[Docket Number FRA-2014-0127]

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that by a document dated December 17, 2014, Keolis Commuter Services (KRSM), a contracted commuter railroad operator for the Massachusetts Bay Transportation Authority, has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from several provisions of the Federal railroad safety regulations. Specifically, KRSM requests relief from certain provisions of 49 CFR Part 240, Qualification and Certification of Locomotive Engineers, and Part 242, Qualification and Certification of Conductors. The request was assigned Docket Number FRA-2014-0127. The relief is contingent on KRSM's implementation of and participation in the Confidential Close Call Reporting System (C³RS) pilot project.

KRSM seeks to shield reporting employees and the railroad from mandatory punitive sanctions that would otherwise arise as provided in 49 CFR 240.117(e)(1)–(4); 240.305(a)(1)–(4) and (a)(6); 240.307; and 242.403(b), (c), (e)(1)–(4), (e)(6)–(11), (f)(1)–(2). The C³RS pilot project encourages certified operating crew members to report close calls and protects the employees and the railroad from discipline or sanctions arising from the incidents reported per the C³RS Implementing Memorandum of Understanding.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue, S.E., W12-140, Washington, DC 20590.
