CMS-R-193 Important Message from Medicare (IM)

CMS-R-244 Programs for All-inclusive Care of the Elderly (PACE) and Supporting Regulations

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

#### Information Collection

1. Type of Information Collection Request: Extension of a currently approved collection; Title of Information Collection: Important Message from Medicare (IM); Use: Hospitals have used the IM to inform original Medicare, Medicare Advantage, and other Medicare plan beneficiaries who are hospital inpatients about their hospital rights and discharge rights. In particular, the IM provides information about when a beneficiary will and will not be liable for charges for a continued stay in a hospital and offers a detailed description of the Quality Improvement Organization review process. Please note that this iteration proposes non-substantive changes to the form. Form Number: CMS-R-193 (OMB Control Number: 0938-0692). Frequency: Yearly; Affected Public: Private sector (Business or other for-profit and Not-for-profit institutions); Number of Respondents: 6,164; Total Annual Responses: 24,160,000;

Total Annual Hours: 3,624,000. (For policy questions regarding this collection contact Evelyn Blaemire at 410-786-1803.)

2. Type of Information Collection Request: Revision of a currently approved collection; Title of Information Collection: Programs for All-inclusive Care of the Elderly (PACE) and Supporting Regulations; Use: PACE organizations must demonstrate their ability to provide quality community-based care for the frail elderly who meet their state's nursing home eligibility standards using capitated payments from Medicare and the state. The model of care includes (as core services) the provision of adult day health care and multidisciplinary team case management, through which access to and allocation of all health services is controlled. Physician, therapeutic, ancillary, and social support services are provided in the participant's residence or on-site at the adult day health center. The PACE programs must provide all Medicare and Medicaid covered services including hospital, nursing home, home health, and other specialized services. Financing of this model is accomplished through prospective capitation of both Medicare and Medicaid payments. The information collection requirements are necessary to ensure that only appropriate organizations are selected to become PACE organizations and that we have the information necessary to monitor the care provided to the frail, vulnerable population served. Form Number: CMS-R-244 (OMB Control Number: 0938-0790; Frequency: Once and occasionally; Affected Public: Private sector (Not-for-profit institutions); Number of Respondents: 35; Total Annual Responses: 35; Total Annual Hours: 740. (For policy questions regarding this collection contact John Hebb at 410-786-6657.)
