## **A. Program Description**

Drinking water systems are basic and vital to both health and economic development. With dependable water facilities, rural communities can attract families and businesses that will invest in the community and improve the quality of life for all residents. Without dependable water facilities, the communities cannot sustain economic development.

RUS provides financial and technical assistance to help communities bring safe drinking water and sanitary, environmentally sound waste disposal facilities to rural Americans. It supports the sound development of rural communities and the growth of our economy without endangering the environment.

The Revolving Fund Program (RFP) was established under 7 U.S.C. part 1783 to assist communities with water or wastewater systems. Qualified private, non-profit organizations, who are selected for funding, will receive RFP grant funds to establish a lending program for eligible entities. Eligible entities for the revolving loan fund will be those entities eligible under 7 U.S.C.1926(a)(1) and (2) to obtain a loan, loan guarantee, or grant from the Water and Waste Disposal loan and grant programs administered by RUS. As grant recipients, the non-profit organizations will set up a revolving loan fund to provide loans to finance predevelopment costs of water or wastewater projects, or short-term small capital projects not part of the regular operation and maintenance of current water and wastewater systems. The amount of financing to an eligible entity shall not exceed \$100,000.00 and shall be repaid in a term not to exceed 10 years. The rate shall be determined in the approved grant work plan.

#### **E. Application Review Information**

Within 30 days of receiving your application, RUS will send you a letter of acknowledgment.

Your application will be reviewed for completeness to determine if you included all of the items required. If your application is incomplete or ineligible, RUS will return it to you with an explanation. A review team, composed of at least two RUS staff members, will evaluate all applications and proposals. They will make overall recommendations based on factors such as eligibility, application completeness, and conformity to application requirements. They will score the applications based on criteria in the following section.

1. Criteria. All applications that are complete and eligible will be ranked competitively based on the following scoring criteria:

a. Degree of expertise and successful experience in making and servicing commercial loans, with a successful record, for the following number of full years:

- i. At least 1 but less than 3 years – 5 points.
- ii. At least 3 but less than 5 years – 10 points.
- iii. At least 5 but less than 10 years – 20 points.
- iv. 10 or more years – 30 points.

b. Extent to which the work plan demonstrates a well thought out, comprehensive approach to accomplishing the objectives of this part, clearly defines who will be served by the project, clearly articulates the problem/issues to be addressed, identifies the service area to be covered by the RFP loans and appears likely to be sustainable; Up to 40 points.

c. Percentage of applicant contributions. Points allowed under this paragraph will be based on written evidence of the availability of funds from sources other than the proceeds of an RFP grant to pay part of the cost of a loan recipient's project. In-kind contributions will not be considered. Funds from other sources as a percentage of the RFP grant and points corresponding to such percentages are as follows:

- i. Less than 20 percent - ineligible.
- ii. At least 20 percent but less than 50 percent - 10 points.

iii. 50 percent or more – 20 points.

d. Extent to which the goals and objectives are clearly defined, tied to the work plan, and are measurable; Up to 15 points.

e. Lowest ratio of projected administrative expenses to loans advanced; Up to 10 points.

f. The evaluation methods for considering loan applications and making RFP loans are specific to the program, clearly defined, measurable, and are consistent with program outcomes; Up to 20 points.

g. Administrator's discretion points up to 10 points may be awarded.

To the maximum extent possible, there should be an emphasis on high poverty areas in rural communities and rural areas with the lowest incomes, particularly those areas where at least 45 percent of children qualify for the National School Lunch Program.

Factors include:

i. Directs loans to the smallest communities with the lowest incomes emphasizing areas where according to the American Community Survey data by census tracts show that at least 20 percent of the population is living in poverty.

ii. Directs loans to areas which lack running water, flush toilets, and modern sewage disposal systems, and areas which have open sewers and high rates of disease caused by poor sanitation, in particular, colonias or Substantially Underserved Trust Areas.

iii. Directs loans that emphasize energy and water efficient components to reduce costs and increase sustainability of rural systems.

## 2. Review and Selection Process.

RUS will rank all qualifying applications by their final score. Applications will be selected for funding, based on the highest scores and the availability of funding for RFP grants. Each applicant will be notified in writing of the score its application receives.

a. In making its decision about your application, RUS may determine that your application is:

- i. Eligible and selected for funding,
- ii. Eligible but offered fewer funds than requested,
- iii. Eligible but not selected for funding, or
- iv. Ineligible for the grant.

c. In accordance with 7 CFR part 1900, subpart B, you generally have the right to appeal adverse decisions. Some adverse decisions cannot be appealed. For example, if you are denied RUS funding due to a lack of funds available for the grant program, this decision cannot be appealed. However, you may make a request to the National Appeals Division (NAD) to review the accuracy of our finding that the decision cannot be appealed. The appeal must be in writing and filed at the appropriate regional office, which can be found at [www.nad.usda.gov](http://www.nad.usda.gov) or by calling (703) 305-1166.

## **F. Federal Award Administration Information**

### 1. Federal Award Notices.

RUS generally notifies by mail applicants whose projects are selected for awards. However, the receipt of an award letter does not serve to authorize the applicant to commence performance under the award. RUS follows the award letter with an agreement containing terms and conditions for the grant. Applicants selected for funding will complete and return grant agreement, which outlines the terms and conditions of the grant award.

### 2. Administrative and National Policy Requirements.

The items listed in Section D of this notice, the RFP program regulation and departmental and other regulations including 2 CFR parts 180, 182, 200, 400, 421 and any successor regulations implement the appropriate administrative and national policy requirements, which include but are not limited to:

- a. SF-270, "Request for Advance or Reimbursement," will be completed by the Non-Federal Entity and submitted to either the state or national office no more frequently than monthly.
- b. Upon receipt of a properly completed SF-270, the funds will be requested through the field office terminal system. Ordinarily, payment will be made within 30 days after receipt of a proper request for reimbursement.
- c. Non-Federal Entities may use women- and minority-owned banks (a bank which is owned at least 50 percent by women or minority group members) for the deposit and disbursement of funds.

### 3. Reporting.

a. Any change in the scope of the project, budget adjustments of more than 10 percent of the total budget, or any other significant change in the project must be reported to and approved by the approval official by written amendment to the grant agreement. Any change not approved may be cause for termination of the grant.

b. Non-Federal Entities shall constantly monitor performance to ensure that time schedules are being met, projected work by time periods is being accomplished, and other performance objectives are being achieved. The Non-Federal Entity will provide project reports as follows:

i. SF-425, "Financial Status Report (short form)," and a project performance activity report will be required of all Non-Federal Entities on a quarterly basis, due 30 days after the end of each quarter.

ii. A final project performance report will be required with the last SF-425 due 90 days after the end of the last quarter in which the project is completed. The final report may serve as the last quarterly report.

iii. All multi-State Non-Federal Entities are to submit an original of each report to the National Office. Non-Federal Entities serving only one State are to submit an original of each report to the State Office. The project performance reports should detail, preferably in a narrative format, activities that have transpired for the specific time period.

c. Financial reporting. The Non-Federal Entity will provide an audit report or financial statements as follows:

i. Non-Federal Entities expending \$750,000 or more Federal funds per fiscal year will submit an audit conducted in accordance with 2 CFR part 200. The audit will be submitted within nine months after the Non-Federal Entity's fiscal year. Additional audits may be required if the project period covers more than one fiscal year.

ii. Non-Federal Entities expending less than \$750,000 will provide annual financial statements covering the grant period, consisting of the organization's statement of income and expense and balance sheet signed by an appropriate official of the organization. Financial statements will be submitted within 90 days after the Non-Federal Entity's fiscal year.

iii. Recipient and Subrecipient Reporting. The applicant must have the necessary processes and systems in place to comply with the reporting requirements for first-tier sub-awards and executive compensation under the Federal Funding Accountability and Transparency Act of 2006 in the event the applicant receives funding unless such applicant is exempt from such reporting requirements pursuant to 2 CFR part 170, §170.110(b). The reporting requirements under the Transparency Act pursuant to 2 CFR part 170 are as follows:

(1) First Tier Sub-Awards of \$25,000 or more in non-Recovery Act funds (unless they are exempt under 2 CFR part 170) must be reported by the Recipient to <http://www.fsrs.gov> no later than the end of the month following the month the obligation was made.

(2) The Total Compensation of the Recipient's Executives (five most highly compensated executives) must be reported by the Recipient (if the Recipient meets the criteria under 2 CFR part 170) to <https://www.sam.gov/portal/SAM/#1> by the end of the month following the month in which the award was made.

(3) The Total Compensation of the Subrecipient's Executives (five most highly compensated executives) must be reported by the Subrecipient (if the Subrecipient meets the criteria under 2 CFR part 170) to the Recipient by the end of the month following the month in which the subaward was made.
