

8011-01p
SECURITIES AND EXCHANGE COMMISSION
(Release No. 34- 77895; File No. SR-NASDAQ-2016-071)

May 24, 2016

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing of Proposed Rule Change, as Modified by Amendment No. 1 Thereto, Relating to the Listing and Trading of the Shares of the First Trust CEF Income Opportunity ETF and the First Trust Municipal CEF Income Opportunity ETF of First Trust Exchange-Traded Fund VIII

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 10, 2016, The NASDAQ Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by Nasdaq. On May 20, 2016, the Exchange submitted Amendment No. 1 to the proposed rule change. The Commission is publishing this notice to solicit comments on the proposed rule change, as modified by Amendment No. 1 thereto, from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq proposes to list and trade the shares of the following under Nasdaq Rule 5735 (“Managed Fund Shares”):³ First Trust CEF Income Opportunity ETF (the “CEF Income

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ The Commission approved Nasdaq Rule 5735 in Securities Exchange Act Release No. 57962 (June 13, 2008), 73 FR 35175 (June 20, 2008) (SR-NASDAQ-2008-039). There are already multiple actively managed funds listed on the Exchange; *see, e.g.*, Securities Exchange Act Release Nos. 72506 (July 1, 2014), 79 FR 38631 (July 8, 2014) (SR-NASDAQ-2014-050) (order approving listing and trading of First Trust Strategic Income ETF); 69464 (April 26, 2013), 78 FR 25774 (May 2, 2013) (SR-NASDAQ-2013-036) (order approving listing and trading of First Trust Senior Loan Fund); and 66489 (February 29, 2012), 77 FR 13379 (March 6, 2012) (SR-NASDAQ-2012-004) (order approving listing and trading of WisdomTree Emerging

Opportunity Fund”) and First Trust Municipal CEF Income Opportunity ETF (the “Municipal CEF Income Opportunity Fund”). The CEF Income Opportunity Fund and the Municipal CEF Income Opportunity Fund are each a “Fund” and collectively, the “Funds.” Each Fund is a series of First Trust Exchange-Traded Fund VIII (the “Trust”). The shares of each Fund are collectively referred to herein as the “Shares.”

The text of the proposed rule change is available at <http://nasdaq.cchwallstreet.com/>, at Nasdaq’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of, and basis for, the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade the Shares of each Fund under Nasdaq Rule 5735, which governs the listing and trading of Managed Fund Shares⁴ on the Exchange.

Markets Corporate Bond Fund). The Exchange believes the proposed rule change raises no significant issues not previously addressed in those prior Commission orders.

⁴ A Managed Fund Share is a security that represents an interest in an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1) (the “1940 Act”) organized as an open-end investment company or similar entity that invests in a portfolio of securities selected by its investment adviser consistent with its investment objectives and policies. In contrast, an open-end investment company that issues Index Fund Shares, listed and traded on the Exchange under Nasdaq Rule 5705, seeks to provide investment results that correspond generally to the price and yield performance of a

Each Fund will be an actively managed exchange-traded fund (“ETF”). The Shares will be offered by the Trust, which was established as a Massachusetts business trust on February 22, 2016.⁵ The Trust is registered with the Commission as an investment company and has filed a registration statement on Form N-1A (“Registration Statement”) with the Commission.⁶ Each Fund will be a series of the Trust.

First Trust Advisors L.P. will be the investment adviser (“Adviser”) to the Funds. The Funds do not currently intend to use a sub-adviser. First Trust Portfolios L.P. (the “Distributor”) will be the principal underwriter and distributor of each Fund’s Shares. The Bank of New York Mellon Corporation (“BNY”) will act as the administrator, accounting agent, custodian and transfer agent to the Funds.

Paragraph (g) of Rule 5735 provides that if the investment adviser to the investment company issuing Managed Fund Shares is affiliated with a broker-dealer, such investment adviser shall erect a “fire wall” between the investment adviser and the broker-dealer with respect to access to information concerning the composition and/or changes to such investment company portfolio.⁷ In addition, paragraph (g) further requires that personnel who make

specific foreign or domestic stock index, fixed income securities index or combination thereof.

⁵ The Commission has issued an order, upon which the Trust may rely, granting certain exemptive relief under the 1940 Act. See Investment Company Act Release No. 28468 (October 27, 2008) (File No. 812-13477).

⁶ See Registration Statement on Form N-1A for the Trust, dated March 14, 2016 (File Nos. 333-210186 and 811-23147). The descriptions of the Funds and the Shares contained herein are based, in part, on information in the Registration Statement.

⁷ An investment adviser to an open-end fund is required to be registered under the Investment Advisers Act of 1940 (the “Advisers Act”). As a result, the Adviser and its related personnel are subject to the provisions of Rule 204A-1 under the Advisers Act relating to codes of ethics. This Rule requires investment advisers to adopt a code of ethics that reflects the fiduciary nature of the relationship to clients as well as compliance

decisions on the open-end fund's portfolio composition must be subject to procedures designed to prevent the use and dissemination of material, non-public information regarding the open-end fund's portfolio.

Rule 5735(g) is similar to Nasdaq Rule 5705(b)(5)(A)(i); however, paragraph (g) in connection with the establishment of a "fire wall" between the investment adviser and the broker-dealer reflects the applicable open-end fund's portfolio, not an underlying benchmark index, as is the case with index-based funds. The Adviser is not a broker-dealer, but it is affiliated with the Distributor, a broker-dealer, and has implemented and will maintain a fire wall with respect to its broker-dealer affiliate regarding access to information concerning the composition and/or changes to a portfolio.

In addition, personnel who make decisions on each Fund's portfolio composition will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such Fund's portfolio. In the event (a) the Adviser or any sub-adviser registers as a broker-dealer, or becomes newly affiliated with a broker-dealer, or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with another broker-dealer, it will implement and will maintain a fire wall with respect to its relevant

with other applicable securities laws. Accordingly, procedures designed to prevent the communication and misuse of non-public information by an investment adviser must be consistent with Rule 204A-1 under the Advisers Act. In addition, Rule 206(4)-7 under the Advisers Act makes it unlawful for an investment adviser to provide investment advice to clients unless such investment adviser has (i) adopted and implemented written policies and procedures reasonably designed to prevent violation, by the investment adviser and its supervised persons, of the Advisers Act and the Commission rules adopted thereunder; (ii) implemented, at a minimum, an annual review regarding the adequacy of the policies and procedures established pursuant to subparagraph (i) above and the effectiveness of their implementation; and (iii) designated an individual (who is a supervised person) responsible for administering the policies and procedures adopted under subparagraph (i) above.

personnel and/or such broker-dealer affiliate, as applicable, regarding access to information concerning the composition and/or changes to a portfolio and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio.

Each Fund intends to qualify each year as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended.

The Funds' Principal Investment Strategies

The investment objective of the CEF Income Opportunity Fund will be to seek to provide current income with a secondary emphasis on total return. The investment objective of the Municipal CEF Income Opportunity Fund will be to seek to provide current income. Under normal market conditions,⁸ (a) the CEF Income Opportunity Fund will seek to achieve its investment objective by investing at least 80% of its net assets (including investment borrowings) in a portfolio of closed-end funds and (b) the Municipal CEF Income Opportunity Fund will seek to achieve its investment objective by investing at least 80% of its net assets

⁸ The term “under normal market conditions” as used herein includes, but is not limited to, the absence of adverse market, economic, political, or other conditions, including extreme volatility or trading halts in the securities markets or the financial markets generally; operational issues causing dissemination of inaccurate market information; or force majeure type events such as systems failure, natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption or any similar intervening circumstance. On a temporary basis, including for defensive purposes, during the initial invest-up period and during periods of high cash inflows or outflows, a Fund may depart from its principal investment strategies; for example, it may hold a higher than normal proportion of its assets in cash. During such periods, a Fund may not be able to achieve its investment objective. A Fund may adopt a defensive strategy when the Adviser believes securities in which such Fund normally invests have elevated risks due to political or economic factors and in other extraordinary circumstances.

(including investment borrowings) in a portfolio of municipal closed-end funds.⁹ In selecting the Closed-End Funds in which each Fund will invest, the Adviser will utilize a range of investment approaches and will take into account various market metrics and economic factors, as well as market conditions.

Other Investments for the Funds

Each Fund may invest (in the aggregate) up to 20% of its net assets in the following securities and instruments:

Each Fund may invest in the following exchange-traded products: (i) ETFs;¹⁰ and (ii) exchange-traded notes (“ETNs”).¹¹

Each Fund may invest in money market mutual funds that will be investment companies registered under the 1940 Act.

Each Fund may invest in short-term debt instruments (described below) or it may hold

⁹ The closed-end funds in which each Fund invests (“Closed-End Funds”) will be registered under the 1940 Act and listed and traded in the U.S. on registered exchanges. Each Fund may invest in the securities of Closed-End Funds (as well as certain other investment companies) in excess of the limits imposed under the 1940 Act pursuant to an exemptive order on which the Trust may rely. See Investment Company Act Release No. 30377 (February 5, 2013) (File No. 812-13895) (the “Fund of Funds Order”).

¹⁰ An ETF is an investment company registered under the 1940 Act that holds a portfolio of securities. Many ETFs are designed to track the performance of a securities index, including industry, sector, country and region indexes. ETFs included in a Fund will be listed and traded in the U.S. on registered exchanges. Each Fund may invest in the securities of ETFs in excess of the limits imposed under the 1940 Act pursuant to exemptive orders obtained by other ETFs and their sponsors from the Commission or the Fund of Funds Order. The ETFs in which the Fund may invest include Index Fund Shares (as described in Nasdaq Rule 5705), Portfolio Depository Receipts (as described in Nasdaq Rule 5705), and Managed Fund Shares (as described in Nasdaq Rule 5735). While the Funds may invest in inverse ETFs, the Funds will not invest in leveraged or inverse leveraged (e.g., 2X or -3X) ETFs.

¹¹ While the Funds may invest in inverse ETNs, the Funds will not invest in leveraged or inverse leveraged (e.g., 2X or -3X) ETNs.

cash. The percentage of each Fund invested in such instruments or held in cash will vary and will depend on several factors, including market conditions. Each Fund may invest in the following short-term debt instruments:¹² (1) fixed rate and floating rate U.S. government securities, including bills, notes and bonds differing as to maturity and rates of interest, which are either issued or guaranteed by the U.S. Treasury or by U.S. government agencies or instrumentalities; (2) certificates of deposit issued against funds deposited in a bank or savings and loan association; (3) bankers' acceptances, which are short-term credit instruments used to finance commercial transactions; (4) repurchase agreements,¹³ which involve purchases of debt securities; (5) bank time deposits, which are monies kept on deposit with banks or savings and loan associations for a stated period of time at a fixed rate of interest; and (6) commercial paper, which is short-term unsecured promissory notes.¹⁴

Investment Restrictions

The Funds will not invest in derivative instruments.

Each Fund may hold up to an aggregate amount of 15% of its net assets in illiquid assets

¹² Short-term debt instruments will be issued by issuers having a long-term debt rating of at least BBB-/Baa3 by Standard & Poor's Ratings Services, a Division of The McGraw-Hill Companies, Inc. ("S&P Ratings"), Moody's Investors Service, Inc. ("Moody's") or Fitch Ratings ("Fitch") and will have a maturity of one year or less.

¹³ Each Fund intends to enter into repurchase agreements only with financial institutions and dealers believed by the Adviser to present minimal credit risks in accordance with criteria approved by the Board of Trustees of the Trust ("Trust Board"). The Adviser will review and monitor the creditworthiness of such institutions. The Adviser will monitor the value of the collateral at the time the transaction is entered into and at all times during the term of the repurchase agreement.

¹⁴ Each Fund may only invest in commercial paper rated A-1 or higher by S&P Ratings, Prime-1 or higher by Moody's or F1 or higher by Fitch.

(calculated at the time of investment), deemed illiquid by the Adviser.¹⁵ Each Fund will monitor its portfolio liquidity on an ongoing basis to determine whether, in light of current circumstances, an adequate level of liquidity is being maintained, and will consider taking appropriate steps in order to maintain adequate liquidity if, through a change in values, net assets, or other circumstances, more than 15% of such Fund's net assets are held in illiquid assets. Illiquid assets include securities subject to contractual or other restrictions on resale and other instruments that lack readily available markets as determined in accordance with Commission staff guidance.¹⁶

The Funds may not invest 25% or more of the value of their respective total assets in securities of issuers in any one industry. This restriction does not apply to (a) obligations issued or guaranteed by the U.S. government, its agencies or instrumentalities or (b) securities of other investment companies.¹⁷

¹⁵ In reaching liquidity decisions, the Adviser may consider the following factors: the frequency of trades and quotes for the security or other instrument; the number of dealers wishing to purchase or sell the security or other instrument and the number of other potential purchasers; dealer undertakings to make a market in the security or other instrument; and the nature of the security or other instrument and the nature of the marketplace in which it trades (e.g., the time needed to dispose of the security or other instrument, the method of soliciting offers and the mechanics of transfer).

¹⁶ The Commission has stated that long-standing Commission guidelines have required open-end funds to hold no more than 15% of their net assets in illiquid securities and other illiquid assets. See Investment Company Act Release No. 28193 (March 11, 2008), 73 FR 14618 (March 18, 2008), footnote 34. See also Investment Company Act Release No. 5847 (October 21, 1969), 35 FR 19989 (December 31, 1970) (Statement Regarding "Restricted Securities"); Investment Company Act Release No. 18612 (March 12, 1992), 57 FR 9828 (March 20, 1992) (Revisions of Guidelines to Form N-1A). A fund's portfolio security is illiquid if it cannot be disposed of in the ordinary course of business within seven days at approximately the value ascribed to it by the fund. See Investment Company Act Release No. 14983 (March 12, 1986), 51 FR 9773 (March 21, 1986) (adopting amendments to Rule 2a-7 under the 1940 Act); Investment Company Act Release No. 17452 (April 23, 1990), 55 FR 17933 (April 30, 1990) (adopting Rule 144A under the Securities Act of 1933).

¹⁷ See Form N-1A, Item 9. The Commission has taken the position that a fund is concentrated if it invests more than 25% of the value of its total assets in any one

Creation and Redemption of Shares

Each Fund will issue and redeem Shares on a continuous basis at net asset value (“NAV”)¹⁸ only in large blocks of Shares (“Creation Units”) in transactions with authorized participants, generally including broker-dealers and large institutional investors (“Authorized Participants”). Creation Units generally will consist of 50,000 Shares, although this may change from time to time. Creation Units, however, are not expected to consist of less than 50,000 Shares. Each Fund will issue and redeem Creation Units in exchange for an in-kind portfolio of instruments and/or cash in lieu of such instruments (the “Creation Basket”).¹⁹ In addition, if there is a difference between the NAV attributable to a Creation Unit and the market value of the Creation Basket exchanged for the Creation Unit, the party conveying instruments (which may include cash-in-lieu amounts) with the lower value will pay to the other an amount in cash equal to the difference (referred to as the “Cash Component”).

Creations and redemptions must be made by or through an Authorized Participant that has executed an agreement that has been agreed to by the Distributor and BNY with respect to creations and redemptions of Creation Units. All standard orders to create Creation Units must be received by the transfer agent no later than the closing time of the regular trading session on the NYSE (ordinarily 4:00 p.m., Eastern Time) (the “Closing Time”) in each case on the date

industry. See, e.g., Investment Company Act Release No. 9011 (October 30, 1975), 40 FR 54241 (November 21, 1975).

¹⁸ The NAV of each Fund’s Shares generally will be calculated once daily Monday through Friday as of the close of regular trading on the New York Stock Exchange (“NYSE”), generally 4:00 p.m., Eastern Time (the “NAV Calculation Time”). NAV per Share will be calculated by dividing a Fund’s net assets by the number of Fund Shares outstanding.

¹⁹ It is expected that each Fund will typically issue and redeem Creation Units on a cash basis; however, a Fund may, at times, issue and redeem Creation Units on an in-kind (or partially in-kind) basis.

such order is placed in order for the creation of Creation Units to be effected based on the NAV of Shares as next determined on such date after receipt of the order in proper form. Shares may be redeemed only in Creation Units at their NAV next determined after receipt not later than the Closing Time of a redemption request in proper form by a Fund through the transfer agent and only on a business day.

The Funds' custodian, through the National Securities Clearing Corporation, will make available on each business day, prior to the opening of business of the Exchange, the list of the names and quantities of the instruments comprising the Creation Basket, as well as the estimated Cash Component (if any), for that day. The published Creation Basket will apply until a new Creation Basket is announced on the following business day prior to commencement of trading in the Shares.

Net Asset Value

Each Fund's NAV will be determined as of the close of regular trading on the NYSE on each day the NYSE is open for trading. If the NYSE closes early on a valuation day, the NAV will be determined as of that time. NAV per Share will be calculated for each Fund by taking the value of such Fund's total assets, including interest or dividends accrued but not yet collected, less all liabilities, including accrued expenses and dividends declared but unpaid, and dividing such amount by the total number of Shares outstanding. The result, rounded to the nearest cent, will be the NAV per Share. All valuations will be subject to review by the Trust Board or its delegate.

The Funds' investments will be valued daily. As described more specifically below, investments traded on an exchange (i.e., a regulated market), will generally be valued at market value prices that represent last sale or official closing prices. In addition, as described more

specifically below, non-exchange traded investments will generally be valued using prices obtained from third-party pricing services (each, a “Pricing Service”).²⁰

If, however, valuations for any of the Funds’ investments cannot be readily obtained as provided in the preceding manner, or the Pricing Committee of the Adviser (the “Pricing Committee”)²¹ questions the accuracy or reliability of valuations that are so obtained, such investments will be valued at fair value, as determined by the Pricing Committee, in accordance with valuation procedures (which may be revised from time to time) adopted by the Trust Board (the “Valuation Procedures”), and in accordance with provisions of the 1940 Act. The Pricing Committee’s fair value determinations may require subjective judgments about the value of an investment. The fair valuations attempt to estimate the value at which an investment could be sold at the time of pricing, although actual sales could result in price differences, which could be material.

Certain securities in which a Fund may invest will not be listed on any securities exchange or board of trade. Such securities will typically be bought and sold by institutional investors in individually negotiated private transactions that function in many respects like an over-the-counter secondary market, although typically no formal market makers will exist. Certain securities, particularly debt securities, will have few or no trades, or trade infrequently, and information regarding a specific security may not be widely available or may be incomplete. Accordingly, determinations of the value of debt securities may be based on infrequent and dated information. Because there is less reliable, objective data available, elements of judgment may

²⁰ The Adviser may use various Pricing Services or discontinue the use of any Pricing Services, as approved by the Trust Board from time to time.

²¹ The Pricing Committee will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding each Fund’s portfolio.

play a greater role in valuation of debt securities than for other types of securities.

The information summarized below is based on the Valuation Procedures as currently in effect; however, as noted above, the Valuation Procedures are amended from time to time and, therefore, such information is subject to change.

The following investments will typically be valued using information provided by a Pricing Service: except as provided below, short-term U.S. government securities, commercial paper, and bankers' acceptances, all as set forth under "Other Investments for the Funds" (collectively, "Short-Term Debt Instruments"). Debt instruments may be valued at evaluated mean prices, as provided by Pricing Services. Pricing Services typically value non-exchange-traded instruments utilizing a range of market-based inputs and assumptions, including readily available market quotations obtained from broker-dealers making markets in such instruments, cash flows, and transactions for comparable instruments. In pricing certain instruments, the Pricing Services may consider information about an instrument's issuer or market activity provided by the Adviser.

Short-Term Debt Instruments having a remaining maturity of 60 days or less when purchased will typically be valued at cost adjusted for amortization of premiums and accretion of discounts, provided the Pricing Committee has determined that the use of amortized cost is an appropriate reflection of value given market and issuer-specific conditions existing at the time of the determination.

Repurchase agreements will typically be valued as follows:

Overnight repurchase agreements will be valued at amortized cost when it represents the best estimate of value. Term repurchase agreements (i.e., those whose maturity exceeds seven days) will be valued at the average of the bid quotations obtained daily from at least two

recognized dealers.

Certificates of deposit and bank time deposits will typically be valued at cost.

Closed-End Funds, ETFs and ETNs that are listed on any exchange other than the Exchange will typically be valued at the last sale price on the exchange on which they are principally traded on the business day as of which such value is being determined. Closed-End Funds, ETFs and ETNs listed on the Exchange will typically be valued at the official closing price on the business day as of which such value is being determined. If there has been no sale on such day, or no official closing price in the case of securities traded on the Exchange, such securities will typically be valued using fair value pricing. Closed-End Funds, ETFs and ETNs traded on more than one securities exchange will be valued at the last sale price or official closing price, as applicable, on the business day as of which such value is being determined at the close of the exchange representing the principal market for such securities.

Money market mutual funds typically will be valued at their NAVs as reported by such funds' Pricing Services.

Availability of Information

The Funds' website (www.ftportfolios.com), which will be publicly available prior to the public offering of Shares, will include a form of the prospectus for the Funds that may be downloaded. The website will include the Shares' ticker, CUSIP and exchange information along with additional quantitative information updated on a daily basis, including, for each Fund: (1) daily trading volume, the prior business day's reported NAV and closing price, mid-point of the bid/ask spread at the time of calculation of such NAV (the "Bid/Ask Price"),²² and a

²² The Bid/Ask Price of each Fund will be determined using the mid-point of the highest bid and the lowest offer on the Exchange as of the time of calculation of the Fund's NAV.

calculation of the premium and discount of the Bid/Ask Price against the NAV; and (2) data in chart format displaying the frequency distribution of discounts and premiums of the daily Bid/Ask Price against the NAV, within appropriate ranges, for each of the four previous calendar quarters. On each business day, before commencement of trading in Shares in the Regular Market Session²³ on the Exchange, each Fund will disclose on its website the identities and quantities of the portfolio of securities and other assets (the “Disclosed Portfolio” as defined in Nasdaq Rule 5735(c)(2)) held by the Fund that will form the basis for the Fund’s calculation of NAV at the end of the business day.²⁴

On a daily basis, each Fund will disclose on its website the following information regarding each portfolio holding, as applicable to the type of holding: ticker symbol, CUSIP number or other identifier, if any; a description of the holding (including the type of holding); quantity held (as measured by, for example, par value or number of shares or units); maturity date, if any; coupon rate, if any; effective date, if any; market value of the holding; and percentage weighting of the holding in the Fund’s portfolio. The website information will be publicly available at no charge.

In addition, for each Fund, an estimated value, defined in Rule 5735(c)(3) as the

The records relating to Bid/Ask Prices will be retained by each Fund and its service providers.

²³ See Nasdaq Rule 4120(b)(4) (describing the three trading sessions on the Exchange: (1) Pre-Market Session from 4 a.m. to 9:30 a.m., Eastern Time; (2) Regular Market Session from 9:30 a.m. to 4 p.m. or 4:15 p.m., Eastern Time; and (3) Post-Market Session from 4 p.m. or 4:15 p.m. to 8 p.m., Eastern Time).

²⁴ Under accounting procedures to be followed by the Funds, trades made on the prior business day (“T”) will be booked and reflected in NAV on the current business day (“T+1”). Accordingly, a Fund will be able to disclose at the beginning of the business day the portfolio that will form the basis for the NAV calculation at the end of the business day.

“Intraday Indicative Value,” that reflects an estimated intraday value of the Fund’s Disclosed Portfolio, will be disseminated. Moreover, the Intraday Indicative Value, available on the NASDAQ OMX Information LLC proprietary index data service,²⁵ will be based upon the current value for the components of the Disclosed Portfolio and will be updated and widely disseminated by one or more major market data vendors and broadly displayed at least every 15 seconds during the Regular Market Session. Premiums and discounts between the Intraday Indicative Value and the market price may occur. This should not be viewed as a “real time” update of the NAV per Share of a Fund, which is calculated only once a day.

The dissemination of the Intraday Indicative Value, together with the Disclosed Portfolio, will allow investors to determine the value of the underlying portfolio of a Fund on a daily basis and will provide a close estimate of that value throughout the trading day.

Investors will also be able to obtain each Fund’s Statement of Additional Information (“SAI”), annual and semi-annual reports (together, “Shareholder Reports”), and Form N-CSR and Form N-SAR, filed twice a year. Each Fund’s SAI and Shareholder Reports will be available free upon request from such Fund, and those documents and the Form N-CSR and Form N-SAR may be viewed on-screen or downloaded from the Commission’s website at www.sec.gov.

Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers’ computer screens and other electronic services. Information regarding the previous day’s closing price and trading volume

²⁵ Currently, the NASDAQ OMX Global Index Data Service (“GIDS”) is the Nasdaq global index data feed service, offering real-time updates, daily summary messages, and access to widely followed indexes and Intraday Indicative Values for ETFs. GIDS provides investment professionals with the daily information needed to track or trade Nasdaq indexes, listed ETFs, or third-party partner indexes and ETFs.

information for the Shares will be published daily in the financial section of newspapers. Quotation and last sale information for the Shares will be available via Nasdaq proprietary quote and trade services, as well as in accordance with the Unlisted Trading Privileges and the Consolidated Tape Association (“CTA”) plans for the Shares. Quotation and last sale information for the Closed-End Funds, ETFs and ETNs will be available from the exchanges on which they are traded as well as in accordance with any applicable CTA plans.

Pricing information for Short-Term Debt Instruments, repurchase agreements, bank time deposits and certificates of deposit will be available from major broker-dealer firms and/or major market data vendors and/or Pricing Services. Pricing information for Closed-End Funds, ETFs and ETNs will be available from the applicable listing exchange (as indicated above) and from major market data vendors.

Money market mutual funds are typically priced once each business day and their prices will be available through the applicable fund’s website or from major market data vendors.

Initial and Continued Listing

The Shares will be subject to Rule 5735, which sets forth the initial and continued listing criteria applicable to Managed Fund Shares. The Exchange represents that, for initial and continued listing, each Fund must be in compliance with Rule 10A-3²⁶ under the Act. A minimum of 100,000 Shares will be outstanding at the commencement of trading on the Exchange. The Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time.

Trading Halts

²⁶ See 17 CFR 240.10A-3.

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of a Fund. Nasdaq will halt trading in the Shares under the conditions specified in Nasdaq Rules 4120 and 4121, including the trading pauses under Nasdaq Rules 4120(a)(11) and (12).

Trading may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) the extent to which trading is not occurring in the securities and/or the other assets constituting the Disclosed Portfolio of a Fund; or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. Trading in the Shares also will be subject to Rule 5735(d)(2)(D), which sets forth circumstances under which Shares of a Fund may be halted.

Trading Rules

Nasdaq deems the Shares to be equity securities, thus rendering trading in the Shares subject to Nasdaq's existing rules governing the trading of equity securities. Nasdaq will allow trading in the Shares from 4:00 a.m. until 8:00 p.m., Eastern Time. The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions. As provided in Nasdaq Rule 5735(b)(3), the minimum price variation for quoting and entry of orders in Managed Fund Shares traded on the Exchange is \$0.01.

Surveillance

The Exchange represents that trading in the Shares will be subject to the existing trading surveillances, administered by both Nasdaq and also the Financial Industry Regulatory Authority ("FINRA") on behalf of the Exchange, which are designed to detect violations of Exchange rules

and applicable federal securities laws.²⁷ The Exchange represents that these procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws.

The surveillances referred to above generally focus on detecting securities trading outside their normal patterns, which could be indicative of manipulative or other violative activity. When such situations are detected, surveillance analysis follows and investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations.

FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares and the Closed-End Funds, ETFs and ETNs held by the Funds with other markets and other entities that are members of the Intermarket Surveillance Group (“ISG”),²⁸ and FINRA may obtain trading information regarding trading in the Shares and such securities held by the Funds from such markets and other entities. In addition, the Exchange may obtain information regarding trading in the Shares and the Closed-End Funds, ETFs and ETNs held by the Funds from markets and other entities that are members of ISG, which includes securities exchanges, or with which the Exchange has in place a comprehensive surveillance sharing agreement. Moreover, FINRA, on behalf of the Exchange, will be able to access, as needed, trade information for certain fixed income securities held by the Funds reported to FINRA’s Trade Reporting and Compliance Engine (“TRACE”).

²⁷ FINRA surveils trading on the Exchange pursuant to a regulatory services agreement. The Exchange is responsible for FINRA’s performance under this regulatory services agreement.

²⁸ For a list of the current members of ISG, see www.isgportal.org. The Exchange notes that not all components of the Disclosed Portfolio for a Fund may trade on markets that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

For each Fund, all of such Fund's net assets that are invested in Closed-End Funds, ETFs and ETNs will be invested in instruments that trade in markets that are members of ISG or are parties to a comprehensive surveillance sharing agreement with the Exchange.

In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

Information Circular

Prior to the commencement of trading, the Exchange will inform its members in an Information Circular of the special characteristics and risks associated with trading the Shares. Specifically, the Information Circular for each Fund will discuss the following: (1) the procedures for purchases and redemptions of Shares in Creation Units (and that Shares are not individually redeemable); (2) Nasdaq Rule 2111A, which imposes suitability obligations on Nasdaq members with respect to recommending transactions in the Shares to customers; (3) how information regarding the Intraday Indicative Value and the Disclosed Portfolio is disseminated; (4) the risks involved in trading the Shares during the Pre-Market and Post-Market Sessions when an updated Intraday Indicative Value will not be calculated or publicly disseminated; (5) the requirement that members deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (6) trading information. The Information Circular will also discuss any exemptive, no-action and interpretive relief granted by the Commission from any rules under the Act.

Additionally, the Information Circular for each Fund will reference that such Fund is subject to various fees and expenses described in the Registration Statement. The Information Circular for each Fund will also disclose the trading hours of the Shares of such Fund and the applicable NAV Calculation Time for the Shares. The Information Circular for each Fund will

disclose that information about the Shares of such Fund will be publicly available on such Fund's website.

Continued Listing Representations

All statements and representations made in this filing regarding (a) the description of the portfolios, (b) limitations on portfolio holdings or reference assets, or (c) the applicability of Exchange rules and surveillance procedures shall constitute continued listing requirements for listing the Shares on the Exchange.

In addition, the issuer has represented to the Exchange that it will advise the Exchange of any failure by the Funds to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will monitor for compliance with the continued listing requirements. If a Fund is not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under the Nasdaq 5800 Series.

2. Statutory Basis

Nasdaq believes that the proposal is consistent with Section 6(b) of the Act, in general, and Section 6(b)(5) of the Act, in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices in that the Shares will be listed and traded on the Exchange pursuant to the initial and continued listing criteria in Nasdaq Rule 5735. The Exchange represents that trading in the Shares will be subject to the existing trading surveillances,

administered by both Nasdaq and also FINRA on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws.

The Adviser is not a broker-dealer, but it is affiliated with a broker-dealer, and is required to implement a “fire wall” with respect to its broker-dealer affiliate regarding access to information concerning the composition and/or changes to each Fund’s portfolio. In addition, paragraph (g) of Nasdaq Rule 5735 further requires that personnel who make decisions on the open-end fund’s portfolio composition must be subject to procedures designed to prevent the use and dissemination of material non-public information regarding the open-end fund’s portfolio.

FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares and the Closed-End Funds, ETFs and ETNs held by the Funds with other markets and other entities that are members of ISG, and FINRA may obtain trading information regarding trading in the Shares and such securities held by the Funds from such markets and other entities.

In addition, the Exchange may obtain information regarding trading in the Shares and the Closed-End Funds, ETFs and ETNs held by the Funds from markets and other entities that are members of ISG, which includes securities exchanges, or with which the Exchange has in place a comprehensive surveillance sharing agreement. Moreover, FINRA, on behalf of the Exchange, will be able to access, as needed, trade information for certain fixed income securities held by the Funds reported to FINRA’s TRACE. For each Fund, all of such Fund’s net assets that are invested in Closed-End Funds, ETFs and ETNs will be invested in instruments that trade in markets that are members of ISG or are parties to a comprehensive surveillance sharing agreement with the Exchange.

The investment objective of the CEF Income Opportunity Fund will be to seek to provide current income with a secondary emphasis on total return. The investment objective of the

Municipal CEF Income Opportunity Fund will be to seek to provide current income. Under normal market conditions, (a) the CEF Income Opportunity Fund will seek to achieve its investment objective by investing at least 80% of its net assets (including investment borrowings) in a portfolio of Closed-End Funds and (b) the Municipal CEF Income Opportunity Fund will seek to achieve its investment objective by investing at least 80% of its net assets (including investment borrowings) in a portfolio of municipal Closed-End Funds.

The Funds will not invest in derivative instruments. Each Fund may hold up to an aggregate amount of 15% of its net assets in illiquid assets (calculated at the time of investment), deemed illiquid by the Adviser. Each Fund will monitor its portfolio liquidity on an ongoing basis to determine whether, in light of current circumstances, an adequate level of liquidity is being maintained, and will consider taking appropriate steps in order to maintain adequate liquidity if, through a change in values, net assets, or other circumstances, more than 15% of the Fund's net assets are held in illiquid assets. Illiquid assets include securities subject to contractual or other restrictions on resale and other instruments that lack readily available markets as determined in accordance with Commission staff guidance.

The proposed rule change is designed to promote just and equitable principles of trade and to protect investors and the public interest in that the Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time.

In addition, a large amount of information will be publicly available regarding the Funds and the Shares, thereby promoting market transparency. Moreover, the Intraday Indicative Value, available on the NASDAQ OMX Information LLC proprietary index data service, will be widely disseminated by one or more major market data vendors and broadly displayed at least

every 15 seconds during the Regular Market Session. On each business day, before commencement of trading in Shares in the Regular Market Session on the Exchange, each Fund will disclose on its website the Disclosed Portfolio that will form the basis for the Fund's calculation of NAV at the end of the business day.

Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services, and quotation and last sale information for the Shares will be available via Nasdaq proprietary quote and trade services, as well as in accordance with the Unlisted Trading Privileges and the CTA plans for the Shares. Quotation and last sale information for the Closed-End Funds, ETFs and ETNs will be available from the exchanges on which they are traded as well as in accordance with any applicable CTA plans.

Pricing information for Short-Term Debt Instruments, repurchase agreements, bank time deposits and certificates of deposit will be available from major broker-dealer firms and/or major market data vendors and/or Pricing Services. Pricing information for Closed-End Funds, ETFs and ETNs will be available from the applicable listing exchange (as indicated above) and from major market data vendors. Money market mutual funds are typically priced once each business day and their prices will be available through the applicable fund's website or from major market data vendors.

Each Fund's website will include a form of the prospectus for such Fund and additional data relating to NAV and other applicable quantitative information. Trading in Shares of the Funds will be halted under the conditions specified in Nasdaq Rules 4120 and 4121 or because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable, and trading in the Shares will be subject to Nasdaq Rule 5735(d)(2)(D), which sets

forth circumstances under which Shares of a Fund may be halted. In addition, as noted above, investors will have ready access to information regarding each Fund's holdings, the Intraday Indicative Value, the Disclosed Portfolio, and quotation and last sale information for the Shares.

Each Fund's investments will be valued daily. Investments traded on an exchange (i.e., a regulated market), will generally be valued at market value prices that represent last sale or official closing prices. Non-exchange traded investments will generally be valued using prices obtained from a Pricing Service. If, however, valuations for any of the Funds' investments cannot be readily obtained as provided in the preceding manner, or the Pricing Committee questions the accuracy or reliability of valuations that are so obtained, such investments will be valued at fair value, as determined by the Pricing Committee, in accordance with the Valuation Procedures and in accordance with provisions of the 1940 Act.

The proposed rule change is designed to perfect the mechanism of a free and open market and, in general, to protect investors and the public interest in that it will facilitate the listing and trading of additional types of actively managed exchange-traded products that will enhance competition among market participants, to the benefit of investors and the marketplace.

As noted above, FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares and the Closed-End Funds, ETFs and ETNs held by the Funds with other markets and other entities that are members of ISG, and FINRA may obtain trading information regarding trading in the Shares and such securities held by the Funds from such markets and other entities.

In addition, the Exchange may obtain information regarding trading in the Shares and the Closed-End Funds, ETFs and ETNs held by the Funds from markets and other entities that are members of ISG, which includes securities exchanges, or with which the Exchange has in place a

comprehensive surveillance sharing agreement. Moreover, FINRA, on behalf of the Exchange, will be able to access, as needed, trade information for certain fixed income securities held by the Funds reported to FINRA's TRACE.

Furthermore, as noted above, investors will have ready access to information regarding the Funds' holdings, the Intraday Indicative Value, the Disclosed Portfolio, and quotation and last sale information for the Shares. For each Fund, all of such Fund's net assets that are invested in Closed-End Funds, ETFs and ETNs will be invested in instruments that trade in markets that are members of ISG or are parties to a comprehensive surveillance sharing agreement with the Exchange.

For the above reasons, Nasdaq believes the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed rule change will facilitate the listing and trading of additional types of actively managed exchange-traded funds that will enhance competition among market participants, to the benefit of investors and the marketplace.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the Federal Register or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-

regulatory organization consents, the Commission will:

- (A) by order approve or disapprove such proposed rule change, or
- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as modified by Amendment No. 1, is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2016-071 on the subject line.

Paper Comments:

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-NASDAQ-2016-071. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be

available for website viewing and printing in the Commission's Public Reference Room, 100 F Street, NE, Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of Nasdaq. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should

submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NASDAQ-2016-071 and should be submitted on or before [insert date 21 days from publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁹

Robert W. Errett
Deputy Secretary
