SECURITIES AND EXCHANGE COMMISSION  
[Release No. 34-73991; File No. SR-NYSEMKT-2014-108]

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending Its Price List to Eliminate Transaction Fees for Midpoint Passive Liquidity Orders that Remove Liquidity from the Exchange and that Are Designated with a “Retail” Modifier as Defined in Rule 13 – Equities  
January 6, 2015.

Pursuant to Section 19(b)(1)<sup>1</sup> of the Securities Exchange Act of 1934 (the “Act”)<sup>2</sup> and Rule 19b-4 thereunder,<sup>3</sup> notice is hereby given that, on December 22, 2014, NYSE MKT LLC (the “Exchange” or “NYSE MKT”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its Price List to eliminate transaction fees for Midpoint Passive Liquidity (“MPL”) Orders that remove liquidity from the Exchange and that are designated with a “retail” modifier as defined in Rule 13 – Equities. The Exchange proposes to implement the fee change effective January 2, 2015. The text of the proposed rule change is available on the Exchange’s website at [www.nyse.com](http://www.nyse.com), at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Price List to eliminate transaction fees for MPL Orders that remove liquidity from the Exchange and that are designated with a "retail" modifier as defined in Rule 13– Equities ("Rule 13"). The Exchange proposes to implement the fee change effective January 2, 2015.

For securities priced \$1.00 or greater, the Exchange currently charges a fee of \$0.0028 per share for all MPL Orders<sup>4</sup> that remove liquidity from the NYSE MKT. For non-ETP securities traded pursuant to unlisted trading privileges ("UTP") priced at \$1.00 or greater, the Exchange currently charges a fee of \$0.0030 for all MPL Orders that remove liquidity from the Exchange. For ETPs traded pursuant to UTP, the Exchange currently charges a fee of \$0.0029 for all MPL Orders that remove liquidity from the Exchange. The Exchange proposes to eliminate the fee for MPL Orders that remove liquidity from the Exchange that are designated with a "retail" modifier as defined in Rule 13.

To be eligible for the proposed pricing for MPL Orders, an MPL Order would need to meet the requirements to be designated as "retail" pursuant to Rule 13. An order designated as

---

<sup>4</sup> MPL Order is defined in Rule 13 as an undisplayed limit order that automatically executes at the mid-point of the protected best bid or offer ("PBBO").

“retail” under Rule 13 is an agency or riskless principal order that meets the criteria of Financial Industry Regulatory Authority, Inc. Rule 5320.03 and that (1) originates from a natural person and (2) is submitted to the Exchange by a member organization, provided that no change is made to the terms of the order with respect to price or side of market and the order does not originate from a trading algorithm or any other computerized methodology.<sup>5</sup>

To submit an order with a “retail” modifier, a member or member organization must submit an attestation, in a form prescribed by the Exchange, that substantially all orders submitted as “retail” will qualify as such. Further, Rule 13 requires a member organization to have written policies and procedures reasonably designed to assure that it will only designate orders as “retail” if all requirements are met.<sup>6</sup> In addition, a member organization would be required to designate such MPL Order as “retail” pursuant to Rule 13.<sup>7</sup>

The Exchange proposes to retain the fee for MPL Orders that remove liquidity from the Exchange but that are not designated with a “retail” modifier at the current rates. The proposed

---

<sup>5</sup> An order designated as “retail” under Rule 13 is separate and distinct from a “Retail Order” within the Retail Liquidity Program under Rule 107C. The proposed rule change solely concerns orders designated as “retail” pursuant to Rule 13.

<sup>6</sup> Such written policies and procedures require the member organization to (1) exercise due diligence before entering a “retail” order to assure that entry as a “retail” order is in compliance with the applicable requirements, and (2) monitor whether orders entered as “retail” orders meet the applicable requirements. If a member organization represents “retail” orders from another broker-dealer customer, the member organization’s supervisory procedures must be reasonably designed to assure that the orders it receives from such broker-dealer customer that it designates as “retail” orders meet the definition of a “retail” order. The member organization must (i) obtain an annual written representation, in a form acceptable to the Exchange, from each broker-dealer customer that sends it orders to be designated as “retail” orders that entry of such orders as “retail” orders will be in compliance with the applicable requirements; and (ii) monitor whether its broker-dealer customer’s “retail” order flow meets the applicable requirements.

<sup>7</sup> Currently, a member organization may designate an order as “retail” either by means of a specific tag in the order entry message, as with other order modifiers, or by designating a particular member or member organization mnemonic used at the Exchange as a “retail mnemonic.”

amended Price List would distinguish MPL Orders that remove liquidity and that are designated as “retail” under Rule 13, which would not be charged a fee, from MPL Orders that remove liquidity and that are not designated as “retail” under Rule 13, and which would continue to be charged the existing fee for MPL Orders that take liquidity. The Exchange proposes to make comparable amendments to the Price List relating to pricing applicable to Floor broker executions of MPL Orders.

The proposed change is not otherwise intended to address any other issues, and the Exchange is not aware of any problems that members and member organizations would have in complying with the proposed change.

## 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,<sup>8</sup> in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,<sup>9</sup> in particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes that removing a fee for MPL Orders that remove liquidity from the Exchange and that are designated as “retail” is reasonable because it will encourage the submission of orders that meet the requirements to be designated as “retail” to the Exchange, thus enhancing order execution opportunities for all participants, but specifically retail investors. The “retail” modifier under Rule 13 along with its pricing is designed to incentivize the

<sup>9</sup> 15 U.S.C. 78f(b)(4) and (5).

submission of additional retail order flow to a public market like the Exchange.<sup>10</sup> Moreover, the Exchange believes that markets and price discovery optimally function through the interactions of diverse flow types, and also believes that growth in internalization has required differentiation of retail order flow from other order flow types. As the Exchange has previously noted, a significant percentage of the orders of individual investors are executed over-the-counter.<sup>11</sup> The Exchange accordingly further believes that the proposed change is reasonable because it would contribute to maintaining or increasing the proportion of retail flow in Exchange-listed securities that are executed on a registered national securities exchange, rather than executing in off-exchange venues.

Finally, the Exchange notes that while the proposed price change would treat retail order flow differently from order flow submitted by other market participants, such segmentation would not be inconsistent with Section 6(b)(5) of the Act,<sup>12</sup> which requires that the rules of an exchange are not designed to permit unfair discrimination. The Commission has previously recognized that the markets generally distinguish between retail investors, whose orders are considered desirable by liquidity providers because such retail investors are presumed on average to be less informed about short-term price movements, and professional traders, whose orders are presumed on average to be more informed.<sup>13</sup> The Commission has further recognized that,

<sup>11</sup> Securities Exchange Act Release Nos. 71878 (April 4, 2014), 79 FR 19936 (April 10, 2014) (SR-NYSEMKT-2014-25); see also Securities Exchange Act Release No. 34-73702 (Nov. 28, 2014), 79 FR 72049, 72051 (Dec. 4, 2014) (order approving NASDAQ OMX BX Retail Price Improvement Program and noting that most marketable retail order flow is executed in the over-the-counter markets, pursuant to bilateral agreements, without ever reaching a public exchange) (“BX Retail Approval Order”).

<sup>13</sup> See BX Retail Approval Order at 72051.

because of this distinction, liquidity providers are generally inclined to offer price improvement to less informed retail orders than to more informed professional orders.<sup>14</sup> The Exchange believes that the differentiation proposed herein is not designed to permit unfair discrimination, but instead is reasonably designed to attract retail flow to the Exchange, while helping to ensure that retail investors benefit from the better price that liquidity providers are willing to give their orders. The Exchange believes that the proposed increase of retail order flow to the Exchange might also create a desirable opportunity for institutional investors to interact with retail order flow that they are not able to reach currently. The Exchange therefore believes that the proposed change would further promote a competitive process around retail executions such that retail investors would receive better prices than they currently do through bilateral internalization arrangements. The Exchange believes that the transparency and competitiveness of the proposed rule change on an exchange market would result in better prices for retail investors.<sup>15</sup> The proposed change is also equitable and not unfairly discriminatory because it would contribute to investors' confidence in the fairness of their transactions and because it would benefit all investors by increasing the liquidity pool and potential for price-improving executions at the Exchange.

The Exchange notes that other markets offer separate non-tier and tiered pricing for retail orders, see NASDAQ Price List, available at <http://nasdaqtrader.com/Trader.aspx?id=PriceListTrading2>, and EDGX Exchange Fee Schedule, available at <http://www.directedge.com/trading/EDGXFeeSchedule.aspx>, as well as retail price improvement pricing for "Retail Orders" that remove displayed liquidity or mid-point peg liquidity. See BATS BYX Exchange Fee Schedule, available at [http://cdn.batstrading.com/resources/regulation/rule\\_book/BATS-Exchanges\\_Fee\\_Schedules.pdf](http://cdn.batstrading.com/resources/regulation/rule_book/BATS-Exchanges_Fee_Schedules.pdf) [sic].

The proposed change is also equitable and not unfairly discriminatory because the ability to designate MPL Orders as “retail” is available equally to all similarly situated members and member organizations that submit qualifying orders and satisfy the other related, existing requirements.

The Exchange believes that it is subject to significant competitive forces, as described below in the Exchange’s statement regarding the burden on competition.

For the foregoing reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization’s Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,<sup>16</sup> the Exchange believes that the proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Instead, the Exchange believes that the proposed change would increase competition among execution venues and encourage additional execution opportunities on the Exchange. For the same reasons, the proposed change also would not impose any burden on competition among market participants. The Exchange believes that while it is the first to offer orders with a “retail” modifier the ability to take at the mid-point for free through MPL Orders, providing significant price improvement, the proposed change also permits the Exchange to compete with other markets, including NASDAQ, which does not charge but provides a credit for designated Retail Orders that take liquidity in Retail Liquidity Provider programs,<sup>17</sup> as well as over-the-counter trading that offers mid-point executions at low fees.

Finally, the Exchange notes that it operates in a highly competitive market in which

<sup>17</sup> See Securities Exchange Act Release Nos. 70860 (November 13, 2013), 78 FR 69512 (November 19, 2013) (SR-NASDAQ-2013-138).

market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive or rebate opportunities available at other venues to be more favorable. In such an environment, the Exchange must continually adjust its fees and rebates to remain competitive with other exchanges and with alternative trading systems that have been exempted from compliance with the statutory standards applicable to exchanges. Because competitors are free to modify their own fees and credits in response, and because market participants may readily adjust their order routing practices, the Exchange believes that the degree to which fee changes in this market may impose any burden on competition is extremely limited. As a result of all of these considerations, the Exchange does not believe that the proposed changes will impair the ability of member organizations or competing order execution venues to maintain their competitive standing in the financial markets.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)<sup>18</sup> of the Act and subparagraph (f)(2) of Rule 19b-4<sup>19</sup> thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the
