### Agency Information Collection Activities: Proposed Collection; Comment Request

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Notice of pending NRC action to submit an information collection request to the Office of Management and Budget (OMB) and solicitation of public comment.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) invites public comment about our intention to request the OMB's approval for renewal of an existing information collection that is summarized below. We are required to publish this notice in the *Federal Register* under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 35).

Information pertaining to the requirement to be submitted:

1. *The title of the information collection:* Requests to Non-Agreement States for Information.
2. *Current OMB approval number:* 3150-0200.
3. *How often the collection is required:* On occasion.

4. *Who is required or asked to report:* The 15 Non-Agreement States (13 States, the District of Columbia, and the Commonwealth of Puerto Rico that have not signed section 274(b) Agreements with the NRC).
  
5. *The number of annual respondents:* 15.
  
6. *The number of hours needed annually to complete the requirement or request:* 1,089.
  
7. *Abstract:* The NRC is seeking to revise this information collection to be a plan for a generic collection of information. The need and practicality of the collection can be evaluated, but the details of the specific individual collections will not be known until a later time. Requests may be made of Non-Agreement States that are similar to those of Agreement States to provide a more complete overview of the national program for regulating radioactive materials. This information would be used in the decision-making of the Commission. With Agreement States and as part of the NRC's cooperative post-agreement program with the States pursuant to section 274(b), information on licensing and inspection practices, and/or incidents, and other technical and statistical information are exchanged. Therefore, information requests sought may take the form of surveys, e.g., telephonic and electronic surveys/polls and facsimiles.

Submit, by **[INSERT DATE 60 DAYS AFTER PUBLICATION IN THE *FEDERAL REGISTER*]**, comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the burden estimate accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection be minimized, including the use of automated collection techniques or other forms of information technology?
