Information Collection Request Title: *Healthy People* User Study

Abstract:

*Healthy People* is a national health promotion and disease prevention initiative managed out of the Office of the Assistant Secretary for Health (OASH), Office of Disease Prevention and Health Promotion (ODPHP). HHS/OS/OASH/ODPHP is seeking OMB approval to conduct a short survey using a self-administered questionnaire of state, local, and tribal organizations; *Healthy People* Consortium organizations; and *Healthy People* webinar attendees. The survey will be administered via a web-based platform.

The *Healthy People* initiative has provided a comprehensive set of data-driven, national disease prevention and health promotion objectives with 10-year targets aimed at improving the health of all Americans since 1979. *Healthy People 2020 (HP2020)* is the fourth iteration of the *Healthy People* initiative. Its overarching goals are: to attain high-quality, longer lives free of preventable disease, disability, injury, and premature death; to achieve health equity, eliminate disparities, and improve the health of all groups; to create social and physical environments that promote good health for all; and to promote quality of life, healthy development, and health behaviors across all life stages. *HP2020* consists of over 1200 objectives organized under 42 topic areas.

Likely Respondents: *Healthy People* State Coordinators, State Health Department Senior Deputy Directors, local and tribal health organizations, *Healthy People* Consortium organizations, and *Healthy People* webinar attendees.
