AUTHORITY: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks PRA authority for the Demonstration and Evaluation of the Short-Time Compensation Program (STC) information collection. The STC program is an option within the Unemployment Insurance (UI) system that allows an employer to reduce the hours of workers, while permitting workers to receive partial UI benefits for the non-worked hours. The objective of STC is to avoid layoffs during periods of reduced labor demand and, thereby, allow businesses to maintain their operations, retain valued employees, and prevent company morale from deteriorating. The DOL seeks to conduct a rigorous demonstration and impact evaluation of STC programs in two states in order better to understand the reasons for low take-up of STC and to evaluate the effectiveness of interventions designed to increase employer use. More specifically, the DOL seeks OMB approval under the PRA

for an information collection to conduct (1) in-depth interviews with state agency officials and employers and (2) employer surveys. These information collections are essential elements of the implementation study and the rigorous impact evaluation of the demonstration of the STC program. Middle Class Tax Relief and Job Creation Act of 2012 section 2166 authorizes this information collection. See 26 U.S.C. 3304 note.

This proposed information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. For additional information, see the related notice published in the Federal Register on March 23, 2015 (80 FR 15252).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register. In order to help ensure appropriate consideration, comments should mention OMB ICR Reference Number 201204-1291-002. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
