B. Submitting Comments

The NRC cautions you not to include identifying or contact information that you do not want to be publicly disclosed in your comment submission. The NRC posts all comment submissions at <http://www.regulations.gov> as well as entering the comment submissions into ADAMS. The NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the OMB, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment submissions into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

1. *The title of the information collection:* 10 CFR part 70, "Domestic Licensing of Special Nuclear Material."
2. *OMB approval number:* 3150-0009.
3. *Type of submission:* Extension.
4. *The form number, if applicable:* Not applicable.
5. *How often the collection is required or requested:* Required reports are collected and evaluated on a continuing basis as events occur. Applications for new licenses and amendments may be submitted at any time. Generally, renewal applications are submitted every 10 years, although the Commission has allowed longer periods for major fuel cycle facilities, updates of the Integrated Safety Analysis are submitted annually.
6. *Who will be required or asked to respond:* Applicants for and holders of specific and General Licenses NRC licenses to receive title to, own, acquire, deliver, receive, possess, use, or initially transfer special nuclear material.
7. *The estimated number of annual responses:* 1,620.
8. *The estimated number of annual respondents:* 606.
9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 89,222 hours (81,781 hours reporting + 7,371 hours recordkeeping + 70 hours third-party disclosure).
10. *Abstract:* Part 70 of title 10 of the *Code of Federal Regulations* (10 CFR), establishes requirements for licensees to own, acquire, receive, possess, use, and transfer special nuclear material. The information in the applications, reports, and records is used by the

NRC to make licensing and or regulatory determinations concerning the use of special nuclear material.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the estimate of the burden of the information collection accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated at Rockville, Maryland, this 25th day of May, 2017.

For the Nuclear Regulatory Commission.

David Cullison,

NRC Clearance Officer,

Office of the Chief Information Officer.
