[Docket Number FRA-2016-0003]

Petition for Waiver of Compliance

In accordance with part 211 of title 49 of the Code of Federal Regulations (CFR), this document provides the public notice that by a document dated September 22, 2015, Amtrak has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 238—Passenger Equipment Safety Standards. FRA assigned the petition Docket Number FRA-2016-0003.

Amtrak seeks a temporary waiver of compliance from the requirements of 49 CFR 238.125—*Marking and instructions for emergency egress and rescue access*, referencing American Public Transportation Association (APTA) Standard PR-PS-S_002-98, Rev.3, “Standard for Emergency Signage for Egress/Access of Passenger Rail Equipment;” and 49 CFR 238.127—*Low-location emergency exit path marking*, referencing APTA Standard PR-PS-S-004-99, Rev.2 “Standard for Low-location Exit Path Marking” for a period of 4 years. Amtrak has strived to meet the deadline to comply with these regulations, but is now seeking this temporary relief because the materials that its current vendor has been installing are not fully compliant. This relief will provide Amtrak the proper time to produce internally and purchase from outside vendors the new compliant decals sufficient for over 1,250 rail cars.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue, SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments.
