**SUMMARY:** The Environmental Protection Agency (EPA) is proposing to approve a request submitted on March 14, 2013, and supplemented on November 17, 2014, by the Indiana Department of Environmental Management to revise the state implementation plan for lead. The submittal updates Indiana's lead rule at Title 326 of the Indiana Administrative Code (IAC), Article 15. It also amends 326 IAC Article 20, to incorporate some of the provisions of EPA's National Emission Standard for Hazardous Air Pollutants for secondary lead smelters. IDEM made the revisions to increase the stringency and clarity of Indiana's lead SIP rules.

**SUPPLEMENTARY INFORMATION:** In the Final Rules section of this

Federal Register, EPA is approving a portion of the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If EPA does not receive adverse comments in response to this rule, no further activity is contemplated. If EPA receives adverse comments, EPA will withdraw the direct final rule and will address all public comments received in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule, and if that provision can be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is located in the Rules section of this Federal Register.
