

8011-01p
SECURITIES AND EXCHANGE COMMISSION
[Release No. 34-72078; File No. SR-C2-2014-002]

Self-Regulatory Organizations; C2 Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Qualification and Registration Requirements of Permit Holders and Associated Persons of Permit Holders
May 2, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 21, 2014, C2 Options Exchange, Incorporated (the “Exchange” or “C2”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 3.4 (Qualification and Registration). The text of the proposed rule change is available on the Exchange’s website

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A)(iii).

⁴ 17 CFR 240.19b-4(f)(6).

(<http://www.c2exchange.com/Legal/>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

C2 Rule 3.4 (Qualification and Registration) sets forth the requirements for registration and qualification of individual Permit Holders and individual associated persons of Permit Holders. This rule filing proposes to amend C2 Rule 3.4 in several respects and make C2's registration and qualification requirements consistent with Chicago Board Options Exchange, Incorporated's ("CBOE") Rule 3.6A.⁵

First, C2 Rule 3.4(a)(1) provides that individual Permit Holders and individual associated persons engaged or to be engaged in the securities business of a Permit Holder shall be registered with the Exchange in the category of registration appropriate to the function to be performed as prescribed by the Exchange. Additionally, C2 Rule 3.4(a)(1) provides that before the registration can become effective, the Permit Holder or individual associated person must pass a qualification examination appropriate to the category of registration in a form and manner prescribed by the

⁵ See CBOE Rule 3.6A.

Exchange. The Exchange proposes to clarify within the rule text that, in addition, the Permit Holder or individual associated person must also submit any required registration and examination fees. The Exchange believes that explicitly clarifying that Permit Holders must submit required registration and examination fees prior to any registration becoming effective reduces confusion as to what obligations Permit Holders have to satisfy prior to becoming properly registered.

C2 Rule 3.4(a)(1) also provides that a Permit Holder shall not maintain a registration with the Exchange for any person who no longer is active in the Permit Holder's securities business or where the sole purpose is to avoid an examination requirement. The Exchange proposes to provide that additionally, a Permit Holder shall not maintain a registration with the Exchange for any person who is no longer functioning in the registered capacity. Individual Permit Holders and associated persons are to be registered in the category appropriate to the function to be performed and accordingly, registrations for a specified capacity should not be maintained if the registered person no longer functions in that capacity. The Exchange believes that the proposed language explicitly requires registrations to accurately reflect the capacity in which the registered person performs.

Next, C2 Rule 3.4(a)(2) sets forth the types of individuals that are exempt from registration. C2 is proposing to amend this provision to include individual associated persons that are restricted from accessing the Exchange and that do not engage in the securities business of the Permit Holder relating to activity that occurs on the Exchange. The Exchange believes that these individuals do not need to be registered with the Exchange because these individuals do not access the Exchange directly and do not engage in the securities business of the Permit Holder relating to activity that occurs on the Exchange.

The Exchange also proposes to modify C2 Rule 3.4(a)(2) to exempt individual associated persons whose functions are related solely and exclusively to transactions in commodities and transactions in security futures, as well as those who effect transactions solely on the floor of another national securities exchange and who are registered as floor members with such exchange. The Exchange believes these registration exemptions are also appropriate because the Exchange would not consider individuals that fall into the exemptions to be actively engaged in securities business unless they are registered as floor members on another national securities exchange, in which case, they are already registered as floor members and would not be required to register at C2.⁶ The Exchange also believes incorporating these additional exemptions into the rule provides clarity to Permit Holders and associated persons as to who will or will not be required to register.

Next, the Exchange is proposing to adopt C2 Rule 3.4(c) which requires the designation of a Chief Compliance Officer by a Permit Holder, which designation shall be updated on Schedule A of Form BD. Under the rule, the Chief Compliance Officer is required to register and pass the appropriate qualification examination as prescribed by the Exchange. The proposed rule will include a limited exemption from the requirement to pass the appropriate qualification examination by a Chief Compliance Officer. Specifically, a person that has been designated as a Chief Compliance Officer on Schedule A of Form BD for at least two years immediately prior to January 1, 2002 and who has not been subject within the last ten years to any statutory disqualification as defined in Section 3(a)(39) of the Act; a suspension; or the imposition of a \$5,000 or more fine for a violation(s) of any provision of any securities law or regulation, or an agreement with, rule or standard of conduct of any securities governmental agency, securities

⁶ The Exchange notes that C2 is an all-electronic exchange and does not have a trading floor.

self-regulatory organization (“SRO”), or as imposed by any such SRO in connection with a disciplinary proceeding, shall be required to register in the category of registration appropriate to the function to be performed as prescribed by the Exchange, but shall be exempt from the requirement to pass the heightened qualification examination as prescribed by the Exchange. The Exchange believes the proposed rule change will enhance Permit Holders’ focus on compliance and supervision systems as well as ensure that all designated Chief Compliance Officers are appropriately trained and qualified. The Exchange also notes that the “grandfathering” provision (i.e., allow certain chief compliance officers as described above to register and qualify as a Chief Compliance Officer without having to take the appropriate qualification examination) is consistent with other Exchanges’ rules.⁷ The Exchange similarly believes that a Chief Compliance Officer who has been continuously employed by an organization since 2002 and meets the delineated stringent qualifications noted above is appropriately qualified to continue to serve as a Chief Compliance Officer without having to take the heightened qualification examination.

The Exchange next proposes to amend C2 Rule 3.4(d) which describes the applicable associated person statuses under CBOE Chapter IX. The Exchange believes the current language of C2 Rule 3.4(d) may not make it explicitly clear that individual associated persons of a TPH organization that conducts a public customer business must also comply with the registration requirements set forth in Chapter IX of CBOE’s Rules. Chapter IX is generally applicable to TPH organizations that conduct public customer business. Accordingly, the Exchange proposes to amend C2 Rule 3.4(d) to clarify that individual associated persons of a TPH organization that conducts a public customer business must comply with the registration requirements set forth in

⁷ See e.g., NASD Rule 1022, CBOE Rule 3.6A, ISE Rule 313.

Chapter IX, as well as identify the additional registration categories (i.e., Registered Options Principal and Registered Representative). The Exchange believes the proposed change will reduce confusion as to what obligations those associated persons have. The Exchange notes that the proposed new language of C2 Rule 3.4(d) is identical to CBOE Rule 3.6A(d).⁸

The Exchange also proposes to adopt C2 Rule 3.4(e) which sets forth the requirements for examinations where there is a lapse in registration. Specifically, an individual Permit Holder or individual associated person shall be required to pass the appropriate qualification examination for the category of registration if the individual Permit Holder's or individual associated person's registration has been revoked by the Exchange as a disciplinary sanction or whose most recent registration has been terminated for a period of two or more years. The Exchange believes that this proposed rule change helps meet the important goals of appropriate registration and qualification for all persons engaged in the securities business and ensures that all associated persons are up to date with respect to the securities industry and will continue to be properly registered, trained and qualified to perform their functions.

Next, the Exchange is proposing to modify Interpretations and Policies .01, .02, and .03 of C2 Rule 3.4 to remove existing references to those with "an associated person status" enumerated under paragraph (a) through (c) of Rule 3.4 and extend the applicability to all individual Permit Holders or individuals associated persons subject to registration requirements in Rule 3.4. The Exchange also proposes to amend Interpretation and Policy .03 to require that each individual required to register under Rule 3.4 satisfy the continuing education requirements set forth in Rule 9.3A and any other applicable continuing education requirements as prescribed by the Exchange. The Exchange believes these proposed changes also help to achieve the

⁸ See CBOE Rule 3.6A(d).

important goals of appropriate registration and qualification for all persons engaged in the securities business, as well as ensures that all associated persons are up to date with respect to the securities industry and will continue to be, properly registered, trained and qualified to perform their functions.

The Exchange proposes to adopt Interpretation and Policy .05 to codify in the rule what it means to be engaged in the securities business of a Permit Holder for purposes of this rule. Specifically, an individual Permit Holder or associated person will be considered to be a person engaged in the securities business of a Permit Holder if (i) the individual Permit Holder or individual associated person conducts proprietary trading, market-making, effects transactions on behalf of a broker-dealer, supervises or monitors proprietary trading, market-making, or brokerage activities on behalf the broker-dealer, supervises or conducts training of those engaged in proprietary trading, market-making, or brokerage activities on behalf of a broker-dealer account; or (ii) the individual Permit Holder or individual associated person engages in the management of one or more of the activities identified in (i) above as an officer, partner or a director. The Exchange believes incorporating this definition into the rule provides additional clarity to Permit Holders and associated persons as to who will or will not be considered to be a person engaged in the securities business of a Permit Holder, which will thereby reduce potential confusion.

The Exchange next seeks to add Interpretation and Policy .06 which requires registration and successful completion of a heightened examination by at least two individuals that are each an officer, partner or director of each Permit Holder that is a registered broker-dealer and has trading privileges on the Exchange. However, the Exchange notes that all individuals who engage in supervisory functions of the Permit Holder's securities business shall be required to

register and pass the appropriate heightened qualification examination(s) relevant to the particular category of registration. Permit Holders that are sole proprietors will be exempt from this requirement. In addition, the Exchange may waive the requirement to have two officers, partners, and/or directors registered if a Permit Holder conclusively demonstrates that only one officer, partner or director should be required to register. For example, a Permit Holder could conclusively demonstrate that only one individual is required to register if such Permit Holder is owned by only one individual (such as a single member limited liability company), and such individual acts as the only trader on behalf of the Permit Holder and the Permit Holder employs only one other individual who functions only in a clerical capacity. The Exchange believes the proposed rule change helps to ensure that associated persons of Permit Holders are adequately and appropriately supervised, as well as ensures that those persons charged with such supervision are appropriately trained and qualified for their specific functions and responsibilities.

The Exchange is also proposing to allow Permit Holders that conduct proprietary trading only and have 25 or fewer registered persons to have only one officer or partner registered under this section, rather than two. This exception reflects that such Permit Holders do not necessitate the same level of supervisory structure as those Permit Holders that have customers or are larger in size. For purposes of Interpretation and Policy .06, a Permit Holder will be considered to conduct only proprietary trading if the Permit Holder has the following characteristics: (i) The Permit Holder is not required by Section 15(b)(8) of the Exchange Act to become a FINRA member but is a member of another registered securities exchange not registered solely under Section 6(g) of the Exchange Act; (ii) all funds used or proposed to be used by the Permit Holder are the Permit Holder's own capital, traded through the Permit Holder's own accounts; (iii) the Permit Holder does not, and will not, have customers; (iv) and all persons registered on behalf of

the Permit Holder acting or to be acting in the capacity of a trader must be owners of, employees of, or contractors to the Permit Holder.

Next, the Exchange proposes to add Interpretation and Policy .07 which would require registration categories for Permit Holders that conduct proprietary trading, market-making and/or that effect transactions on behalf of broker dealers and specifies the acceptable qualification examinations (and related registration categories) for Permit Holders that conduct proprietary trading, market-making and/or that effect transactions on behalf of broker dealers. Specifically, as described above, C2 Rule 3.4(a) provides that individual Permit Holders and individual associated persons engaged or to be engaged in the securities business of a Permit Holder must be registered with the Exchange in the category of registration appropriate to the function to be performed as prescribed by the Exchange. More specifically, an individual Permit Holder and/or individual associated person who is engaged in the securities business of a Permit Holder will be required to register as a Proprietary Trader (PT) in WebCRD and pass the related qualification examination, the Series 56. An individual Permit Holder or individual associated person will be required to register as a Proprietary Trader Principal (TP) in WebCRD and pass the related qualification examination, the Series 24 (and be registered as a Proprietary Trader (PT) as a prerequisite to taking the Series 24) if such individual acts in any of the following capacities on behalf of a Permit Holder: (i) Officer; (ii) partner; (iii) director; (iv) supervisor of proprietary trading, market-making or brokerage activities; and/or (v) supervisor of those engaged in proprietary trading, market-making or brokerage activities with respect to those activities. Lastly, the Chief Compliance Officer (or individual performing similar functions) for a Permit Holder that engages in proprietary trading, market-making or effecting transactions on behalf of a broker-dealer will be required to register as a Proprietary Trader Compliance Officer (CT) in

WebCRD and pass the related qualification examination, the Series 14 (and be registered as a Proprietary Trader (PT) as a prerequisite to taking the Series 14). The abovementioned registration categories are consistent with recent changes to CBOE Rule 3.6A and other exchange rules regarding registration and qualification.⁹ The Exchange believes these proposed rule changes are also important to ensure that all individual Permit Holders and associated persons of Permit Holders, including those engaging in transactions on the exchange and those supervising those engaging in transactions on the Exchange, are properly registered, trained and qualified to perform their functions. Additionally, the Exchange believes that the qualification examinations help ensure all associated persons engaged in a securities business are properly qualified for their specific functions as each of the abovementioned examinations address industry topics and regulatory and procedural knowledge relevant to the corresponding categories of registration. For example, the Exchange believes the Series 24 examination is an appropriate qualification examination for Proprietary Trader Principals as it tests the individual's knowledge and understanding of supervision-related rules. Finally, the Exchange notes that individuals must register in the category(ies) of registration appropriate to the function(s) to be performed as prescribed by the Exchange. For example, if an individual is to engage in proprietary trading and is also an officer of the Permit Holder, that individual must be registered as both a Proprietary Trader (PT) and Proprietary Trader Principal (TP).

The Exchange is also proposing to include a chart in Interpretation and Policy .07(b) to Rule 3.4 to identify the required registration categories, the applicable qualification examinations as set forth above and the alternative acceptable qualifications for each of the three registration categories referenced above. Specifically, the General Securities Representative (GS)

⁹ See Securities Exchange Act Release No. 67000 (May 16, 2012) 77 FR 30338 (May 22, 2012) (SR-CBOE-2012-039).

registration (Series 7) will serve as an acceptable alternative qualification to obtain the Proprietary Trader (PT) registration. The Exchange believes this is an acceptable alternative as the Series 7 is a comprehensive exam that encompasses proprietary trading. Accordingly, it would be unnecessary and redundant for someone who maintained the General Securities Representative (GS) registration to have to also pass the Series 56 examination. The Exchange also notes that other SROs permit individuals who maintain the General Securities Representative (GS) registration (Series 7) to qualify for a Proprietary Trader (PT) registration and/or require the General Securities Representative (GS) registration (Series 7) to serve as the appropriate category of registration for proprietary traders.¹⁰ Providing this alternative qualification avoids the imposition of duplicative examination requirements. Similarly, the General Securities Sales Supervisor registration (Series 9/10) and the General Securities Principal – Sales Supervisor Module registration (Series 23) collectively will serve as an alternative qualification to obtain the Proprietary Trader Principal (TP) registration. The Exchange notes that the Series 23 is designed to test a candidate’s knowledge of the rules and statutory provisions applicable to the management of a broker-dealer. The Series 23 also covers material from the Series 24 examination that is not otherwise covered under the Series 9/10 examination and accordingly, the Exchange believes the Series 23 along with a General Securities Sales Supervisors registration is an alternative qualification. Moreover, the Exchange notes that other SROs permit the Series 23 as an alternative to the Series 24 for its members who are registered as General Securities Sales Supervisors and seeking to be registered and qualified as General Securities Principals.¹¹ In addition, the General Securities Principal (GP) registration

¹⁰ See e.g., CBOE Rule 3.6A and NASDAQ OMX PHLX Rule 613.

¹¹ See e.g., CBOE Rule 3.6A. It is CBOE’s understanding that FINRA also permits the Series 23 as an alternative to the Series 24 for its members who are registered as General

(Series 24) or the Proprietary Trader Principal (TP) registration will serve as an alternative qualification to obtain the Proprietary Trader Compliance Officer (CT) registration. The Exchange notes that the Series 24 also establishes the skill and knowledge base necessary for a compliance official. The Exchange notes that acceptance of this alternative examination is consistent with other SROs' registration requirements¹² and that providing this alternative qualification avoids the imposition of duplicative examination requirements.

Finally, the Exchange proposes to adopt Interpretation and Policy .08 to state explicitly that any individual qualifying for a registration category pursuant to Rule 3.4 must satisfy all registration and qualification requirements prior to becoming engaged in the securities business of a Permit Holder or, as applicable, prior to acting in a capacity on behalf of a Permit Holder requiring such registration. While this requirement exists today, C2 is proposing to add this language to ensure that Permit Holders and applicable associated persons are reminded of their obligation to register and qualify all applicable associated persons prior to engaging in the securities business of the Permit Holder or, as applicable, prior to acting in a capacity on behalf of a Permit Holder requiring such registration. For example, if an existing employee who currently conducts a public customer business on behalf of the Permit Holder (and thus, maintains the General Securities Representative (GS) registration) wishes to engage in proprietary trading, that individual must be approved in WebCRD in the Proprietary Trader (PT) registration category prior to acting in the capacity of a proprietary trader on behalf of the Permit Holder.

Securities Sales Supervisors and who are seeking to register and qualify as General Securities Principals (See <http://www.finra.org/industry/compliance/registration/qualificationexams/qualifications/p011051>).

¹² See e.g., CBOE Rule 3.6A.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.¹³ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁴ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁵ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

First, the Exchange believes the proposed rule changes enhance C2’s registration and qualification requirements, as well as helps [sic] to ensure an effective supervisory structure for those conducting business on C2, which will provide additional protection to investors and further promote the public interest. Additionally, the Exchange believes that the proposed rule changes are designed to not permit unfair discrimination among market participants, as the proposed changes are applicable to all similarly situated Permit Holders and associated persons of Permit Holders.

¹³ 15 U.S.C. 78f(b).

¹⁴ 15 U.S.C. 78f(b)(5).

¹⁵ Id.

The Exchange also believes the proposed rule change is consistent with Section 6(c) of the Act, in general, and furthers the objectives of Section 6(c)(3)¹⁶ of the Act, which authorizes C2 to prescribe standards of training, experience and competence for persons associated C2 Permit Holders, in that the proposed rule provides for registration and qualification requirements (including alternative acceptable qualifications) for C2 Permit Holders. C2 believes the proposed changes are reasonable and set forth the appropriate qualifications for individual Permit Holders and individual associated persons who are required to register under C2 Rule 3.4, including, but not limited to, Market-Makers, proprietary traders and individuals effecting transactions on behalf of other broker-dealers. Additionally, the Exchange believes that these requirements bolster the integrity of the Exchange by helping to ensure that all individual Permit Holders and associated persons engaged in a securities business are, and will continue to be, properly trained and qualified to perform their functions and can be identified by regulators, as well as be subject to continuing education requirements. C2 also believes the proposed rule change will enhance C2's ability to ensure an effective supervisory structure for those conducting business on C2.

B. Self-Regulatory Organization's Statement on Burden on Competition

C2 does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange does not believe the proposed rule change will pose any burden on intramarket competition because it is applied to similarly situated Permit Holders and associated persons of Permit Holders. Further, the Exchange does not believe that such change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the

¹⁶ 15 U.S.C. 78f(c)(3).

purposes of the Act. The Exchange believes that the proposed rule changes will promote uniformity of regulation across markets and help to make the Exchange's registration, qualification and continuing education requirements more consistent with the requirements of other SROs.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁷ and Rule 19b-4(f)(6) thereunder.¹⁸

The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because the proposal will ensure that all individual Permit Holders and individual associated persons engaged or to be engaged in the securities business of a Permit Holder will be registered, qualified, and subject to continuing education requirements. Further, the proposal would render C2's Rule 3.4 substantially identical to CBOE Rule 3.6A, and it is substantially similar to previously submitted rule filings made by CBOE which have either been approved by the Commission or are now operative. Waiver of the delay would allow the Exchange to implement

¹⁷ 15 U.S.C. 78s(b)(3)(A).

¹⁸ 17 CFR 240.19b-4(f)(6).

the proposed rule change, enabling C2's Permit Holders to comply with the registration, qualification and continuing education requirements without undue delay. Therefore, the Commission designates the proposal operative upon filing.¹⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-C2-2014-002 on the subject line.

Paper comments:

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

¹⁹ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

All submissions should refer to File Number SR-C2-2014-002. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street, NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer

to File Number SR-C2-2014-002, and should be submitted on or before [INSERT DATE 21 DAYS FROM PUBLICATION IN THE FEDERAL REGISTER].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁰

Kevin M. O'Neill,
Deputy Secretary.
