Department of Transportation
Pipeline and Hazardous Materials Safety Administration

Notice of Application for Modification of Special Permit

Agency:
Office of Hazardous Materials Safety, Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

Action:
List of Application for Modification of Special Permits.

Summary:
In accordance with the procedures governing the application for, and the processing of, special permits from the Department of Transportation's Hazardous Material Regulations (49 CFR part 107, Subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the applications described herein. This notice is abbreviated to expedite docketing and public notice. Because the sections affected, modes of transportation, and the nature of application have been shown in earlier Federal Register publications, they are not repeated here. Requests for modification of special permits (e.g. to provide for additional hazardous materials, packaging design changes, additional mode of transportation, etc.) are described in footnotes to the application number. Application numbers with the suffix "M" denote a modification request. These applications have been separated from the new application for special permits to facilitate processing.
DATES:
Comments must be received on or before [INSERT DATE 15 DAYS AFTER DATE OF
PUBLICATION IN THE FEDERAL REGISTER].

ADDRESS COMMENTS TO:
Record Center, Pipeline and Hazardous Materials Safety Administration
U.S. Department of Transportation
Washington, DC 20590.

Comments should refer to the application number and be submitted in triplicate.
If confirmation of receipt of comments is desired, include a self-addressed
stamped postcard showing the special permit number.

FOR FURTHER INFORMATION:
Copies of the applications are available for inspection in the Records Center,
East Building, PHH-30, 1200 New Jersey Avenue Southeast, Washington DC or at
http://regulations.gov.

This notice of receipt of applications for modification of special permit is
published in accordance with Part 107 of the Federal hazardous materials
transportation law (49 U.S.C. 5117(b); 49 CFR 1.53(b)).

Issued in Washington, DC, on January 8, 2015.

Donald Burger,
Chief, General Approvals and Permits.
