**SUPPLEMENTARY INFORMATION:**

*Title of Collection:* Financial Coaching Program for Veterans and Low-income Consumers.

*OMB Control Number:* 3170-XXXX.

*Type of Review:* New collection (Request for a new OMB control number).

*Affected Public:* Individuals.

*Estimated Number of Respondents:* 10,000.

*Estimated Total Annual Burden Hours:* 3,792.

*Abstract:* Beginning in late 2014, CFPB will launch a Financial Coaching project to provide direct financial coaching services to transitioning veterans and economically vulnerable consumers nationwide. Over three years, it is estimated that tens of thousands of consumers will be served. In order for CFPB to understand whether the program is effective and for the financial coaches to be able to deliver efficient services and track clients over time, CFPB will need to take steps to evaluate the program. This will include a process evaluation to examine program implementation and an outcomes evaluation to examine program effects on clients. The process and outcome evaluations will involve three key data collection efforts: administrative data collected about clients by financial coaches for programmatic purposes; interview data
collected by evaluators from key informants such as coaching clients, financial coaches and program administrators; and self-reported survey data from coaches and coaching clients. The information to be collected from clients will likely include a combination of personal information (basic contact and demographic information), performance metrics (outputs), client-level outcomes (progress towards financial goals or other relevant outcomes) and programmatic and organizational outcomes.

REQUEST FOR COMMENTS: Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval. All comments will become a matter of public record.
