This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see ADDRESSES).

CMS-R-64 Indirect Medical Education and Supporting Regulations

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the Federal Register concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

#### Information Collection

1. Type of Information Collection Request: Extension of a currently approved collection; Title of Information Collection: Indirect Medical Education and Supporting Regulations; Use: Section 1886(d)(5)(B) of the Social Security Act requires additional payments to be made under the Medicare Prospective Payment System (PPS) for the indirect medical educational costs a hospital incurs in connection with interns and residents (IRs) in approved teaching programs. In addition, Title 42, Part 413, sections 75 through 83 implement section 1886(d) of the Act by establishing the methodology for Medicare payment of the cost of direct graduate medical educational activities. These payments, which are adjustments (add-ons) to other payments made to a hospital under PPS, are largely determined by the number of full-time equivalent (FTE) IRs that work at a hospital during its cost reporting period. In Federal fiscal year (FY) 2015, the estimated Medicare program payments for indirect medical education (IME) costs amounted to \$8.38 billion. Medicare program payments for direct graduate medical education (GME) are also based upon the number of FTE-IRs

that work at a hospital. In FY 2015, the estimated Medicare program payments for GME costs amounted to \$3.1 billion. Form Number: CMS-R-64 (OMB control number: 0938-0456); Frequency: Yearly; Affected Public: Private sector (Business or other For-profits); Number of Respondents: 1,245; Total Annual Responses: 1,245; Total Annual Hours: 2,490. (For policy questions regarding this collection contact Milton Jacobson at 410-786-7553.)
