**SUPPLEMENTARY INFORMATION:** On July 31, 2015, the Department’s revisions to 25 CFR Part 83 became final and effective (80 FR 37861). A key goal of the revisions was to improve transparency through increased notice of petitions and providing improved public access to petitions. Today the Department informs the public that three documented petitions have been submitted under the current regulations, that portions of those petitions are publically available on the Web site identified below for easy access, and that we are seeking public comment early in the process on these petitions.

Pursuant to the regulations, OFA notified 15 groups that the Department had identified them as having previously submitted complete documented petitions, under the 1994 acknowledgment regulations, which had not yet received final agency decisions. Section 83.7 of the regulations allow petitioners that have submitted a complete documented petition but have not yet received a final agency decision to choose whether to proceed applying those standards and processes set forth in the current regulations or the standards and processes of the superseded regulations; 25 CFR Part 83, revised as of February 25, 1994 (59 FR 9280). This notice informs the public that three petitioners have submitted complete documented petitions and are proceeding under the standards and processes set forth in the current regulations. Two of these petitioners elected not to supplement their petitions, and one elected to supplement its petition and did so immediately.

Under § 83.22(b)(1), OFA publishes notice that the following groups have each filed a documented petition for Federal acknowledgment as American Indian tribes to the Assistant Secretary – Indian Affairs:

- (ii) The date of receipt;
- (iii) The narrative portion of the documented petition, as submitted by the petitioner (with any redactions appropriate under § 83.21(b));

Additionally, OFA is required under § 83.22(c) to publish on the Web site other portions of the documented petition, to the extent feasible and allowable under Federal law, except

documentation and information protectable from disclosure under Federal law, as identified by Petitioner under § 83.21(b) or otherwise.
