14 CFR Part 71

Docket No. FAA-2016-5388; Airspace Docket No. 16-ACE-4

Proposed Revocation of Class E Airspace; Alliance, NE; and Amendment of Class E Airspace for the following Nebraska Towns; Albion, NE; Alliance, NE; Gothenburg, NE; Holdrege, NE; Imperial, NE; Lexington, NE; and Millard Airport, Omaha, NE

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to remove Class E surface area airspace at Alliance Municipal Airport, Alliance, NE; and modify Class E airspace extending upward from 700 feet above the surface at Albion Municipal Airport, Albion, NE; Alliance Municipal Airport, Alliance, NE; Quinn Field, Gothenburg, NE; Brewster Field Airport, Holdrege, NE; Imperial Municipal Airport, Imperial, NE; Jim Kelly Field, Lexington, NE; and Millard Airport, Omaha, NE. Decommissioning of non-directional radio beacons (NDB), cancellation of NDB approaches, and implementation of area navigation (RNAV) procedures have made this action necessary for the safety and management of Instrument Flight Rules (IFR) operations at the above airports. This action would also update the geographic coordinates for Quinn Field, Imperial Municipal Airport, and Jim Kelly Field to coincide with the FAA's aeronautical database.

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part, A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would remove Class E surface area airspace at Alliance Municipal Airport, Alliance, NE; and modify Class E airspace extending upward from 700 feet above the surface at Albion Municipal Airport, Albion, NE; Alliance Municipal Airport; Quinn Field, Gothenburg, NE; Brewster Field Airport, Holdrege, NE; Imperial Municipal Airport, Imperial, NE; Jim Kelly Field, Lexington, NE; and Millard Airport, Omaha, NE.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No.

FAA-2016-5388/Airspace Docket No. 16-ACE-4.” The postcard will be date/time stamped and returned to the commenter.

Availability and Summary of Documents Proposed for Incorporation by Reference

This document would amend FAA Order 7400.9Z, Airspace Designations and Reporting Points, dated August 6, 2015, and effective September 15, 2015. FAA Order 7400.9Z is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.9Z lists Class A, B, C, D, and E airspace areas, air traffic service routes, and

reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) Part 71 by removing Class E surface area airspace at Alliance Airport, Alliance, NE, as the airspace is no longer needed. This proposal also would modify Class E airspace extending upward from 700 feet above the surface at Albion Municipal Airport, Albion, NE; Alliance Municipal Airport, Alliance, NE; Quinn Field, Gothenburg, NE; Brewster Field Airport, Holdrege, NE; Imperial Municipal Airport, Imperial, NE; Jim Kelly Field, Lexington, NE; and Millard Airport, Omaha, NE. Airspace reconfiguration is necessary due to the decommissioning of NDBs, cancellation of NDB approaches, and implementation of RNAV procedures at the above airports. Controlled airspace is necessary for the safety and management of the standard instrument approach procedures for IFR operations at the airports. The geographic coordinates for Quinn Field, Imperial Municipal Airport, and Jim Kelly Field would also be updated to be in concert with the FAA's aeronautical database.

Class E airspace designations are published in paragraph 6002 and 6005 of FAA Order 7400.9Z, dated August 6, 2015, and effective September 15, 2015, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) is not a "significant regulatory action" under Executive Order

12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.
