AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burden and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501 - 3520), the Federal Communications Commission invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s). Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information burden for small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid OMB control number.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before

[INSERT DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

Number of Respondents and Responses: 10 respondents; 10 responses.

Estimated Time Per Response: 33 hours.

Frequency of Response: Third party disclosure requirement.

Obligation to Respond: Mandatory.

Total Annual Burden: 330 hours.

Total Annual Cost: \$0.00.

Nature and Extent of Confidentiality: Commission employees and the independent auditor are prohibited by 47 U.S.C. 220(f) from divulging any fact or information that may come to their knowledge in the course of performing the audit, except as directed by the Commission or a court.

Needs and Uses: The Commission will submit this expiring information collection after this 60 day comment period to the Office of Management and Budget (OMB) to obtain the full three year clearance. The Commission is reporting an adjustment which decreases the burden estimates to this information collection. The adjustment decreases the number of respondents from 25 to 10 (decrease of 15), and the annual hours are decreased from 825 to 330 hours (decrease of 495). The Commission has re-analyzed the burden for this collection and determined that the reporting requirements regarding the annual hourly burden are all attributable to third party disclosure requirements. There is no change in the reporting requirements.

The audit program, consisting of audit procedures and guidelines, is developed to conduct random audits. The random audits are conducted on the carriers that use numbering resources in order to verify the accuracy of numbering data reported on FCC Form 502, and to monitor

compliance with FCC rules, orders and applicable industry guidelines. Failure of the audited carriers to respond to the audits can result in penalties. Based on the final audit report, evidence of potential violations may result in enforcement action.

Federal Communications Commission.
