Monosodium Glutamate from the People’s Republic of China: Amended Preliminary Determination of Sales at Less Than Fair Value of the Antidumping Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (“the Department”) is amending the preliminary determination of the less-than-fair-value investigation of monosodium glutamate (“MSG”) from the People’s Republic of China (“PRC”) to correct certain ministerial errors.\(^1\) The period of investigation (“POI”) is January 1, 2013, through June 30, 2013.

EFFECTIVE DATE: [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

FOR FURTHER INFORMATION CONTACT: Milton Koch, or Jun Jack Zhao, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-2584, or (202) 482-1396, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 7, 2014, the Department disclosed to interested parties its calculations for the Preliminary Determination. On May 13, 2014, we received ministerial error comments from Ajinomoto North America Inc. (“Petitioner”); and Langfang Meihua Bio-Technology Co., Ltd., Meihua Holdings Group Co., Ltd., and Tongliao Meihua Biological SCI-TECH Co., Ltd.

(collectively, the Meihua Group), alleging that the Department made ministerial errors in the calculation of the Meihua Group’s weighted-average dumping margin.  

Scope of the Investigation

The scope of this investigation covers MSG, whether or not blended or in solution with other products. Specifically, MSG that has been blended or is in solution with other product(s) is included in this scope when the resulting mix contains 15 percent or more of MSG by dry weight. For a full description of the products covered by the less-than-fair-value investigation, see the Memorandum to Paul Piquado, Assistant Secretary, Enforcement and Compliance, from Christian Marsh, Deputy Assistant Secretary, “Preliminary Determination of the Less-Than-Fair-Value Investigation of Monosodium Glutamate from the People’s Republic of China: Ministerial Error Allegations Memorandum,” dated concurrently with and hereby adopted by this notice (“Ministerial Error Memo”). The Ministerial Error Memo is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (“IA ACCESS”). Access to IA ACCESS is available to registered users at http://iaaccess.trade.gov, and is available to all parties in the Central Records Unit, which is in room 7046 of the main Department of Commerce building. A list of the issues discussed in the Ministerial Error Memo is attached to this notice an appendix.

Ministerial Errors

Ministerial errors are defined in 19 CFR 351.224(f) as an error “in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any similar type of unintentional error which the Secretary considers ministerial.” 19 CFR 351.224(e) provides that the Department “will analyze any comments received and, if
appropriate, correct any significant ministerial error by amending the preliminary determination.” A significant ministerial error is defined as a ministerial error, the correction of which, singly or in combination with other errors, would result in: (1) a change of at least five absolute percentage points in, but not less than 25 percent of, the weighted-average dumping margin calculated in the original (erroneous) preliminary determination; or (2) a difference between a weighted-average dumping margin of zero or de minimis and a weighted-average dumping margin of greater than de minimis or vice versa.³

After analyzing the ministerial error comments, we determine, in accordance with 19 CFR 351.224(e), that we made the following ministerial errors in our calculations for the Preliminary Determination: we inadvertently miscalculated the Meihua Group’s organic bacteria protein by-product, high protein scrap by-product, foreign inland freight distance, home country distances and freight charges, 20-foot container weight for brokerage and handling expenses, and certain inputs for the production of MSG. Moreover, we determine that these errors in combination constitute a “significant ministerial error” as defined in 19 CFR 351.224(g)(1). Accordingly, we corrected these errors. As a result of correcting these errors in the calculation of the Meihua Group’s weighted-average dumping margin, the weighted-average dumping margin for the companies granted separate-rate status must also be revised because the rate for those companies was derived from the Meihua Group’s rate.⁴ The weighted-average dumping margin for the PRC-wide entity also must be revised because it was based on the

Meihua Group’s highest transaction-specific dumping margin. For a detailed discussion of these ministerial errors, as well as the Department’s analysis, see the Ministerial Error Memo.

In accordance with 19 CFR 351.224(e), we are amending the Preliminary Determination of the less-than-fair-value investigation of MSG from the PRC. The revised weighted-average dumping margins are detailed below.

**Amended Preliminary Determination**

As a result of the correction of the ministerial error, the amended weighted-average dumping margins for the preliminary determination are as follows:

indicated in the chart above. These suspension of liquidation instructions will remain in effect until further notice.

International Trade Commission (ITC) Notification

In accordance with section 733(f) of the Act, we have notified the ITC of our amended preliminary affirmative determination of sales at LTFV. Section 735(b)(2) of the Act requires the ITC to make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of MSG, or sales (or the likelihood of sales) for importation, of the merchandise under consideration within 45 days of our final determination.

Notification to Interested Parties

The Department will disclose calculations performed in connection with this amended preliminary determination within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

This amended preliminary determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.224(e).
