During the February 2nd meeting of the RE&EEAC, committee members will discuss priority issues identified in advance by the Committee Chair and Sub-Committee leadership, hear from Department of Commerce officials and interagency partners on major issues impacting the competitiveness of the U.S. renewable energy and energy efficiency industries, and submit recommendations to the Department of Commerce intended to address these issues.

A limited amount of time before the close of the meeting will be available for pertinent oral comments from members of the public attending the meeting. To accommodate as many speakers as possible, the time for public comments will be limited to two to five minutes per person (depending on number of public participants). Individuals wishing to reserve additional speaking time during the meeting must contact Ms. Gunderson and submit a brief statement of the general nature of the comments, as well as the name and address of the proposed participant by 5:00 p.m. EST on Friday, January 22, 2016. If the number of registrants requesting to make statements is greater than can be reasonably accommodated during the meeting, the International Trade Administration may conduct a lottery to determine the speakers. Speakers are requested to submit a copy of their oral comments by email to Ms. Gunderson for distribution to the participants in advance of the meeting.

Any member of the public may submit pertinent written comments concerning the

RE&EEAC's affairs at any time before or after the meeting.
