AGENCY: Office of the Assistant Secretary for Policy, Chief Evaluation Office

ACTION: Notice.

SUMMARY: The Department of Labor (DOL), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that required data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

SUPPLEMENTARY INFORMATION:

- I. Background: The fourth round of the Trade Adjustment Assistance Community College Career Training (TAACCCT) grants program continues to provide community colleges and other eligible institutions of higher education with funds to expand and improve their ability to deliver education and career training programs that can be completed in two years or less and are suited for workers who are eligible for training under the Trade Adjustment Assistance for Workers program and other adults in need of new or upgraded skills. The evaluation of Round 4 funded by the Department of Labor will include an outcomes study, an implementation analysis, and a study of employer relationships.

This Federal Register Notice provides the opportunity to comment on a

proposed new information collection activity for the TAACCCT Round 4 National Evaluation: 1) collecting updated participant contact information, 2) conducting a follow-up survey of participants enrolled in programs in the Round 4 grantees selected for the outcomes study, 3) surveying staff in all colleges that are part of a Round 4 grant, and 4) interviewing staff from employers that have partnered with Round 4 grantees.

The purposes of the outcomes study are to capture participants' training experiences while in their programs, receipt of job search assistance as they near program completion, and employment and wage outcomes upon program exit and, for shorter programs, several months thereafter. The employer study will seek to understand how DOL can encourage the workforce system to build productive and sustainable employer relationships through Workforce Innovation and Opportunity Act implementation and its grants programs.

II. Desired Focus of Comments: Currently, the Department of Labor is soliciting comments concerning the above data collection for the national evaluation of Round 4 of the TAACCCT grants program. Comments are requested to:

- * evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- * enhance the quality, utility, and clarity of the information to be collected; and
- * minimize the burden of the information collection on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions: At this time, the Department of Labor is requesting clearance for data collection for the national evaluation of Round 4 of the TAACCCT grants program via collection of updated participant contact information, survey data on participants and colleges, and employer discussions.

Type of review: New information collection request.
