ACTION: Notice.

This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. A copy of the

SUPPLEMENTARY INFORMATION

I. Background: The Office of Workers' Compensation Programs (OWCP) administers the Federal Mine Safety and Health Act of 1977 as amended, Section 432 (30 U.S.C. 942) and 20 CFR 725.621 necessitate this information collection. Under this Act, Coal mine operators, their representatives, or their insurers who have been identified as responsible for paying Black Lung benefits to an eligible miner or an eligible surviving dependent of the miner, are called Responsible Operators (RO's). RO's that pay benefits are required to report any change in the benefit amount to the Department of Labor (DOL). The CM-908, when

completed and sent to DOL, notifies DOL of the change in the beneficiary's benefit amount and the reason for the change. The Federal Mine Safety and Health Act of 1977 as amended, Section 432 (30 U.S.C. 942) and 20 CFR 725.621 necessitate this information collection. This information collection is currently approved for use through August 31, 2015.

II. Review Focus: The Department of Labor is particularly interested in comments which:

- * evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- * evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- * enhance the quality, utility and clarity of the information to be collected; and

- * minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions: The Department of Labor seeks the approval for the extension of this currently-approved information collection in order to carry out its responsibility to evaluate an applicant ability to be a representative payee. If the Program were not able to screen representative payee applicants the beneficiary's best interest would not be served.
