Ratio and by waiving cancellation fees on all Trading Accounts that satisfy the requirements of the proposed ADV exemption. Since all Participants are subject to the Order Cancellation Fee and given that the proposed ADV exemption is available to all Participants, the Exchange submits that the amended Order Cancellation Fee is non-discriminatory.

**B. Self-Regulatory Organization's Statement on Burden on Competition**

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed ADV exemption to the Order Cancellation Fee burdens competition, but instead, enhances competition, as it is intended to increase the competitiveness of, and draw additional volume to, the Exchange. The Exchange operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels set by the Exchange to be excessive. The proposed ADV exemption provides relief from the Order Cancellation Fee to Participants that execute a requisite number of certain single-sided orders submitted to the Exchange, which is intended to increase revenue derived from trades and to draw additional liquidity to the Exchange. Thus, the

proposed rule change is a competitive proposal that is intended to add additional liquidity and order executions to the Exchange, which will, in turn, benefit the Exchange and all Participants.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)(ii) of the Act<sup>17</sup> and subparagraph(f)(2) of Rule 19b-4 thereunder<sup>18</sup> because it establishes or changes a due, fee or other charge imposed by the Exchange.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
