Changes Since the Preliminary Results

In these final results of review, we made the following changes from the Preliminary Results:

- We used only the financial statements of Surya Global Steel Tubes Limited (Surya) to calculate surrogate financial ratios, rather than the average of the ratios obtained from the financial statements of Surya and APL Apollo Tubes Limited. See Comment 1 of the Issues and Decision Memorandum.

- We valued export and import brokerage and handling (B&H) using data obtained from Doing Business 2016: India, rather than Doing Business 2014: India. See Comment 2 of the Issues and Decision Memorandum.

- We did not include a surrogate value for B&H incurred on imports of raw materials from non-market economy countries. See Comment 2 of the Issues and Decision Memorandum.

- We valued the costs of inland insurance using a surrogate value. See Comment 4 of the Issues and Decision Memorandum.

Final Results of Review

The Department determines that the following weighted-average dumping margin exists for the period February 25, 2014 through August 31, 2015:

Disclosure

The Department intends to disclose the calculations performed for these final results of review within five days of the date of publication of this notice in the *Federal Register*, in accordance with 19 CFR 351.224(b).

Assessment

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department will determine, and Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this administrative review in the *Federal Register*.

Consistent with the Department’s assessment practice in non-market economy (NME) cases, for entries that were not reported in the U.S. sales database submitted by companies individually examined during the administrative review, the Department will instruct CBP to liquidate such entries at the Vietnam-wide rate. Additionally, if the Department determines that an exporter under review had no shipments of subject merchandise, any suspended entries that entered under the exporter’s case number (*i.e.*, at that exporter’s rate) will be liquidated at the Vietnam-wide rate.\(^{10}\)

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from Vietnam entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) for SeAH, the cash deposit rate will be zero; (2) for previously investigated or reviewed Vietnamese and non-Vietnamese exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the exporter-specific rate published for the most-recently completed segment of this proceeding in which the exporter was reviewed; (3) for all Vietnamese exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be that established for the Vietnam-wide entity, which is 111.47 percent; and (4) for all non-Vietnamese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Vietnamese exporter that supplied that non-Vietnamese exporter with the subject merchandise. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties Regarding Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h) (1).
