[Release No. 34-73779; File No. SR-NSCC-2014-12]

Self-Regulatory Organizations; National Securities Clearing Corporation; Notice of Filing of Proposed Rule Change to Amend NSCC's Rules and Procedures in Connection with the Discontinuance of the Analytic Reporting Service

December 8, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 25, 2014, National Securities Clearing Corporation ("NSCC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Item I, II and III below, which Items have been prepared by NSCC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change consists of amendments to Rule 57 (Insurance and Retirement Processing Services) and Addendum A (Fee Structure) of NSCC's Rules & Procedures in connection with the discontinuance of the Analytic Reporting Service, as more fully described below. The text of the proposed rule change is available on NSCC's website at <http://www.dtcc.com/legal/sec-rule-filings.aspx>, at the principal office of NSCC, and at the Commission's Public Reference Room.

II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

In its filing with the Commission, NSCC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NSCC has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

(A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Statement of Purpose

Background. In 2011, NSCC launched the Analytic Reporting Service (“Service”) as part of NSCC’s suite of insurance and retirement services.³ The Service gives subscribing NSCC members access to aggregated insurance products information, including benchmarking information and league tables (such aggregated information, collectively, “Analytics Data”). The Analytics Data produced by the Service is primarily sourced from data and information transmitted to NSCC by its members in connection with NSCC’s other insurance and retirement service (“IPS Data”). In 2013, at members’ requests, NSCC enhanced the Service to among other things include, as source data for the Service, insurance transaction data processed outside of NSCC but submitted to NSCC for inclusion in the Service by its members and other third parties (“Storage Data”).⁴

Prior to implementation of the Service, the suite of insurance and retirement services consisted of transmission and receipt of IPS Data from one member to another,

with NSCC merely serving as a conduit for such exchanges of information. With the implementation of the Service, NSCC began maintaining and storing IPS Data for purposes of creating Analytics Data.

Proposed Rule Change. Since its launch, subscribers to the Service have been few, and presently, there are only 12 members subscribing. As a result, NSCC is not recovering the costs of maintaining the Service. For this reason, NSCC proposes to amend Rule 57, Section 12 to eliminate the Service. All 12 members have been notified of NSCC's intention to discontinue the Service, and though some of the members have expressed disappointment that the Service is being discontinued, none have objected. Accordingly, NSCC will discontinue the Service effective the close of business on December 31, 2014, or if Commission approval is later than such date, immediately upon Commission approval.

In addition, NSCC will amend Addendum A, to remove the fee structure applicable to the Service.

As noted above, prior to implementation of the Service, NSCC did not maintain or store any IPS Data; it merely transmitted such data from one member to another. In connection with elimination of the Service, NSCC proposes to amend Rule 57, Section 1, to explicitly state that NSCC will maintain and store IPS Data transmitted to it by and between its members, which IPS Data has not otherwise been rejected, withdrawn or deleted pursuant to the provisions of Rule 57.⁵ NSCC shall also retain the right to

⁵ NSCC notes that IPS Data that constitutes "Clearing Data" is and will be subject to the prohibitions, limitations and exceptions set forth in Rule 49 (Release of Clearing Data and Clearing Fund Data). In general, Rule 49 limits NSCC's ability to release Clearing Data relating to transactions of a particular participant. Rule 49 defines "Clearing Data" as transaction data which is received by NSCC

evaluate the usefulness of such IPS Data, including by providing such IPS Data to third parties under appropriate agreements of confidentiality and to prohibit such third parties from using such IPS Data other than for evaluation of such IPS Data's potential usefulness. Any proposed future use by NSCC of such stored and maintained IPS Data shall be subject to a proposed rule change filing with the Commission. With respect to Storage Data supplied to NSCC for inclusion in the Service, NSCC shall only retain such Storage Data in compliance with its data retention policy and shall dispose of all Storage Data in accordance with such policy. Storage Data shall not be stored or maintained for purposes of evaluation for future use by NSCC.

2. Statutory Basis

NSCC believes that the proposed rule change is consistent with the requirements of the Act, and the rules and regulations thereunder applicable to NSCC, in particular Section 17A(b)(3)(F) of the Act,⁶ which requires that NSCC's Rules be designed to promote the prompt and accurate clearance and settlement of securities transactions. Given the limited number of subscribers to the Service, NSCC has determined that it is not economically efficient to maintain the Service. As such, by identifying and eliminating a Service [sic] that is not economically efficient, NSCC can better apply its economic resources, which promotes the prompt and accurate clearance and settlement of securities transactions. Further, discontinuance of the Service will be implemented consistently with the safeguarding of securities and funds in NSCC's custody or control

for inclusion in the clearance and/or settlement process of NSCC, or such data, reports or summaries thereof, which may be produced as a result of processing such transaction data.

or for which NSCC is responsible because the Service is strictly an information service; accordingly, discontinuance of the Service will neither directly nor indirectly affect NSCC's safeguarding of securities or funds in its custody or control or for which it is responsible.

(B) Clearing Agency's Statement on Burden on Competition

NSCC does not believe that the proposed rule change will have any impact, or impose any burden on competition.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments relating to the proposed rule change have not yet been solicited or received. NSCC will notify the Commission of any written comments when received by NSCC.

III. Date of Effectiveness of the Proposed Rule Change, and Timing for Commission Action

Within 45 days of the date of publication of this notice in the Federal Register or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) by order approve or disapprove such a proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.
