STATUS: Open to the public, limited only by the net conference and audio phone lines available.

PURPOSE: The committee provides advice and guidance to the Secretary, HHS; the Assistant Secretary for Health; and the Director, CDC, regarding the formative research, development, implementation and evaluation of evidence-based activities designed to prevent breast cancer (particularly among those at heightened risk) and promote the early detection and support of young women who develop the disease. The advice provided by the Committee will assist in ensuring scientific quality, timeliness, utility, and dissemination of credible appropriate messages and resource materials.

MATTERS FOR DISCUSSION: The agenda will include discussions on the current and emerging topics related to breast cancer in young women. These include current survivorship activities and public health campaign

activities. Other areas of discussion may include risk communication and health education, as well as approaches to increase awareness of clinicians/practitioners regarding topics such as breast cancer risk, breast health, symptoms, diagnosis, and treatment of breast cancer in young women.

Agenda items are subject to change as priorities dictate.

Online Registration Required: All ACBCYW Meeting participants must register for the meeting online at least three business days in advance at http://www.cdc.gov/cancer/breast/what_cdc_is_doing/meetings.htm. Please complete all the required fields before submitting your registration and submit no later than August 6, 2014.
