**[Docket No. 151130999-6225-01]**

**RIN 0648-XE895**

**Fisheries of the Northeastern United States; Atlantic Bluefish Fishery; Quota Transfer**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; approval of quota transfer.

**SUMMARY:** NMFS announces its approval of a transfer of a portion of the 2016 commercial bluefish quota from the State of North Carolina to the Commonwealth of Massachusetts. This approval of the transfer complies with the Atlantic Bluefish Fishery Management Plan quota transfer provision. This announcement also informs the public of the revised commercial quotas for North Carolina and Massachusetts.

**DATES:** Effective September 28, 2016, through December 31, 2016.

**FOR FURTHER INFORMATION CONTACT:** Reid Lichwell, Fishery Management Specialist, (978) 281-9112.

**SUPPLEMENTARY INFORMATION:** Regulations governing the Atlantic bluefish fishery are found in 50 CFR 648.160 through 648.167. The regulations require annual specification of a commercial quota that is apportioned among the coastal states from Maine through Florida. The process to set the annual commercial quota and the percent allocated

to each state are described in § 648.162.

The final rule implementing Amendment 1 to the Bluefish Fishery Management Plan published in the **Federal Register** on July 26, 2000 (65 FR 45844), and provided a mechanism for transferring bluefish quota from one state to another. Two or more states, under mutual agreement and with the concurrence of the Administrator, Greater Atlantic Region, NMFS (Regional Administrator), can request approval of a transfer of bluefish commercial quota under § 648.162(e)(1)(i) through (iii). The Regional Administrator must first approve any such transfer based on the criteria in § 648.162(e).

North Carolina and Massachusetts have requested the transfer of 75,000 lb (34,019 kg) of bluefish commercial quota from North Carolina to Massachusetts. Both states have certified that the transfer meets all pertinent state requirements. This quota transfer was requested by Massachusetts to ensure that its 2016 quota would not be exceeded. The Regional Administrator has approved this quota transfer based on his determination that the criteria set forth in § 648.162(e)(1)(i) through (iii) have been met. The revised bluefish quotas for calendar year 2016 are: North Carolina, 1,391,100 lb (630,992 kg); and Massachusetts, 553,096 lb (250,880 kg). These quota adjustments revise the quotas specified in the final rule implementing the 2016-2018 Atlantic Bluefish Specifications published on August 4, 2016 (81 FR 51370), and reflect all subsequent commercial bluefish quota transfers completed to date.
