## **SUPPLEMENTARY INFORMATION**

### **I. Background**

The Minority Business Development Agency's (MBDA) Office of Legislative and Intergovernmental Affairs (OLEIA) serves as the focal point for consultation with Tribal governments and Tribal organizations on policy, regulatory and legislative issues that will have a direct impact on American Indian and Alaska Native (AIAN) communities. The tribal consultations will be conducted in conjunction with the MBDA's Office of Business Development (OBD) which designs and manages the business development services available to Native American entrepreneurs and tribally-owned businesses. Outreach and business development support specific to the AIAN populations is one part of the overall efforts of MBDA to ensure all programs and services of the Agency are available to members of the tribal communities.

MBDA is the only Federal agency created specifically to foster the establishment and growth of minority business enterprises (MBEs). MBDA actively promotes the strategic growth and expansion of MBEs by offering management and technical assistance through a nationwide network of business centers. All MBDA Business Centers serve businesses owned or controlled

by persons or groups of persons from the following groups: American Indians and Native Americans (including Alaska Natives, Alaska Native Corporations, Tribal entities, Tribal universities and Tribal governments), African Americans, Asian Indian Americans, Asian and Pacific Islander Americans, Hasidic Jewish Americans, and Hispanic Americans. MBDA target clients are businesses with \$1.0 million or more in revenues.

The MBDA Business Centers provide services that include, but are not limited to, initial consultations and assessments, business technical assistance, and access to federal and non-federal procurement and financing opportunities. Specific performance requirements and metrics are used by MBDA to evaluate each business center and are a key component of the MBDA's business development programs.

During fiscal year 2016, MBDA provided dedicated outreach to the AIAN population through the operation of six MBDA Business Centers - AIAN in the following locations: Fresno, California; Santa Fe, New Mexico; Tulsa, Oklahoma; Bismarck, North Dakota; Anchorage, Alaska; and Bridgeport, Connecticut. For more details about the current goals and objectives of the MBDA Business Centers – AIAN, please see the Federal Funding Opportunity notice that was issued in 2012 at <http://www.mbda.gov/tribalconsult>.

Funding for the current MBDA Business Center -AIAN program will expire in August 2017.

MBDA expects to renew its investment in Indian Country and has designed the tribal consultations to allow tribal governments and organizations an opportunity to provide information on how to better provide business development services and programs. The locations and approximate dates, and times of the meetings are provided below in Supplementary Information. The specific dates and times will be posted on MBDA's website at <http://www.mbda.gov/tribalconsult>. The meetings are open to members of federally recognized

tribes. In consideration of tribal leaders who are not able to attend a tribal consultation meeting, MBDA is also accepting written comments based on the questions listed below.

## II. Tribal Consultation Meetings

Tribal consultation sessions are tentatively scheduled in association with the following events:

	<b>Date</b>	<b>Location</b>	<b>Event</b>
1.	Nov 1-3, 2016	Tulsa, Oklahoma	Native American Contractors Association – Annual B2B Conference & Marketplace
