k. Description of Request: FirstLight Hydro Generating Company is requesting permission to issue a permit to reconfigure existing docks at the O&M Enterprises Chatterton Marina, located in Fairfield County, Connecticut. The permit would authorize the Chatterton Marina to reduce the three existing docks to two while maintaining docks to accommodate 75-watercraft. One of the docks would be relocated approximately 20 feet westward and be reconfigured to have slips on both sides, increasing its capacity to 36-watercraft. The filings include a request and a detailed justification for a waiver from the Shoreline Management Plans 50-foot-wide shoreline buffer zone requirement, which requires abutting landowners who occupy project lands to install a 50-foot-wide shoreline vegetative buffer zone when, among other things, there is a request for reconfiguration of an existing structure or the installation of a new structure.

Locations of the Application: A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE, Room 2A, Washington, DC 20426, or by calling (202) 502-8371.
