

8011-01 p

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-76623; File No. SR-BATS-2015-112)

December 11, 2015

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Rules 11.13(b)(4)(A) and 21.9(a)(3)(A), Amending Aggressive Re-Route Instruction

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 2, 2015, BATS Exchange, Inc. (the “Exchange” or “BATS”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated this proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange is proposing to amend the Aggressive Re-Route instruction under Exchange Rule 11.13(b)(4)(A) to route such orders where that order has been locked or crossed by other Trading Centers on the Exchange’s cash equities trading platform (“BATS Equities”). Consistent with its practice of offering similar functionality for the Exchange’s equity options

³ 15 U.S.C. 78s(b)(3)(A).

⁴ 17 CFR 240.19b-4(f)(6).

trading platform (“BATS Options”) as it does for BATS Equities, the Exchange also proposes to amend Rule 21.9(a)(3)(A) to make similar changes with respect to BATS Options.

The text of the proposed rule change is available at the Exchange’s website at www.batstrading.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

With respect to BATS Equities, the Exchange currently allows Users to submit various types of limit orders to the Exchange that are processed pursuant to Exchange Rules 11.13(a) and 11.13(b), as set forth below. Rule 11.13(a) describes the process by which an incoming order would execute against the BATS Book for BATS Equities. To the extent an order has not been executed in its entirety against the BATS Book, Rule 11.13(b) then describes the process of routing marketable limit orders to one or more Trading Centers, including a description of how the Exchange treats any unfilled balance that returns to the Exchange following the first attempt to fill the order through the routing process. If not filled through routing, and based on the order instructions, the unfilled balance of the order may be posted to the BATS Book.

Similarly, with respect to BATS Options, Rule 21.8 describes the process by which an incoming order would execute against the BATS Options Book.⁵ To the extent an order has not been executed in its entirety against the BATS Options Book, Rule 21.9(a)(1) then describes the process of routing marketable limit orders to one or more other options exchanges, including a description of how the Exchange treats any unfilled balance that returns to the Exchange following the first attempt to fill the order through the routing process. If not filled through routing, and based on the order instructions, the unfilled balance of the order may be posted to the BATS Options Book.

Under previous Exchange rules,⁶ to the extent the unfilled balance of an order had been posted to the BATS Book, should the order subsequently be locked or crossed by another accessible Trading Center, the System⁷ would route the order to the locking or crossing Trading Center if instructed to do so by the User (the “RECYCLE Option”). The Exchange then filed a proposed rule change with the Commission for immediate effectiveness to modify the RECYCLE Option and rename it as the Aggressive and Super-Aggressive Re-Route instruction.⁸

⁵ As defined in Rule 16.1(a)(9).

⁶ See Securities Exchange Act Release Nos. 59967 (May 21, 2009), 74 FR 25793 (May 29, 2009) (SR-BATS-2009-015) (proposing to allow the designation of an order as eligible for re-routing after being posted to the BATS Book if another Trading Center has locked or crossed the posted order); 62404 (June 30, 2010), 75 FR 39303 (July 8, 2010) (SR-BATS-2010-017) (naming the designation of an order as eligible for re-routing after being posted to the BATS Book if another Trading Center has locked or crossed the posted order as the RECYCLE routing option).

⁷ As defined in Rule 1.5(aa), the System is the electronic communications and trading facility designated by the Board through which securities orders of Users are consolidated for ranking, execution and, when applicable, routing away.

⁸ See Securities Exchange Act Release No. 73296 (October 3, 2014), 79 FR 61121 (October 9, 2014) (SR-BATS-2014-044) (Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend Rules 11.13 and Rule 21.9) (adopting the Aggressive Re-Route instruction). In SR-BATS-2014-044, the RECYCLE Option was renamed Super Aggressive Re-Route instruction, under which a routable order posted to

The Aggressive Re-Route instruction subjects an order to the routing process after being posted to the BATS Book only if the order is subsequently crossed by another Trading Center (rather than if the order is locked or crossed). Further, a routable non-displayed limit order posted to the BATS Book that is crossed by another accessible Trading Center will be automatically routed to the crossing Trading Center. The Exchange proposes to modify the Aggressive Re-Route instruction to also provide that, where the order is locked by another accessible Trading Center, it would be automatically routed to the locking Trading Center. The proposed amendment would also apply to non-displayed orders with the Aggressive Re-Route instruction.⁹

In order to maintain consistency between the analogous Aggressive Re-Route instruction offered by BATS Equities and BATS Options, the Exchange proposes to modify the rules of BATS Options to conform to the changes described above related to the Aggressive Re-Route instruction. The proposed Aggressive Re-Route functionality for BATS Options is similar to the proposed functionality for BATS Equities, with the exception of language related to non-

the BATS Book routes to away Trading Centers to remove liquidity from such Trading Centers any time such order is locked or crossed. The Exchange subsequently expanded the Super Aggressive Re-Route instruction to provide that when any order with a Super Aggressive Re-Route instruction is locked by an incoming BATS Post Only Order or Partial Post Only at Limit Order that does not remove liquidity pursuant to Rule 11.9(c)(6) or Rule 11.9(c)(7), respectively, the Re-Route order is converted to an executable order when displayed shares become available on the opposite side of the market and will remove liquidity against such shares (“liquidity swap functionality”). See Securities Exchange Act Release No. 74738 (April 16, 2015), 80 FR 22600 (April 22, 2015) (SR-BATS-2015-09). Once amended, the only difference between the Aggressive and Super Aggressive Re-Route instructions would be that the liquidity swap functionality described above would be available to an order subject to the Super Aggressive Re-Route instruction and not available to an order subject to the Aggressive Re-Route instruction.

⁹ In April 2015, the Aggressive Re-Route instruction was expanded to apply to non-displayed orders. See Securities Exchange Act Release No. 74738 (April 16, 2015), 80 FR 22600 (April 22, 2015) (SR-BATS-2015-09).

displayed orders. BATS Options does not have non-displayed orders, and thus, has omitted language regarding Re-Route functionality applicable to non-displayed orders. All other changes for BATS Equities, including the rationale and example described above, are identical for BATS Options.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act¹⁰ and furthers the objectives of Section 6(b)(5) of the Act¹¹ because it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and, in general, to protect investors and the public interest. Specifically, the proposed changes are designed to provide Users with additional control over their orders in the context of a national market system where quotations may lock or cross orders posted to the BATS Book and to facilitate executions on the Exchange consistent with User instructions. Thus, the proposals are directly targeted at removing impediments to and perfecting the mechanism of a free and open market and national market system. The proposed rule change also is designed to support the principles of Section 11A(a)(1)¹² of the Act in that it seeks to assure fair competition among brokers and dealers and among exchange markets. Lastly, the Exchange notes that the proposed amendments to the Aggressive Re-Route instruction previously existed on the Exchange as the RECYCLE routing option.¹³

¹⁰ 15 U.S.C. 78f(b).

¹¹ 15 U.S.C. 78f(b)(5).

¹² 15 U.S.C. 78k-1(a)(1).

¹³ See supra notes 6 and 8.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that proposed amendment to the Aggressive Re-Route functionality encourages competition by increasing the likelihood of executions of orders that have been posted to the Exchange. The increased likelihood of an execution where the order is locked by a quotation on a Trading Center should attract additional order flow to the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁴ and Rule 19b-4(f)(6) thereunder.¹⁵

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹⁶ normally does

¹⁴ 15 U.S.C. 78s(b)(3)(A).

¹⁵ 17 CFR 240.19b-4(f)(6). As required under Rule 19b-4(f)(6)(iii), the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

¹⁶ 17 CFR 240.19b-4(f)(6).

not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁷ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange stated that waiver of the operative delay will allow the Exchange to immediately provide Users with additional control over their orders in the context of a national market system where quotations may lock or cross orders posted to the BATS Book and to facilitate executions on the Exchange consistent with User instructions.¹⁸ The Commission believes the waiver of the operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposal operative upon filing.¹⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

¹⁷ 17 CFR 240.19b-4(f)(6)(iii).

¹⁸ The Exchange further stated that it will provide Members with reasonable advance notice of the proposed rule change's implementation date.

¹⁹ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-BATS-2015-112 on the subject line.

Paper comments:

- Send paper comments in triplicate to Brent J. Fields, Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-BATS-2015-112. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street, NE, Washington, D.C. 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the

Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-BATS-2015-112, and should be submitted on or before [insert date 21 days from publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁰

Robert W. Errett
Deputy Secretary
