**I. Abstract.**

The Bureau of Reclamation (Reclamation) collects agency-wide recreation and concession information to fulfill congressional reporting requirements pursuant to current public laws, including the Land and Water Conservation Fund Act (Pub. L. 88-578), the Federal Water Project Recreation Act (Pub. L. 89-72), and the Federal Lands Recreation Enhancement Act (Pub. L. 108-477). In addition, collected information will permit relevant program assessments of resources managed by Reclamation, its recreation managing partners, and/or concessionaires for the purpose of contributing to the implementation of Reclamation's mission. More specifically, the collected information enables Reclamation to (1) evaluate the effectiveness of program management based on existing recreation and concessionaire resources and facilities, and (2) validate the efficiency of resources for public use within partner managed recreation resources, located on Reclamation project lands in the 17 Western States.
