CMS-R-284 Medicaid Statistical Information System (MSIS) and Transformed – Medicaid  
Statistical Information System (T-MSIS)

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the Federal Register concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

1. Type of Information Collection Request: Revision of a currently approved collection. Title of Information Collection: Medicaid Statistical Information System (MSIS) and Transformed – Medicaid Statistical Information System (T-MSIS); Use: The data reported in MSIS/T-MSIS are used by federal, state, and local officials, as well as by private researchers and corporations to monitor past and projected future trends in the Medicaid program. These data provide the only national level information available on enrollees, beneficiaries, and expenditures. They also provide the only national level information available on Medicaid utilization. This information is the basis for analyses and for cost savings estimates for the Department's cost sharing legislative initiatives to Congress. The collected data are also crucial to our actuarial forecasts.
