SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Labor Exchange Reporting System information collection. A State submits quarterly performance data for Wagner-Peyser Act funded public labor exchange services through Form-ETA 9002 reports and for Veterans' Employment and Training Services (VETS)-funded labor exchange services through Form VETS-200 reports. Employment and Training (ET) Handbook No. 406 contains the report forms and provides instructions for completing these reports. ET Handbook No. 406 contains a total of eight reports (Forms ETA 9002-A, B, C, D, E, F and Forms-VETS 200-A, B, C). The various versions of Forms ETA-9002 and VETS-200 reports collect data on individuals who receive core

employment and workforce information services through the public labor exchange and VETS-funded labor exchange of the states' One-Stop delivery systems. Respondents are State governments and grantees and individuals providing information used by a State in preparing reports. Selected standardized information pertaining to customers in Wagner-Peyser Act programs are collected and reported for the purposes of general program oversight, evaluation, and performance assessment. The Wagner-Peyser Act authorizes this information collection. See 29 U.S.C. 49.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0240.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on August 31, 2015. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on June 11, 2015 (80 FR 33292).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1204-0240. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
