SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Trade Activity Participant Report (TAPR) information collection. The TAPR is a data collection and reporting system that supplies critical information on the operation of the Trade Adjustment Assistance program and the outcomes for its participants. The State collects required information for use by Federal, State, and local, agencies to report program management information to Congress and other Federal agencies, and to improve the effectiveness of job training programs. The Trade Act of 1974, as amended authorizes this information collection. See 19 U.S.C. 2311.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to

respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0392.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the Federal Register on February 2, 2016 (81 FR 5486).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register.
