CMS-10265 Mandatory Insurer Reporting Requirements of Section 111 of the Medicare, Medicaid and SCHIP Act of 2007

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the Federal Register concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. Type of Information Collection Request: Extension of a currently approved collection; Title of Information Collection: Mandatory Insurer Reporting Requirements of Section 111 of the Medicare, Medicaid and SCHIP Act of 2007; Use: The CMS is responsible for oversight and implementation of the MSP provisions as part of its overall authority for the Medicare program. The CMS accomplishes this through a combination of direct CMS action and work by CMS' contractors. The CMS efforts include policy and operational guidelines, including regulations (as necessary), as well as oversight over contractor MSP responsibilities. As a result of litigation in the mid-1990's, certain GHP insurers were mandated to report coverage information for a number of years. Subsequent to this litigation related mandatory reporting, CMS instituted a Voluntary Data Sharing Agreement (VDSA) effort which expanded the scope of the GHP participants and added some NGHP participants. This VDSA process complemented the IRS/SSA/CMS Data Match reporting by

employers, but clearly did not include the universe of primary payers and had few NGHP participants. Both GHP and NGHP entities have had and continue to have the responsibility for determining when they are primary to Medicare and to pay appropriately, even without the mandatory Section 111 process. In order to make this determination, they should already and always be collecting most of the information CMS will require in connection with Section 111 of the MMSEA. Section 111 establishes separate mandatory reporting requirements for GHP arrangements as well as for liability insurance (including self-insurance), no-fault insurance, and workers' compensation, these may collectively be referred to as "Non-GHP or NGHP." Form Number: CMS-10265 (OMB control number: 0938-1074); Frequency: Yearly, Quarterly; Affected Public: Private Sector (Business or other for-profits); Number of Respondents: 19,248; Total Annual Responses: 5,019,248; Total Annual Hours: 557,826. (For policy questions regarding this collection contact John Albert at 410-786-7457.)
