ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

EPA-R09-OAR-2014-0851; FRL-9923-07-Region 9

Revisions to the California State Implementation Plan, South Coast Air Quality Management District and Sacramento Metropolitan Air Quality Management District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: The Environmental Protection Agency (EPA) is taking direct final action to approve revisions to the Sacramento Metropolitan Air Quality Management District (SMAQMD) and South Coast Air Quality Management District (SCAQMD) portions of the California State Implementation Plan (SIP). These revisions concern particulate matter (PM) emissions from residential wood burning and particulate matter air pollution control devices. We are approving local rules that regulate these emission sources under the Clean Air Act (CAA or the Act).

DATES: This rule is effective on [**Insert date 60 days after the date of publication in the Federal Register**] without further notice, unless EPA receives adverse comments by [**Insert date 30 days after the date of publication in the Federal Register**]. If

we receive such comments, we will publish a timely withdrawal in the **Federal Register** to notify the public that this direct final rule will not take effect.

ADDRESSES: Submit comments, identified by docket number EPA-R09-OAR-2014-0851, by one of the following methods:

1. *Federal eRulemaking Portal:* www.regulations.gov. Follow the on-line instructions.
2. *E-mail:* steckel.andrew@epa.gov.
3. *Mail or deliver:* Andrew Steckel (Air-4), U.S. Environmental Protection Agency Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

Instructions: All comments will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Information that you consider CBI or otherwise protected should be clearly identified as such and should not be submitted through www.regulations.gov or e-mail.

www.regulations.gov is an "anonymous access" system, and EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send e-mail directly to EPA, your e-mail address will be automatically captured and

included as part of the public comment. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: Generally, documents in the docket for this action are available electronically at www.regulations.gov and in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California 94105-3901. While all documents in the docket are listed at www.regulations.gov, some information may be publicly available only at the hard copy location (e.g., copyrighted material, large maps), and some may not be publicly available in either location (e.g., CBI). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT: Christine Vineyard, EPA Region IX, (415) 947-4125, vineyard.christine@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document, "we," "us," and "our" refer to EPA.

Table of Contents

- I. The State's Submittal.
 - A. What rules did the State submit?
 - B. Are there other versions of these rules?

C. What is the purpose of the submitted rules?

II. EPA's Evaluation and Action.

A. How is EPA evaluating the rules?

B. Do the rules meet the evaluation criteria?

C. EPA recommendations to further improve the rules.

D. Public comment and final action.

III. Statutory and Executive Order Reviews.

I. The State's Submittal.

A. *What rules did the State submit?*

Table 1 lists the rules we are approving with the dates that they were amended by the local air agencies and submitted by the California Air Resources Board (CARB).

Table 1 - Submitted Rules

Local Agency	Rule #	Rule Title	Amended	Submitted
SMAQMD	421	Mandatory Episodic Curtailment of Wood and Other Solid Fuel Burning (except section 402)	09/24/09	09/21/12
SCAQMD	1155	Particulate Matter (PM) Control Devices	05/02/14	07/25/14

On October 11, 2012 and September 11, 2014, EPA determined that the submittal for SMAQMD Rule 421 and SCAQMD Rule 1155,

respectively, met the completeness criteria in 40 CFR Part 51 Appendix V, which must be met before formal EPA review.

B. *Are there other versions of these rules?*

There are no previous versions of SMAQMD Rule 421 and SCAQMD 1155 in the SIP, although the SCAQMD adopted an earlier version of Rule 1155 on December 4, 2009, and CARB submitted it to us on August 25, 2010. While we can act on only the most recently submitted version, we have reviewed materials provided with the previous submittal.

C. *What is the purpose of the submitted rules?*

PM contributes to effects that are harmful to human health and the environment, including premature mortality, aggravation of respiratory and cardiovascular disease, decreased lung function, visibility impairment, and damage to vegetation and ecosystems. Section 110(a) of the CAA requires States to submit regulations that control PM emissions. SMAQMD Rule 421 reduces emissions of particulate matter by restricting operation of wood burning appliances on days when the particulate matter concentration is forecast to exceed ambient air quality standards. SCAQMD Rule 1155 establishes minimum performance and maintenance requirements for permitted particulate matter (PM) air pollution control devices. EPA's technical support documents (TSD) have more information about these rules.

II. EPA's Evaluation and Action.

A. *How is EPA evaluating the rules?*

Generally, SIP rules must be enforceable (see section 110(a) of the Act) and must not relax existing requirements (see sections 110(1) and 193). In addition, SMAQMD and SCAQMD regulate PM_{2.5} nonattainment areas (see 40 CFR 81.305), so the Reasonably Available Control Measure (RACM) requirement (see CAA section 189(a)(1)) applies to these areas.

Guidance and policy documents that we use to evaluate enforceability and RACM requirements consistently include the following:

1. "Issues Relating to VOC Regulation Cutpoints, Deficiencies, and Deviations," EPA, May 25, 1988 (revised January 11, 1990) (the Bluebook).
2. "Guidance Document for Correcting Common VOC & Other Rule Deficiencies," EPA Region 9, August 21, 2001 (the Little Bluebook).
3. "State Implementation Plans; General Preamble for the Implementation of Title I of the Clean Air Act Amendments of 1990," 57 FR 13498 (April 16, 1992); 57 FR 18070 (April 28, 1992).
4. "State Implementation Plans for Serious PM-10 Nonattainment Areas, and Attainment Date Waivers for PM-10 Nonattainment

Areas Generally; Addendum to the General Preamble for the Implementation of Title I of the Clean Air Act Amendments of 1990," 59 FR 41998 (August 16, 1994).

5. "PM-10 Guideline Document," EPA 452/R-93-008, April 1993.

B. *Do the rules meet the evaluation criteria?*

We believe SMAQMD Rule 421 (except section 402) and the Financial Hardship Exemption Decision Tree outlining the criteria for granting waivers submitted as non-regulatory supplemental material, and SCAQMD Rule 1155 are consistent with the relevant policy and guidance regarding enforceability, RACM, and SIP relaxations. The TSDs have more information on our evaluation.

C. *Public comment and final action.*

As authorized in section 110(k)(3) of the Act, EPA is fully approving the submitted rules because we believe they fulfill all relevant requirements. We do not think anyone will object to this approval, so we are finalizing it without proposing it in advance. However, in the Proposed Rules section of this **Federal Register**, we are simultaneously proposing approval of the same submitted rules. If we receive adverse comments by [**Insert date 30 days after date of publication in the Federal Register**], we will publish a timely withdrawal in the **Federal Register** to notify the public that the direct final approval will not take effect and we will address the comments in a subsequent final

action based on the proposal. If we do not receive timely adverse comments, the direct final approval will be effective without further notice on [**Insert date 60 days after date of publication in the Federal Register**]. This will incorporate these rules into the federally enforceable SIP.

Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

III. Statutory and Executive Order Reviews.

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve State choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves State law as meeting Federal requirements and does not impose additional requirements beyond those imposed by State law. For that reason, this action:

- is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);

- does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 et seq.);
- is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.);
- does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4);
- does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
- does not provide EPA with the discretionary authority to address disproportionate human health or environmental effects with practical, appropriate, and legally permissible

methods under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the State, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

The Congressional Review Act, 5 U.S.C. 801 et seq., as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the Federal Register. A major rule cannot take effect until 60 days after it is published in the Federal Register. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States

Court of Appeals for the appropriate circuit by [Insert date 60 days from date of publication of this document in the Federal Register]. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. Parties with objections to this direct final rule are encouraged to file a comment in response to the parallel notice of proposed rulemaking for this action published in the Proposed Rules section of today's Federal Register, rather than file an immediate petition for judicial review of this direct final rule, so that EPA can withdraw this direct final rule and address the comment in the proposed rulemaking. This action may not be challenged later in proceedings to enforce its requirements (see section 307(b)(2)).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control,
Incorporation by reference, Intergovernmental relations,
Particulate matter, Reporting and recordkeeping requirements.

Dated: January 23, 2015.

Jared Blumenfeld,
Regional Administrator,
Region IX.

Part 52, Chapter I, Title 40 of the Code of Federal Regulations is amended as follows:

PART 52 APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS.

1. The authority citation for Part 52 continues to read as follows:

AUTHORITY: 42 U.S.C. 7401 et seq.

Subpart F - California

2. Section 52.220, is amended by adding paragraphs (c) (423) (i) (B) (2) and (ii) and (c) (447) (i) (C) to read as follows:

§52.220 Identification of plan.

* * * * *

(c) * * *

(423) * * *

(i) * * *

(B) * * *

(2) Rule 421, "Mandatory Episodic Curtailment of Wood and Other Solid Fuel Burning (except section 402)," amended on September 24, 2009.

(ii) Additional Material.

(A) Sacramento Metropolitan Air Quality Management District.

(1) Rule 421, "Mandatory Episodic Curtailment of Wood and Other Solid Fuel Burning," Financial Hardship Exemption Decision Tree, dated December 12, 2007.

* * * * *

(447) * * *

(i) * * *

(C) South Coast Air Quality Management District.

(1) Rule 1155, "Particulate Matter (PM) Control Devices,"
amended on May 2, 2014.
